Warrant for the Annual Town Meeting

MONDAY, MARCH 14, 1921

COMMONWEALTH OF MASSACHUSETTS

NORFOLK, SS. To either of the Constables of the Town of Needham, in said County, GREETING:

In the name of the Commonwealth of Massachusetts, you are hereby required to notify and warn the inhabitants of the Town of Needham, qualified to vote in elections and in town affairs, to meet at the Town Hall, in said town on

Monday, the Fourteenth Day of March

at forty-five minutes past five o'clock, in the forenoon, then and there to act on the following article, viz:

Article 1. To choose by ballot the following Town Officers: One Moderator for one year, one Town Clerk for one year, three Selectmen for one year, one Overseer of the Poor for three years, one Assessor for three years, one Town Treasurer for one year, one Collector of Taxes for one year, two Constables for one year, two members the of School Committee for three years, one Water Commissioner for three years, two Trustees of the Public Library for three years, one Park Commissioner for three years, one Tree Warden for one year, one Memorial Park Trustee for one year, one Memorial Park Trustee for two years, one Memorial Park Trustee for three years, three members of the Finance Committee for three years, and upon the same ballot to vote "yes" or "no" upon the question, "Shall licenses be granted for the sale of certain non-intoxicating beverages in this town?"

And on Monday, the Twenty-first day of March

at seven o'clock in the afternoon, then and there to act on the following articles, viz:

Article 2. To choose and appoint all other necessary Town Officers, in such manner as the town may determine.

Article 3. To hear and act on the reports of Town Officers and Committees.

Article 4. To see what action the Town will take relative to unexpended balnces and deficiences for the year 1920.

Article 5. To see what disposition the Town will make of the money received from dog licenses.

Article 6. To see what sums of money the Town will appropriate for the necessary town charges and expenses.

Article 7. To see if the Town will authorize the Treasurer, with the approval of the selectmen, to borrow money, in anticipation of revenue of the current financial year.

Article 8. To see what action the Town will take relative to the salaries of Town Officers.

Article 9. To see in what manner the Town will have its taxes collected, and fix the compensation therefor for the current year.

Article 10. To see what sum of money the Town will appropriate for the extension of the water mains, water plant and property, and for any other necessary expenses and liabilities incurred, under the provisions of Chapter 107 of the Acts of 1888 and any acts in amendment or addition thereto, or pass any vote or votes relative thereto.

Article 11. To see if the Town will accept the relocation of Webster street from Hillside Avenue to the railroad, as laid out by the Selectmen, according to a plan on file with the Town Clerk.

Article 12. To see if the Town will appropriate the sum of $1200 for the construction of Webster street as relocated.

Article 13. To see if the Town will accept the relocation of Webster street from Highland Avenue to the railroad, as laid out by the Selectmen, according to a plan on file with the Town Clerk.

Article 14. To see if the Town will accept Otis street from Webster street to Manning street, as laid out by the Selectmen, under the provisions of Chapter 50 of the Revised Laws, according to a plan on file with the Town Clerk.

Article 15. To see if the Town will appropriate the sum of $2300 for the construction of Otis street under the provisions of Chapter 50 of the Revised Laws, on petition of I. C. Judkins and others.

Article 16. To see if the Town will accept Hillcrest Road from Great Plain Avenue to the end of W. W. Wendling's lot, as laid out by the Selectmen, under the provisions of Chapter 50 of the Revised Laws, according to a plan on file with the Town Clerk, on petition of Everard W. Pinkham and others.

Article 17. To see if the Town will appropriate the sum of $5700 for the construction of Hillcrest Road, under the provisions of Chapter 50 of the Revised Laws, on petition of Everard W. Pinkham and others.

Article 18. To see if the Town will accept Kingsbury street from Webster street to Pickering street, as laid out by the Selectmen, under the provisions of Chapter 50 of the Revised Laws according to a plan on file with the Town Clerk, on petition of Arthur W. Rohn and others.

Article 19. To see if the Town will appropriate the sum of $5000 for the construction of Kingsbury street, under the provisions of Chapter 50 of the Revised Laws, on petition of Arthur W. Rohn and others.

Article 20. To see what sum of money the Town will appropriate for the building of a drain from Kingsbury street, under the provisions of Chapter 50 of the Revised Laws.

Article 21. To see if the Town will accept Walnut street, from Marked Tree Road to Linden street, under the provisions of Chapter 50 of the Revised Laws, and amendments thereto, in accordance with survey made by the Selectmen, and plan on file with the Town Clerk, on petition of Ralph Martin and others.

Article 22. To see if the Town will appropriate the sum of $900 for the construction of Walnut street.

Article 23. To see if the Town will appropriate the sum of $1500 for the building of a section of Central Avenue, provided the County will appropriate an equal amount.

Article 24. To see if the Town will vote to construct a granolithic sidewalk, six feet more or less in width, under the provisions of the betterment act, on the Westerly side of Warren street, from Cottage street to Dedham Avenue, and appropriate money for such construction, on the petition of Daniel L. Smith and others.

Article 25. To see if the Town will appropriate money for the completion of High Rock street in accordance with the decree of the County Commissioners.

Article 26. To see if the Town will appropriate money for the construction of a sidewalk on Highland Avenue from Webster street to the Newton Line.

Article 27. To see if the Town will appropriate money for the purchase of the "Kingsbury Ledge" and fifteen acres of land adjacent thereto.

Article 28. To see if the Town will instruct the Selectmen to install a street light on Highland Terrace, on petition of the residents of that street.

Article 29. To see if the Town will instruct the Selectmen to install one or more street lights on Powers street, on petition of L. R. Sears.

Article 30. To see if the Town will accept and allow the taking by eminent domain proceedings, of land of Charles Johnston, in accordance with the boundaries and measurements of the same as filed in the office of the Town Clerk, for the purpose of a Town-way and appropriate money for the acquisition thereof; said taking to be made under General Acts of 1917, Chapter 344, on petition of T. J. Crossman Jr. and others.

Article 31. To see if the town will vote to issue bonds to an amount not exceeding $125,000 pursuant to the Act of 1921, Chapter 26, for constructing a Grammar School Building and

for the purpose of original equipment and furnishings for the said building, and to take any other action relating to said bonds.

Article 32. To see if the Town will vote to issue bonds to an amount not exceeding $45,000 under the General Laws, Chapter 44 for the purpose of constructing a Grammar School Building, and for the purpose of original equipment and furnishings for the said building and to take any other action relating to the said bonds.

Article 33. To see if the Town will vote to authorize the School Committee to establish and maintain State-aided vocational education, in accordance with the provisions of Chapter 471 of the Acts of 1911 and Acts mandatory thereto, or dependent thereon, and further authorize the School Committee to expend a sum not exceeding $400 for the purpose, on petition of the School Committee.

Article 34. To see if the Town will instruct the School Committee to re-establish the school in the building known as the Parker School house at Charles River and at present unoccupied, or pass any vote or votes relative thereto.

Article 35. To see if the Town will vote to purchase a motor-driven ladder truck for the Fire Department, and appropriate money for the same or pass any vote or votes relative thereto, on petition of the Fire Department Engineers.

Article 36. To see if the Town will appropriate money for the installation of a new switch board in connection with the Fire Alarm System.

Article 37. To see if the Town will appropriate money to lay a water main in Greendale Avenue from the house of Mr. Klauer to M. J. Kingsbury's, a distance of 1200 feet, or pass any vote or votes relative thereto, on petition of the Chief of the Fire Department.

Article 38. To see if the Town will appropriate the sum of $500 to defray the expense of Band Concerts during the coming Summer, on petition of William H. Wye and others.

Article 39. To see if the Town will appropriate money for the rent of rooms for the American Legion as provided by

Section 9, Chapter 40 of the General Laws, or pass any vote or votes relative thereto, on petition of Commander Walter K. Queen and others.

Article 40. To see if the Town will vote to have the reports of its officers, the proceedings of this and subsequent Town Meetings, and the Valuation List of the Assessors, printed and distributed, or pass any vote or votes relative thereto.

Article 41. To see if the Town will vote to appoint a Committee of seven, to make a full investigation regarding sewerage disposal for Needham, and to make recommendations when the Town should establish such a sewerage system, and the kind of system to be established, and to report not later than March 1923, on petition of the Needham Board of Trade, David Murdoch, President.

Article 42. To see if the Town will vote to appoint a Committee of five to consider the advisibility of establishing a Town Planning Board and to report not later than the next Annual Town Meeting or take any vote or votes relative thereto, on petition of William H. Carter and others.

Article 43. To see if the Town will vote to accept Section 30 of Chapter 591 of the Acts of the Legislature of 1920, and pass any votes relative thereto, on petition of the Finance Committee.

And you are directed to serve this warrant by posting attested copies thereof in not less than twenty public places in said town, at least seven days before said meeting, and to leave a copy at each of the several dwelling houses within the Town.

Hereof fail not and make due return of this warrant with your doings thereon, unto our Town Clerk, on or before said day and hour.

Given under our hands at Needham aforesaid, this twenty-third day of February, A. D. 1921.

FRANK W. GORSE,
ALLSTON R. BOWERS,
G. WALDO CRAWLEY,
Selectmen of Needham.

OFFICER'S RETURN

NORFOLK, SS.

Needham, Mass., March 14, 1921.

By virtue of this warrant, I have this day notified and warned the inhabitants of the town of Needham, to meet as within directed, by posting true and attested copies of this warrant in not less than twenty public places in said town more than seven days before the time of holding said meeting, and by leaving a copy at each of the several dwelling-houses, as within directed.

G. GILBERT TOONE,
Constable of Needham.

A true copy of warrant and officer's return.

Attest:
THOMAS SUTTON,
Town Clerk.

Record of the Annual Town Meeting

FOR THE ELECTION OF TOWN OFFICERS
MARCH 14, 1921

Pursuant to the foregoing warrant a meeting of the inhabitants of the town of Needham, qualified to vote in elections and in town affairs, was held in the town hall in said town, on Monday, March 14 A. D. 1921 at forty-five minutes past five o'clock in the forenoon.

The meeting was called to order by the moderator.

Voted to omit reading the articles in the warrant.

The town clerk read the return of the officer who notified and warned the inhabitants.

Article 1. Voted to proceed to ballot for the following town officers, viz.:—One Moderator for one year, one Town Clerk for one year, three Selectmen for one year, one Overseer of the Poor for three years, one Assessor for three years, one Town Treasurer for one year, one Collector of Taxes for one year, two Constables for one year, two members of the School Committee for three years, one Water Commissioner for three years, two Trustees of the Public Library for three years, one Park Commissioner for three years, one Tree Warden for one year, one Memorial Park Trustee for one year, one Memorial Park Trustee for two years, one Memorial Park Trustee for three years, three members of the Finance Committee for three years, and upon the same ballot to vote "yes" or "no" upon the question, "Shall licenses be granted for the sale of certain non-intoxicating beverages in this town?"

Pursuant to section 21 of chapter 54 of the General Laws, the Selectmen having appointed William C. Payne, William A. Parker, Joseph P. Wright, Robert A. Pidgeon, Jeremiah F. Buckley, John F. Kenney, Robert Schulze and Mary E. Fitzgerald, they were sworn to the faithful discharge of their duties by the Moderator.

The ballots prepared for use at this election by the Town Clerk were then delivered by him to the ballot clerks and their receipt taken therefor.

Cards of instructions and specimen ballots were then posted as required by section 48 of chapter 54 of the General Laws.

The ballot box was publicly opened by the moderator and shown to be empty. The box was then locked and the key delivered to G. Gilbert Toone, the officer in attendance.

The polls were opened at fifty minutes past five o'clock in the forenoon, and were kept open until eight o'clock in the afternoon.

Additional tellers were appointed by the Moderator as required by section 48 of chapter 54 of the General Laws, as follows: Joseph T. Corrigan, James F. Fitzgerald, Frank E. Godfrey, Clarence R. Keith, Margaret O. Chase, Susie Whit-

ney, Alfred Parker, Lillian H. Totman, Chester R. Mills, Josephine N. Pidgeon, Beatrice H. Dodge, James F. Ryan, Winthrop M. Southworth, Annette L. Freeman, Minnie M. Fisher, Edith L. Kennedy, R. Cleveland Elliott and Philip A. Rand, and they were severally sworn by the Town Clerk.

As the ballots were taken from the box they were audibly counted by the Moderator, the whole number being 1,957. The whole number cast by men voters was 1,146; the whole number cast by women voters was 811.

A canvass of all the votes given was made as required by law.

Upon the completion of the canvass of all votes cast, the result of the voting was declared by the Moderator to be as follows, viz.:

FOR MODERATOR

William G. Moseley, 34 Dedham avenue	1,595
Blanks	362

and William G. Moseley was declared elected Moderator for one year and sworn by the Town Clerk.

and Robert H. Gardiner, Jr. Harry J. Robinson and Edgar S. Stanley were declared elected Finance Committee for three years.

Upon the question, "Shall Licenses be granted for the Sale of certain Non-Intoxicating Beverages in this Town?" the result was as follows, viz.:

Yes	557
No	1,087
Blanks	313

After the result of the voting had been declared, the ballots cast, the undistributed ballots, and also the check lists were sealed up, endorsed by the election officers and placed in the custody of the Town Clerk.

Attest:

THOMAS SUTTON,

Town Clerk.

Annual Town Meeting

FOR THE TRANSACTION OF BUSINESS

MARCH 21, 1921

Pursuant to the foregoing warrant, the inhabitants of the town of Needham qualified to vote in town affairs, met in the town hall in said town, on Monday, March 21, 1921, at seven o'clock in the afternoon.

Anticipating an unusually large attendance at this, the first town meeting in Needham at which women voted on appropriations, the check list was used for the admission of voters to the hall. The number checked was as follows: women 146, men 425, total 571.

William G. Moseley, Moderator, in the chair.

Article 2. Under this article the following town officers were elected:

Highway Surveyors and Town Agents—Frank W. Gorse, G. Waldo Crawley, Harry L. Thompson.

Surveyors of Lumber—Alfred Parker, Howard A. Flewelling.

Measurers of Wood and Bark—James H. Whetton, Joseph Willett, Armand J. Mathey.

Public Weighers—Joseph Willett, James H. Whetton, Armand J. Mathey, Arthur H. Whetton, Isaac Warren, John R. Nichols, Alexander McKay, Nellie Burkett, Bertha E. Coburn.

Article 3. Voted that the report of the Finance Committee be accepted and placed on file.

The following resolution presented by the Town Clerk was passed unanimously as a tribute to two citizens, recently deceased, who have attended town meetings for over fifty years:

Edgar Howard Bowers

Born in Framingham, Massachusetts
May 23, 1837

Died in Needham, January 15, 1921

Moderator, Selectman, Registrar of Voters
Associate County Commissioner
Finance Committee

Resolved, That we citizens of the Town of Needham in Town Meeting assembled, acknowledge our indebtedness to the late Edgar H. Bowers and William Gorse for the efficient service rendered by them in public and private affairs, whereby our town was the gainer, and that we spread upon the records of the town our appreciation of the sterling qualities that made the lives of these two citizens an example of energy, integrity and usefulness.

William Gorse

Born in England, May 26, 1841
Died in Needham, January 18, 1921
Selectman, Trustee of Public Library
Finance Committee

Article 4. Voted, that the sum of five hundred and ninety-five dollars and sixty cents be taken from the overlay of 1918 and fifteen hundred and four dollars and forty cents from the overlay of 1919 to pay the appropriations of twenty-one hundred dollars voted at the town meeting held October 28, 1919.

Voted, that all unexpended balances of 1920 appropriations be returned to the treasury except the following, which are to be continued: High Rock street, Greenwood avenue, Marked Tree road culvert and waterway, Mayo avenue, Highland avenue drain, and Transportation Committee.

Voted, that the sum of twelve thousand dollars ($12,000) be appropriated to pay deficiencies including overdraft and unpaid bills of 1920.

Article 5. Voted, that the money received from dog licenses, five hundred and four dollars and forty-five cents ($504.45) be appropriated for the use of the public library.

Article 6. The following appropriations were made under this article, each item being voted on separately, viz.:

For Selectmen's Department, ten hundred and fifty dollars ($1,050);

For Accounting Department, ten hundred and fifty dollars ($1,050);

For Treasurer's Department, one thousand dollars ($1,000);

For Tax Collector's Department, fourteen hundred dollars ($1,400);

For Assessors' Salaries, twenty-one hundred dollars ($2,100);

For Assessors' Department, incidentals, seven hundred and eighty-five dollars ($785);

For Finance Committee, one hundred and fifty dollars ($150);

For Town Clerk's Department, six hundred and seventy-five dollars ($675);

For election expenses, one thousand dollars ($1,000);

For care and maintenance of town hall and grounds, thirty-nine hundred dollars ($3,900);

For Police Department, ninety-eight hundred dollars ($9,800);

For Fire Department, engineers' salaries, two hundred dollars ($200);

For salaries of the Fire Department, eleven thousand and forty-two dollars ($11,042);

For Fire Department maintenance, twenty-nine hundred and fifty-eight dollars ($2,958).

Voted, that the sum of one thousand and fifty dollars ($1,050) be appropriated for fire alarm maintenance.

Voted, that the sum of three thousand dollars ($3,000) be appropriated for the Board of Health.

Voted, that the sum of one thousand dollars ($1,000) be appropriated for inspections.

Voted, that the sum of thirty thousand dollars ($30,000) be appropriated for Highway Department.

Voted, that the sum of fifty-five hundred dollars ($5,500) be appropriated for repairs and construction of sidewalks.

Voted, that the sum of sixteen thousand dollars ($16,000) be appropriated for the Poor Department.

Voted, that the sum of seven hundred dollars ($700) be appropriated for the Park Commissioners.

Voted, that the sum of fifty-two hundred dollars ($5,200) together with the income from the Greenwood and Barr funds, be appropriated for the public library.

Voted, that the sum of fifteen hundred dollars ($1,500) be appropriated for the reserve fund.

Voted, that the sum of seven hundred dollars ($700) be appropriated for Tree Warden Department.

Voted, that the sum of forty-five hundred dollars ($4,500) be appropriated for the suppression of Gypsy and Brown Tail moths on public property.

Voted, that the sum of forty-five hundred dollars ($4,500) be appropriated for the use of the Moth Department in the

suppression of Gypsy and Brown Tail moths on private property.

Voted, that the sum of one hundred and fifty dollars ($150) be appropriated for removal of garbage.

Voted, that the sum of nine thousand three hundred and fifty dollars ($9,350) be appropriated for lighting streets.

Voted, that the sum of twelve hundred dollars ($1,200) be appropriated for soldiers' relief.

Voted, that the sum of five hundred dollars ($500) be appropriated for military aid.

Voted, that the sum of nine hundred dollars ($900) be appropriated for state aid.

Voted, that the sum of one hundred and forty-five dollars ($145) be appropriated for Forest Warden.

Voted, that the sum of three thousand five hundred dollars ($3,500) be appropriated for snow removal.

Voted, that the sum of thirty-eight hundred dollars ($3,800) be appropriated for the payment of insurance premiums.

Voted, that the sum of three hundred dollars ($300) be appropriated for the observance of Memorial Day.

Voted, that the sum of one hundred and fifty-dollars ($150) be appropriated for rent of rooms of G. A. R. post.

Voted, that the sum of twenty-seven hundred dollars ($2,700) be appropriated for printing and distributing town reports, expenses of Dog Officer, certification of town notes, legal expenses and care of soldiers' lot.

Voted, that the sum of five thousand dollars ($5,000) be appropriated for interest on temporary loans.

Voted, that the sum of ten thousand, eight hundred and eighty dollars and fifty cents ($10,880.50) be appropriated for interest on general loans.

Voted, that the sum of twenty-one thousand and nine hundred dollars ($21,900) be appropriated for municipal indebtedness.

Voted, that the sum of four thousand seven hundred and

sixty-five dollars and twenty cents ($4,765.20) be appropriated for the payment of the town's assessment for the maintenance for the year 1920 of the Norfolk County Hospital.

Voted, that the sum of five hundred dollars ($500) be appropriated for the use of the trustees of Memorial Park.

Voted, that the sum of four hundred dollars ($400) be appropriated for tuition for vocational pupils.

Voted, that the sum of one hundred and nine thousand, four hundred and thirty dollars ($109,430) and the income from the Dwight School Fund be appropriated for the School Department.

Voted, that the sum of seventeen hundred and seventy-five dollars ($1,775) be appropriated to purchase and install a slate switch board with all modern appliances and motor generator set in connection with the fire alarm system, the same to be located in the basement of the town hall.

Voted, that the Water Commissioners be instructed to pay the Town Accountant three hundred and fifty dollars for keeping of the accounts of the Water Department for the year 1921, the same to be paid out of the revenue of the Water Department.

Voted, that the sum of ninety-nine dollars and ninety-nine cents ($99.99) be appropriated for material for markers for the hydrants.

Voted, that the sum of ninety-nine dollars ($99) be appropriated for labor to place markers on all hydrants.

Article 7. Voted unanimously that the Town Treasurer, with the approval of the Selectmen, be and hereby is authorized to borrow money from time to time in anticipation of the revenue of the financial year beginning January 1, 1921, and to issue a note or notes therefor payable within one year; any debt or debts incurred under this vote to be paid from the revenue of said financial year.

Article 8. Voted, that the salaries of town officers be the same as in 1920, except that the combined salaries of the Assessors shall not exceed twenty-one hundred dollars,

Article 9. Voted, that all poll and personal property taxes shall be payable on demand, and all other taxes on or before the first day of October. Interest at the rate of 6 per cent per annum shall be charged from October 15th, on all taxes not paid on or before the first day of November. The Collector shall use the means provided by law for the collection of all taxes remaining unpaid after the first day of December.

(The above shall be printed on the tax bills.)

The Collector of Taxes shall have the same power which the Treasurer would have when acting as Collector.

If, in the judgment of the Collector, in consequence of removal, or any other circumstance, any tax should be collected before the first of October, he is fully authorized to serve this warrant in the collection of such tax at any time.

The Collector shall guarantee to collect the full amount of all taxes legally assessed and committed to him for collection (except such sums as may be abated by the Assessors) and shall pay the said taxes together with the accrued interest thereon over to the Town Treasurer from time to time as he collects the same, and shall pay the full amount of all taxes committed to him for collection, together with the accrued interest thereon, except such sums as may be abated, over to the Town Treasurer on or before April 1, 1922, and shall turn over his completed warrant, together with all papers relating to the same, to the Town Clerk not later than July 1, 1922.

The Tax Collector shall receive two-thirds of one per cent of the tax warrant for collection of the taxes for the year 1921, payable monthly as and when same are collected; this compensation shall include all expenses, except payment of bond.

Article 10. Dismissed.

Article 11. Voted, that the town accept the relocation of Webster street from Hillside avenue to the railroad, as laid out by the Selectmen, according to a plan on file with the Town Clerk.

Article 12. Voted, that the sum of twelve hundred dollars ($1,200) be appropriated for the construction of Webster street as relocated.

Article 13. Voted, that the town accept the relocation of Webster street from Highland avenue to the railroad, as laid out by the Selectmen, according to a plan on file with the Town Clerk.

*Article 14. Voted, that the town accept Otis street from Webster street to Manning street as laid out by the Selectmen under the provisions of the betterment act, according to a plan on file with the Town Clerk.

*Article 15. Voted, that the sum of twenty-three hundred dollars be appropriated for the construction of Otis street under the betterment act, as laid out by the Selectmen, according to a plan on file with the Town Clerk.

Article 16. Dismissed.

Article 17. Dismissed.

*Article 18. Voted, that the town accept Kingsbury street from Webster street to Pickering street as laid out by the Selectmen, under the provisions of the betterment act and amendments thereto, according to a plan on file with the Town Clerk.

*Article 19. Voted, that the sum of five thousand dollars ($5,000) be appropriated for the construction of Kingsbury street under the provisions of the betterment act.

*Article 20. Voted, that the sum of three thousand dollars ($3,000) be appropriated for building a drain from Kingsbury street, under the provisions of the betterment act.

Article 30. Voted, that the town approve and accept the taking by eminent domain proceedings under chapter 344 of the General Acts of 1917 the land of Charles Johnson in accordance with boundaries and measurements of the same as filed in the office of the Town Clerk for the purpose of a town way, and that the sum of fourteen hundred dollars ($1,400) be appropriated for the acquisition thereof.

Article 31. Voted, that, for the purpose of constructing a grammar school building and for the purchase of original equipment and furnishings for the said building, the Town Treasurer is authorized to issue and sell pursuant to the Acts of 1921, chapter 26, bonds of the town to the aggregate principal amount of $125,000, such bonds to bear on their face the words "Needham School Loan Act of 1921" and to be payable on the anniversary of their date as follows: $7,000 thereof in each of the years 1922 and 1926 inclusive, and $6,000 thereof in each of the years 1927 to 1941 inclusive. Said bonds shall be signed by the Town Treasurer and countersigned by a majority of the Selectmen and shall bear the seal of the town. They shall bear interest at a rate not exceeding 6 per cent per annum to be fixed by the Treasurer. The bonds hereby authorized are in addition to any other bonds voted for the same purpose at this meeting and are in place of the bonds voted at the town meeting held June 30, 1920.

Article 32. Voted, that, for the purpose of constructing a grammar school building and for the purchase of original equipment and furnishings for the said building, the Town Treasurer is authorized to issue and sell, pursuant to the General Laws, chapter 44, bonds of the town to the aggregate principal amount of $45,000, such bonds to bear on their face the words "Needham School Loan" and to be payable on the anniversary of their date as follows: $3,000 thereof in each of the years 1922 to 1926 inclusive and $2,000 thereof in each of the years 1927 to 1941 inclusive. Said bonds shall be signed by the Town Treasurer and countersigned by a majority of the Selectmen and shall bear the seal of the town. They shall bear interest at a rate not exceeding 6 per cent per annum to be fixed by the Treasurer. The bonds hereby authorized are in addition to any other bonds voted for the same purpose at this meeting and are in place of the bonds voted at the town meeting held June 30, 1920.

Article 42. Voted, that the town appoint a committee of five citizens to be appointed by the Moderator to consider the

advisability of establishing a town planning board, and report not later than at the annual town meeting 1922.

The Moderator appointed Wm. H. Carter, Walter E. Lovering, Peter D. G. Hamilton, James H. Whetton, F. Ernest Thorpe.

Voted, to adjourn for two weeks.

April 4, 1921, at 8 o'clock in the afternoon.

*These articles reconsidered and referred back to the Selectmen or dismissed. See adjourned meeting April 4, 1921.

Attest:

THOMAS SUTTON,

Town Clerk.

Adjourned Annual Town Meeting

APRIL 4, 1921

Pursuant to adjournment, the inhabitants of the town of Needham qualified to vote in town affairs, met in the town hall in said town, on Monday, April 4, 1921, at seven o'clock in the afternoon.

William G. Moseley, Moderator, in the chair.

Article 4. Voted, that hereafter the Town Accountant shall not forward to the Town Treasurer for payment any bill contracted or forwarded to the Accountant for payment by any department after the appropriations made for the use of such department or for a specific purpose are exhausted, except in cases of "extreme emergency involving the health or safety of persons or property."

Article 6. Voted, that the sum of four hundred and fifty dollars ($450) be appropriated for Avery school playground supervision.

Voted, the sum of one hundred dollars ($100) be appropriated for the Finance Committee in addition to the amount voted on March 21st.

Article 14. Vote passed under this article at last meeting reconsidered.

Voted, to refer the subject matter of this article back to the Selectmen.

Article 15. Vote passed under this article at last meeting reconsidered.

Voted, that this article be dismissed.

Article 18. Vote passed under this article at last meeting reconsidered.

Voted, to refer the subject matter of this article back to the Selectmen.

Article 19. Vote passed under this article at the last meeting reconsidered.

Voted, to dismiss this article.

Article 20. Vote passed under this article at the last meeting reconsidered.

Voted to refer the subject matter of this article to the Selectmen.

Article 21. Voted to refer the subject matter of this article to the Selectmen.

Article 22. Dismissed.

Article 23. Voted that the sum of fifteen hundred dollars ($1,500) be appropriated for the building of a section of Central avenue, provided the County Commissioners will appropriate an equal amount therefor.

Article 24. Voted that the subject matter of this article be referred to the Selectmen.

Article 25. Voted, that the sum of five thousand ($5,000) be appropriated for the completion of High Rock street.

Article 26. Voted that the sum of fifteen hundred dollars ($1,500) be appropriated for the construction of a sidewalk on Highland avenue from Webster street to the Newton line.

Article 27. Voted that the town purchase Kingsbury's Ledge and fifteen acres of land adjacent thereto and that the sum of one thousand dollars ($1,000) be appropriated therefor.

Article 28. Voted, that the Selectmen be instructed to install one street light on Highland terrace.

Article 29. Voted that the Selectmen be instructed to install one street light on Powers street.

Article 33. Voted, that the town authorize the School Committee to establish and maintain state aided vocational edu-

cation in accordance with the provisions of chapter 74 of the General Laws (1920) and further authorize the School Committee to expend a sum not exceeding four hundred dollars ($400) for the purpose.

Article 34. Voted, that the School Committee be and hereby is instructed to re-establish, at the beginning of the 1921 fall term, the school in the building at Charles River known as the Parker school house, and that the sum of twenty-five hundred and forty dollars ($2,540) be appropriated for repairs and equipment to said school house, and an additional sum of eight hundred and sixty dollars ($860) be appropriated for the maintenance of said school with two teachers, till December 31, 1921.

Article 35. Voted, that a special committee of three, to consist of the Chief of the Fire Department and one member each of the Board of Selectmen and Finance Committee, be appointed to investigate the advantages to the Fire Department of a motor-driven ladder-truck and report its findings to the town not later than the annual town meeting of 1922.

Article 36. Action taken under article 6.

Article 37. Dismissed.

Article 38. Dismissed.

Article 39. Voted, that the sum of three hundred and sixty dollars ($360) be appropriated for rent of rooms for the American Legion Post, No. 14.

Article 40. Voted, that the Town Clerk cause to be printed official copies of the proceedings of this meeting, one of which he shall send to each officer of the town within two weeks after the final adjournment of this meeting, and shall deliver one copy to any voter or taxpayer in the town who may apply for it, and shall furnish copies of the record of each and every town meeting held during the year for printing, so that they may be bound with the annual report of the town officers.

Article 40. Voted, that the Selectmen shall cause the finan-

cial and other reports of town officers and committees, together with the valuation list of the assessors, to be printed and distributed as soon as possible after January 1, 1922, and that every department, board or committee authorized to expend money, and not prohibited by law, shall forward to the Accountant with every order for payment a full and complete itemized statement showing the service rendered and the amount paid for such service and the names of the persons rendering the service and the amount paid to such person for the same, the names of all persons furnishing materials and supplies of any kind, the quantities furnished and the amount paid for same, and all orders for payment of money shall in addition to the above specifically state to what appropriation and to what particular department or division of a department said items are to be charged, and the School Committee at the close of the year shall furnish the Town Accountant the cost of conducting each school in town, the amount paid each teacher, and the number of weeks service rendered by each teacher, and the quantities bought and price paid for all materials and supplies and from whom bought; and the Town Accountant shall compile such detailed information and under separate heads show the amount of every appropriation made by the town and give in detail the expenditure of such appropriations, to whom paid, the service rendered, the amount paid for such service, the materials furnished, the quantity furnished and the amounts paid for the same, and forward same to the Selectmen for publication in the town report, to the end that the town may have a comprehensive financial statement of the appropriations made and the persons to whom money is paid and the service rendered or materials supplied, and the Selectmen shall furnish for publication under each appropriation the names of all persons upon whose property betterment assessments are laid and the amount of such assessments.

Article 41. Voted, that a committee of seven citizens be appointed to make a full investigation regarding sewerage dis-

posal for Needham, and make recommendations as to when the town should establish such a system, the kind of system to be established, and to report in print to the town not later than the annual town meeting of March, 1923, and that the sum of one hundred dollars ($100) be appropriated for printing said report.

The following committee were appointed, viz.: Joseph P. Williams, William G. Moseley, Oscar R. Starkweather, David Murdock, Everard W. Pinkham, G. Waldo Crawley, Frank W. Gorse.

Article 43. Dismissed.

10.30 P. M.

Voted, that this meeting be dissolved.

Dissolved.

Warrant for Special Town Meeting

THURSDAY, JUNE 30, 1921

COMMONWEALTH OF MASSACHUSETTS

Norfolk, ss.

To either of the constables of the Town of Needham, in said County,

Greeting:

In the name of the Commonwealth of Massachusetts, you are hereby required to notify and warn the inhabitants of the Town of Needham, qualified to vote in elections and in town affairs, to meet in the Town Hall, in said town on Thursday, the thirtieth day of June, 1921, at eight o'clock in the afternoon, then and there to act on the following articles, viz:

Article 1. To see if the town will vote to accept Otis Street from Manning Street to the DeLue Farm (so called), under the provisions of law authorizing the assessment of betterments, as laid out by the Selectmen and according to a plan on file with the Town Clerk.

Article 2. To see if the town will appropriate the sum of $1,000 for the construction of Otis Street from Manning Street to the DeLue Farm (so called), under the provisions of law authorizing the assessment of betterments, as laid out by the Selectmen and according to a plan on file with the Town Clerk.

Article 3. To see if the town will vote to accept Otis Street from Webster Street to Manning Street, under the provisions of law authorizing the assessment of betterments, as laid out by the Selectmen and according to a plan on file with the Town Clerk.

Article 4. To see if the town will appropriate the sum of $2,300 for the construction of Otis Street from Webster Street to Manning Street, under provisions of law authorizing the assessment of betterments, as laid out by the Selectmen and according to a plan on file with the Town Clerk.

Article 5. To see if the town will vote to accept Walnut Street from Linden Street to Marked Tree Road, under the provisions of law authorizing the assessment of betterments, as laid out by the Selectmen and according to a plan on file with the Town Clerk.

Article 6. To see if the town will appropriate the sum of $2,000 for the construction of Walnut Street from Linden Street to Marked Tree Road, under the provisions of law authorizing the assessment of betterments, as laid out by the Selectmen and according to a plan on file with the Town Clerk.

Article 7. To see if the town will accept Kingsbury Street from Pickering Street to Webster Street, under the provisions of law authorizing the assessment of betterments, as laid out by the Selectmen and according to a plan on file with the Town Clerk.

Article 8. To see if the town will appropriate the sum of $5,500 for the construction of Kingsbury Street from Pickering Street to Webster Street, under the provisions of law authorizing the assessment of betterments, as laid out by the Selectmen and according to a plan on file with the Town Clerk.

Article 9. To see if the town will appropriate the sum of $2,500 for the construction of a drain through a portion of Kingsbury Street, land of A. W. and A. E. Rohn, and Memorial Park, or pass any other vote or votes relative thereto.

Article 10. To see if the town will appropriate the sum of $250 for the use of the Public Library, or pass any other vote or votes relative thereto.

Article 11. To see if the town will appropriate the sum of $3,000 for the construction of a granolithic sidewalk 5 feet wide on the westerly side of Warren Street from Dedham Avenue to the location of the New York, New Haven and Hartford Railroad Company, under the provisions of law authorizing the assessment of betterments, or pass any other vote or votes relative thereto.

Article 12. To see if the town will appropriate the sum of $500 for the use of the Memorial Park Trustees, or pass any other vote or votes relative thereto.

Article 13. To see if the town will appropriate the sum of $800 for repairs to the Parker Schoolhouse, or pass any other vote or votes relative thereto.

Article 14. To see if the town will appropriate the sum of $1,500 for the construction of a portion of Central Avenue, provided the County of Norfolk will reimburse the town to the same amount when said appropriation has been expended, or pass any other vote or votes relative thereto.

Article 15. To see if the town will appropriate the sum of $200 for the services of a Deputy Forest Warden until November 15, 1921, provided the City of Newton will reimburse the town in an equal sum therefor or pass any other vote or votes relative thereto.

Article 16. To see if the town will appropriate the sum of $1,500 for the construction of a new wall to replace the present old wall on Hillside Avenue near Rosemary Street, or pass any other vote or votes relative thereto.

Article 17. To see if the town will vote to direct the Water Commissioners to abate the water tax and all other bills of the Water Department against the Glover Home and Hospital, or pass any other vote or votes relative thereto.

Article 18. To see if the town will vote to direct the Water Commissioners to furnish water free of charge to the Glover Home and Hospital or pass any other vote or votes relative thereto.

And you are directed to serve this Warrant by posting attested copies hereof in not less than twenty public places in said town, at least seven days before said meeting, and to leave a copy at each of the several dwelling houses within said town four days at least before said meeting.

Hereof fail not and make due return of this Warrant with your doings thereon, unto our Town Clerk, on or before said day and hour.

Given under our hands at Needham aforesaid, this twenty-first day of June A. D. 1921.

G. WALDO CRAWLEY,
FRANK W. GORSE,
HARRY L. THOMPSON,
Selectmen of Needham.

OFFICER'S RETURN

Norfolk, ss.

Needham, June 30, 1921.

By virtue of this warrant, I have this day notified and warned the inhabitants of the town of Needham, to meet as within directed, by posting true and attested

copies of this warrant in twenty public places in said town at least seven days before the time of holding said meeting, and by leaving a copy at each of the several dwelling-houses, as within directed.

G. GILBERT TOONE,
Constable or Needham.

A true copy of warrant and officer's return.

Attest:
THOMAS SUTTON,
Town Clerk.

Record of Special Town Meeting

June 30, 1921

Pursuant to the foregoing warrant a meeting of the inhabitants of the town of Needham, qualified to vote in elections and in town affairs, was held in the Town Hall in said town, on Thursday, the thirtieth day of June, in the year one thousand nine hundred and twenty-one, at eight o'clock in the afternoon.

The meeting was called to order by the moderator.

Voted to omit reading the articles in the warrant.

The town clerk read the warrant and the return of the officer who notified and warned the inhabitants.

Voted that this meeting be dissolved.

Dissolved.

Copy of Traffic Regulations

WHEREAS in the opinion of the Selectmen of the Town of Needham, conditions require that, in addition to the State laws regarding the premises, certain rules or orders should be put in force for the better regulation of traffic of all kinds upon and over the public streets, roads and ways of said town, It is hereby

ORDERED, that the following rules or orders be and the same hereby are adopted, the same to take effect as provided by law:

1. No vehicle shall stop with its left side to a curb or gutter.

2. No vehicle shall stop within ten (10) feet of a fire hydrant. This rule shall not be held to apply to vehicles owned or used by any of the several Needham municipal departments when the same are being actually used for strictly municipal purposes.

3. No vehicle shall remain stationary in such a position that any part thereof is within ten (10) feet of a street corner.

4. No vehicle shall remain backed up to a curb or gutter except when actually engaged in loading or unloading, nor shall any vehicle be so backed up except for such immediate purpose; and if it be a horse-drawn thereto shall be turned in the direction of traffic and parallel to the curb or gutter.

5. A vehicle, when loaded with any material extending beyond the rear end thereof shall be provided with a light by night and a flag by day clearly displayed from the extreme rear end of such load.

6. No vehicle, except commercial vehicles actually engaged in loading or unloading, shall remain stationary on the south side of Great Plain avenue between Dedham avenue and the New York, New Haven and Hartford Railroad crossing on said Great Plain avenue unless its front right wheel touches the curb and the right side of such vehicle forms an angle of forty-five (45 degrees) with the curb.

7. No person having control of a vehicle shall refuse or neglect to stop, move or change the position of such vehicle when and as directed so to do by a police officer.

8. The word "vehicle" as herein used shall include vehicles of all kinds however drawn or propelled and whether on wheels or runners, except such vehicles as are by law permitted to be drawn or propelled on sidewalks.

9. Whoever violates any of the provisions of the foregoing rules or orders shall be punished by a fine of not exceeding twenty ($20) dollars for each violation. It is further,

ORDERED: that the foregoing rules and orders be published for three (3) successive weeks in the Needham Chronicle, and that the same shall take effect at 12 o'clock noon on the 1st day of October A. D. 1921. It is further,

Ordered: that a copy of the foregoing, duly attested by the Secretary of the Board of Selectment, be filed with the Town Clerk within ten days after said October 1st, 1921.

Read and adopted this 15th day of September A. D. 1921.

G. WALDO CRAWLEY,
FRANK W. GORSE,
HARRY L. THOMPSON,
Selectmen of Needham.

A true copy

Attest:
HARRY L. THOMPSON,
October 4, 1921 Secretary of Board of Selectmen.

These rules or orders were published in The Needham Chronicle Sept. 17th, 24th and Oct. 1st, 1921. October 4, 1921, Received and filed.

NOTICE

The attention of parents is called to the law relating to the registering of births. The present requirements are as folows:

Chap. 29, Sec. 6, of the Revised Laws. Parents within forty days after the birth of a child * * * * shall cause notice thereof to be given to the clerk of the town or city in which such child is born.

Sec. 8. A parent * * * * who neglects so to do for ten days after the time limited therefor, * * * * shall forfeit not more than five dollars for each offense.

Attention of Physicians and Midwives is Called to Chapter 280, Sec. 1, Acts of 1912

Section 1. Physicians and midwives shall, within forty-eight hours after the birth of every child in cases of which they were in charge, mail or deliver to the clerk or registrar of the city or town in which the birth occurred, a notice stating the date and place of the birth, giving the street number, if any, the number of

the ward in a city, and the family name. Failure to mail or deliver the said notice shall be punished by a fine not exceeding twenty-five dollars for each offense.

In accordance with the provisions of the law, the Town Clerk is prepared to furnish to parents, physicians, and midwives applying therefor, blanks for return of births as required by law.

MARRIAGES

Number of Marriages Registered

Jan.

1 Alfred Frank Hogan, Needham; Claire Skinner Woodbury, Southampton; at Southampton by Rev. H. G. Watling.

1 Ralph Edwin Bailey, Needham; Mabel Ray Case, Lynn; at Lynn by Rev. W. A. Lawrence.

9 Fabijan Miczkoski, Needham; Agata Bielska, Needham; at Boston by Rev. J. M. Chimelniski.

31 Robert Stansfield Brundrett, Needham; Gladys Evelyn Spicer, Needham; at Needham by Rev. M. Oakman Patton.

NOTICE

Persons who intend to be joined in marriage in this Commonwealth shall, not less than five days before their marriage, cause notice of their intention to be entered in the office of the clerk of registrars of the city or town in which they respectively dwell, or if they do not dwell within the Commonwealth, in the office of the clerk or registrar of the city or town in which they propose to have the marriage solemnized.

Chapter 151, Section 29, Revised Laws

If a marriage is solemnized in another state between parties living in this Commonwealth, who return to dwell here, they shall within seven days after their return, file with the clerk or registrar of the city or town in which either of them lived at the time of their marriage, a certificate or declaration of their marriage, including the facts relative to marriage which are required by law, and for neglect thereof shall forfeit ten dollars.

REPORT OF SEALER OF WEIGHTS AND MEASURES

Jan. 1, 1922.

Needham Board of Selectmen, Needham, Mass.,

Gentlemen—I herewith submit the annual report of Sealer of Weights and Measures for year ending Dec. 31, 1921:

The various requirements of this Department have been carried out.

Seventy-four establishments have been visited and inspection of weighing and measuring devices made, the results of said inspection being satisfactory.

Weighings of commodities in the several stores have been made with good results.

Fees collected $48.34
Amount turned over to Town Treasurer.....$48.34

Respectfully submitted,

WILLIAM H. STANTON,

Sealer of Weights and Measures.

SUMMARY

Bonds outstanding	$476,700.00
*Bonds maturing in 1922	28,900.00
Interest payments in 1922 from taxation	14,492.50
Interest payments in 1922 from Water Dept.	5,940.00

*$2,999.30 is held in reserve to apply against amount necessary to pay bonds maturing April 1, 1922, on Wm. Carter School Loan. This reduces the amount to be raised from taxation to $25,900.70.

WILLIAM CARTER SCHOOL

At a special town meeting held June 30th, 1920, the Town voted an appropriation of $170,000.00 to construct and furnish a new school building on lot of the old Avery school at Needham Heights, and at the annual town meeting held March 14th, 1921, votes were passed authorizing the issue of bonds for the purpose of financing this appropriation.

The debt limit of the Town December 31, 1920, was only $143,524.84. This made it necessary to petition the Legislature for permission to issue these securities outside the debt limit, and this permission was granted in a Special Act dated February 16, 1921, and being Chapter 26 of the Acts of 1921. But this Act allowed only $125,000.00 to be issued outside of the debt limit, which was unfortunate for the reason that two issues of bonds for the same purpose were necessary in order to comply with the legal situation, and it cost the Town about $200.00 more than it would have had the Legislature granted permission for the entire $170,000.00 issue.

In accordance with the authority granted, there were issued $45,000 5% School Loan Bonds dated April 1, 1921, and due $3,000.00 each year April 1, 1922 to 1926 inclusive, and $2,000.00 April 1, 1927 to 1941 inclusive; and $125,000.00 5% School Loan Bonds Act of 1921 dated April 1, 1921, and due $7,000.00 April 1, 1922 to 1926 inclusive, and $6,000.00 April 1, 1927 to 1941 inclusive.

The legality of the issue and expense of sale received the attention of the Old Colony Trust Company. Sale was duly advertised and ten bids were received, resulting in the sale being made to the Old Colony Trust Company and Edmunds Brothers, jointly, at 102.029.

Moneys received have been placed in a special account and expenditures have been made from the fund to the extent of $125,813.12. There is a reserve of $2,999.30, balance of the premium received on the sale which will apply as a part payment on account of bonds due April 1, 1922, in accordance with the following statement:

WILLIAM CARTER SCHOOL

SPECIAL ACCOUNT

Received:		
Sale of bonds (2 issues)		$170,000.00
Premium		3,449.30
Interest accrued a/c sales		401.39

	$157,287.41

At this time when so much thought is given to financial matters, it may be well to place on record some statistics and data which is interesting and should be of value in working up in the future our town's financial affairs.

In 1900 a Special Act of the Legislature granted permission to the Town of Needham to refund on existing debt to the extent of $132,500. The debt at that time consisted of bonds issued on account of Water Construction and High School construction.

In 1908 a report was made by a special committee on finance (copy of which will be found on page 25 of the printed town report for that year) recommending that the issue of Refunding Bonds be gradually decreased and stopped as soon as possible. This report was accepted and approved by the Town and following instructions no Refunding Bonds were issued after the year 1914; the total amount issued being $90,000, of which $79,500 renewed Water Loan previously issued and 10,-500 renewed High School Loans previously issued.

Regarding Water Department Loan: The bonds maturing each year (with the exception of those refunded) have been paid from taxation and no part has come from the earnings of the Water Department. The interest each year has been paid from earnings. No amount has been set aside for depreciation, and some portions of the plant have been in use thirty years.

The following statement shows the total amount of bonds and interest payable each year in liquidation of the Funded Debt of the Town, December 31, 1921:

	Payable from Taxation		Payable from earnings of
	Bonds	Interest	Water Dept.
1922	$28,900.00	$14,492.50	$5,940.00
1923	26,900.00	13,604.50	5,560.00
1924	25,900.00	12,816.50	5,160.00
1925	25,400.00	12,038.50	4,800.00
1926	25,400.00	11,270.50	4,440.00
1927	23,400.00	10,592.50	4,040.00
1928	23,400.00	9,964.50	3,640.00
1929	23,400.00	9,336.50	3,240.00
1930	28,500,00	8,740.00	2,840.00
1931	27,500.00	7,982.50	2,400.00
1932	28,000.00	7,155.00	2,080.00
1933	27,500.00	6,320.00	1,760.00
1934	25,500.00	5,500.00	1,400.00
1935	23,000.00	4,720.00	1,120.00
1936	23,000.00	4,000.00	840.00
1937	21,500.00	3,280.00	560.00
1938	15,500.00	2,620.00	280.00
1939	14,000.00	1,960.00	240.00
1940	14,000.00	1,360.00	200.00
1941	14,000.00	760.00	160.00
1942	5,000.00	360.00	120.00
1943	4,000.00	200.00	80.00
1944	3,000.00	80.00	40.00
	$476,700.00	$149,153.50	$50,940.00

The borrowing capacity of the Town within the Debt Limit, December 31, 1921, is about $125,000.

The following is interesting as showing growth during the period which your present Treasurer has been in office (March 28, 1906, to December 31, 1921), sixteen years.

Tax Committment has increased nearly 400%, valuation has increased more than 250%.

	Amount committed to Collector	Valuation
1906	$86,432.00	$4,504,572.00
1907	96,973.31	5,187,283.00
1908	101,741.76	5,672,972.00
1909	103,703.83	5,823,585.00
1910	117,274.18	6,123,391.00
1911	125,065.30	6,938,811.00
1912	124,230.56	7,316,185.00
1913	144,431.22	7,877,750.00
1914	165,176.35	8,442,645.00
1915	176,583.68	9,030,065.00
1916	184,913.22	9,787,820.00
1917	174,550.79	9,158,755.00
1918	152,580.01	9,628,600.00
1919	206,893.58	9,901,570.00
1920	289,004.53	10,988,915.00
1921	327,589.76	11,413,542.25

Two years ago a vote was passed designating that taxes should be paid by April 1st following the year in which they were assessed, and I submit the following as showing the benefit accrued to the town, feeling well assured that an equal benefit has accrued to each tax payer.

	Temporary loan Borrowing limit	Temporary loans made	% Borrowed
1919	$193,646.76	$190,000.00	98. %
1920	250,897.37	240,000.00	95.6%
1921	328,239.82	225,000.00	68.6%

You will please also note that no unpaid taxes exist except for the year 1921.

The cash turnover by your Treasurer beginning March 28, 1906, and ending December 31, 1921, is as follows:

	General	Water
1906	$165,441.22	$33,575.90
1907	227,770.17	39,461.76
1908	256,147.21	36,305.81
1909	233,405.55	26,366.45
1910	261,702.21	24,538.09
1911	258,864.95	23,886.24
1912	339,838.42	23,831.79
1913	416,632.24	62,215.62
1914	421,925.22	80,728.40
1915	419,604.83	64,795.17
1916	427,568.53	28,544.29
1917	455,064.47	33,604.18
1918	457,902.59	35,324.90
1919	532,882.70	34,815.93
1920	607,713.35	37,791.43
1921	882,092.72	37,124.63
Total	$6,364,556.38	$622,910.59

Respectfully submitted,

CHARLES E. STANWOOD,

Town Treasurer.

REPORT OF SCHOOL COMMITTEE

To the Citizens of Needham,

While the Superintendent's report covers in an admirable manner all the several aspects of the school activities of the town, your Committee again wishes to call the attention of the citizens to the pressing needs for additional classrooms to meet the steady increase of our school population.

The present high school was built about twenty-five years ago, and at the time of its completion there were 89 pupils ready to enter its doors. The building was apparently planned for accommodating 200 pupils, a capacity of over one hundred per cent. in excess of the requirements at that time. At the presnt writing there are 270 pupils enrolled in the high school, and at the opening of the school next Fall it is anticipated there will be at least 310 registered pupils.

The foregoing facts clearly demonstrate that the town has unquestionably outgrown the present building, and your Committee strongly recommends that immediate steps be taken towards the acquisition of a new site, one fairly accessible to all points in the town, and large enough to provide not only for the existing requirements, but also sufficiently extensive to readily permit the erection of additional units as the future school needs of the community demand.

If and when a high school building is constructed on a new site, the present building would be available for pupils above the sixth grade. An arrangement of this character would relieve the grade schools, and to that extent obviate for a number of years the necessity of new construction for such grade school purposes.

Your Committee extended an invitation to Mr. Clarence D. Kingsley to visit Needham with a view to studying our high school conditions. Mr. Kingsley is the consulting expert on high school matters connected with the State Department of Education, and his report, a copy of which follows, we feel deserves the thoughtful consideration of all our citizens.

The Commonwealth of Massachusetts
Department of Education
State House, Boston, January 23, 1922.

To the School Committee of Needham, Mass.:

Gentlemen:—In accordance with your request I have studied the situation in Needham with reference to the need for additional school accommodations. I have carefully examined the present high school building, have studied the map of the town, and have learned the outstanding facts with regard to the growth in school population.

I find that Needham is growing rapidly in adult population and that the growth of school pupils is even greater. From December, 1919, to December, 1921, the membership in the elementary schools increased from 1286 to 1420, an increase of 11% in two years.

The growth in the high school, however, is much more rapid. In December, 1919, the membership of the high school was 186. In December, 1920, it was 222, and in December, 1921, it was 262. That is, there was a growth of 41% in the high school in two years.

Some of the elementary schools are now overcrowded. At the old Avery school there are two teachers working in one room. Even when the new William Carter school is open I understand there will be but one vacant room for elementary school pupils and that this will be occupied the following year.

The serious overcrowding at the present time, however, is in the high school. My study of the high school building revealed the following facts:

While possessing a pleasing exterior, the high school building does not provide the facilities necessary for the conducting of a modern high school. The building contains only five regular classrooms; an assembly hall, the rear part of which is now used for recitations; two rooms in the attic used for science; a small, inadequate, badly ventilated room used for typewriting; and a room in the basement fitted up as a classroom as an emergency measure.

The high school building does not contain any rooms designed for commercial education, whereas all of our modern high schools have rooms planned especially for bookkeeping and typewriting. There are no rooms in which sewing and cooking can be taught. Modern high schools not only have rooms planned especially for the teaching of these subjects, but also in many cases contain model suites for the teaching of home making. There are no provisions for manual training but this is regarded as essential in the modern high school. There is no room adapted to work in mechanical and freehand drawing and these subjects are receiving increasing attention in our high schools. The building is absolutely without any provisions for physical education, whereas the modern high school contains a gymnasium and the accessories needed for a thorough program of physical edu-

cation. Moreover, the building contains no provisions for the serving of a hot luncheon and does not contain the library facilities which are now regarded as essential.

Twenty-five years ago this building provided fair quarters for a high school of one hundred and fifty pupils. Facilities such as are provided by the Needham High school are not today regarded as modern in any part of the United States. This fact should be taken in conjunction with the fact that Needham adjoins five cities and towns which maintain modern high schools, namely: Boston, Brookline, Newton, Wellesley, and Dedham. In fact, the schools in these cities and towns are offering superior educational advantages, while the provisions made by Needham, so far as the building and its equipment are concerned, are among the poorest in the Commonwealth for a school of its size.

Twenty-five years ago the work of the high school consisted almost entirely of subjects which could be learned from a textbook and recited in a room without any equipment other than desks and seats. Since that time very great changes have come about in secondary education with the result that the number of pupils attending high schools in Massachusetts is approximately three times as great now as it was twenty-five years ago. Instead of serving the needs of the selected few, the modern high school offers work which is of direct value to practically all of the boys and girls in the community. To maintain at public expense a high school which serves the needs of only a few is a clear injustice to those whose needs are not suitably provided for.

Not only are our high schools adapting their work to the needs of students for whom no provision was made in the past but the modern high school is also offering a better type of education for all students. The health needs of high school pupils are a matter of serious im-

portance and the law of the Commonwealth now makes physical training a required part of the work of all boys and girls in the schools. To carry out this work effectively a gymnasium is necessary. Furthermore, the health of the pupils requires a lunchroom in which a suitable luncheon can be prepared and where the young people can be seated while eating their lunch. One of the most important developments in high school education in recent years consists of the provision of a high school library in order that instruction may no longer be confined to the use of a textbook but that students may learn how to use the important storehouses of knowledge in connection with their school studies, and that they may acquire a love for good literature as a means of employing profitably their leisure time. Another important improvement in a high school education consists in the attention which is now being devoted to the science and practice which is necessary in order that the girls may become interested, intelligent, and efficient home makers. These changes in high school education cannot be put into effect without suitable facilities in the high school building.

Not only does the present building lack practically every modern facility but it is so constructed that it would be impossible without an expense both unwarranted and prohibitive to make it over into a modern structure. The building can, however, be used to good advantage for five classes of younger children, giving the school a capacity of 175 to 200 pupils. For this purpose it could be used to good advantage and to its full capacity. In view of these facts, therefore, I strongly recommend against any attempt to make over this building for high school purposes. Using it, however, for elementary school pupils, the building can be made to take care of the immediate growth in the elementary school population, making it unnecessary for some time to provide ad-

ditional elementary schools or to provide additions to existing elementary schools.

My study leads me inevitably to the conclusion that the most urgent educational need in the town of Needham is for a modern high school building. At this juncture it becomes a matter of the greatest importance that the town should secure a site upon which it would be possible not only to erect the building now needed but also to provide for all possible future extensions. On account of its location near Boston it is altogether possible that the town of Needham may within the next thirty years increase to a city of three or four times its present population. When, therefore, we speak of erecting a building that can be extended we should think in terms of doubling or trebling the capacity of the building. No high school site can be regarded as adequate unless it provides not only for future expansion of the building but also contains ample space for outdoor games and sports or is so located as to be near to an athletic field. It should also provide a commanding setting for the building and should be in the midst of pleasing surroundings not only for the benefit of the high school pupils themselves but also in order that the town may reap the full benefit of the new building as a civic and economic asset.

The provisions for high school sites and buildings made recently by two Massachusetts towns are especially interesting in this connection. A few years ago the town of Amesbury acquired a plot of seventeen acres about half a mile from the centre of the town and erected a high school building. The school moved into the building in the latter part of 1917. When the school was planned it was smaller than the Needham High school but it now enrolls 420 pupils, a part of whom, however, are sent to Amesbury by some of the adjoining towns on account

of the facilities offered. This building was planned for 500 pupils and would probably cost to build at the present time about $250,000. It contains excellent facilities for commercial work, science, drawing, sewing and cooking, manual training, a large auditorium, a gymnasium, an attractive school library.

At the present time the town of Agawam is completing a high school building with a capacity of 500 pupils. The building contains modern facilities, including rooms for commercial subjects, science, drawing, a school library, gymnasium, and lunch room. The auditorium will be used by the community, and the building contains a room to be used by the American Legion. This building with its grounds and equipment will also cost about $250,000. I cite the case of Agawam for the reason that this town at the present time has no high school of its own but is sending its children to West Springfield and Springfield. The building will contain rooms for children in the two upper grades of the elementary schools. The present enrollment of the two upper grades of the elementary schools and the pupils attending high school amounts in all to less than 250. Nevertheless the town is building for 500 pupils.

The plan followed by Agawam in housing the seventh and eighth grade pupils in the same building with the high school constitutes the most economical method of meeting the needs of the older pupils in the school system. Such a school including the high school and the seventh and eighth grades is called a six-year high school or a junior-senior high school. This plan makes it possible for the older pupils in the elementary school and high school pupils to use certain equipment in common. It reduces the cost of the teaching of home economics, manual training, physical education, and other modern courses. For Needham to erect at the outset a building

large enough to house all pupils in the high school and in the seventh and eighth grades may be regarded as involving too large an initial cost. Moreover, the present high school building can, as already indicated, be used to good advantage to accommodate some of the younger pupils.

It seems to me, therefore, that a high school building should be built to accommodate five hundred pupils. This would house the high school and eighth grade pupils for three or four years without enlargement. The placing of the eighth grade in the new building and the placing of the seventh grade in the old high school building would take care of all the increase in the elementary school population for three or four years.

When the schools again become crowded, the new high school building could be enlarged to take care of the high school growth and to accommodate also the seventh grade, thereby relieving the overcrowding in both high and elementary schools, and at the same time placing the seventh grade pupils where they would have the advantages in the new building.

The plan above recommended would give the high school pupils at once the modern facilities which they now need so greatly and it would a few years later provide a six-year high school or a junior-senior high school for the town of Needham, making its educational system thoroughly modern. This plan can all be carried out without involving an excessive financial expenditure.

The first essential in carrying out this program is to secure an adequate site, and the modern conception of a high school site in a town is one of from five to ten acres.

Sincerely yours,
(Signed) CLARENCE D. KINGSLEY,
Supervisor of Secondary Education.

On May 6th, 1921, Mr. West tendered his resignation as Superintendent of Schools in Needham to take effect September 1, 1921. This action was taken in consequence of his election as Assistant Superintendent of Schools of the City of Trenton, New Jersey, at a salary of $5000. per annum. Mr. John C. Davis of Canton, Mass., was elected to succeed Mr. West. Mr. Davis comes to Needham highly recommended as one possessing an excellent insight into educational problems, and particularly problems of educational administration. We have every reason to believe that he will make an exceptionally good superintendent for Needham.

Respectfully submitted,

JAMES A. ACKROYD, *Chairman,*
FRANCIS J. STANWOOD,
ARTHUR G. JOHNSON,
JOSEPH SATTERLEE,
HAROLD R. WAINING,
MRS. MARY C. WHITNEY.

REPORT OF THE SUPERINTENDENT

To the School Committee of Needham,

In accordance with the custom of my predecessors, I am presenting at this time my annual report concerning the schools of Needham.

Inasmuch as I have been in my present position but four months, it is evident that I shall be unable to give a full account of the year's work. In addition to the financial records and the usual tables of statistics, I am endeavoring to call to your attention and to the attention of the citizens of the town some facts regarding our schools which, in my opinion, should receive your consideration in the immediate future.

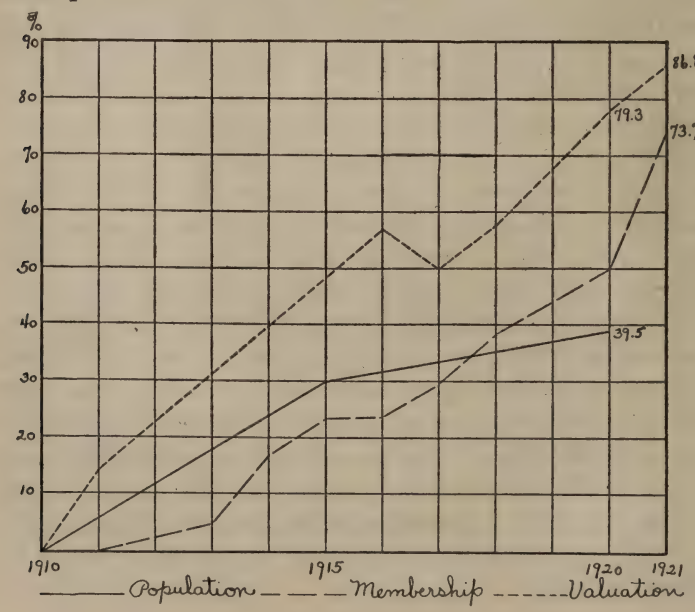
Needham is a growing community. Although this is a most favorable thing in itself, the constantly increasing number of boys and girls of school age within the town is making the problem of providing school accommodations more and more difficult. This year we have about ninety pupils more than last year and there is every indication that there will be fully as large an increase the following year. This means a necessary expansion of school accommodations and an increase in the number of teachers or else a hampering of the opportunities for education that we all wish to give our children. Fortunately, the town has increased in valuation also the past year from $10,965,140 to $11,408,975; so there is a corresponding increase in the wealth of the community. This is a healthy condition but the school facilities must keep pace with this growth or the influence of the failure to do so will unfavorably affect the future of the town. We should not be compelled to resort to two-session plans or more portable school houses. It costs no more to provide beforehand and there should be a seat and desk for every child on the first day of his arrival at school.

The following table shows the membership at the different schools for a period of three years:

Membership Table

	Dec. 1919	Dec. 1920	Dec. 1921	
High	186	222	262	261
Kimball	244	307	321	320
S. Palmer	390	370	343	329
New Avery	150	163	170	168
Old Avery	224	226	238	191
Harris	52	47	58	57
Dwight	68	74	71	70
Eliot	123	143	148	140
Riverside	35	39	47	47
Parker			24	23
Total	1472	1591	1682	1606

The following table shows the comparative percentage of growth in valuation, population, and school membership:



At the Kimball, Stephen Palmer, Eliot, Harris and Dwight schools every room is occupied. At the Old Avery there are two teachers working in one room and the conditions, as everyone knows, are far from good. When the William Carter school is opened, there will be but one vacant room and this probably will be occupied the following year. There is no opportunity yet provided for further expansion, and unless some plan is put into immediate effect we shall be unable to provide every boy and girl with a seat and desk, and shall be forced to use a two-session plan in the High school, and perhaps in other places.

If the upper room in the Parker school is opened, there will be but twelve pupils in attendance in grades four, five, and six. These are at present distributed in the Stephen Palmer and Kimball buildings. Pupils of the seventh and eighth grades would still have to be furnished transportation to the Kimball school.

In the High school we have a registration of 271 pupils in a building comfortably accommodating 200; the basement room and assembly hall are already occupied as class rooms. In his last report, Superintendent West says: "We may expect to see the High school grow by at least 25 pupils per year, so that next year we shall start with 250 pupils and the year thereafter with 275." The growth here has been larger than anticipated; for we started in September with 271 and there is every indication that next September the school will number at least 310. I am presenting these facts because I feel that the policy to be adopted in the near future is of the greatest importance to our boys and girls, and that everyone should be aware of the conditions.

A Building Program Needed

The school department needs a building program; one prepared with great care and one that takes into consideration many factors. The most important of these are the probable rate of growth of the town, where that growth is likely to take place, and the financial condition of the municipality.

What is a Suitable Building Program for Needham?

It should be a program that will provide every pupil with a seat and desk in a safe and sanitary building conveniently located near the centers of population. This is the child's right and there should be no hesitation on the part of the community to provide it.

The best permanent solution of the difficulty is to construct a new building in some central location to house the senior high school pupils and later on the junior high school pupils also. This should be planned so that it can be enlarged by sections from time to time, as additional accommodations are required. As the Kimball and Carter schools become overcrowded, the eighth grades could be transferred to this new building and, later on, the seventh also. The pupils from the upper grades of the other elementary schools could then be transferred to the William Carter and Kimball schools. The adoption of such a plan would provide a senior and junior high school on the same lot, under the same administration and with the consequent smaller overhead expense. Should an additional site be acquired, ample room for playground and athletic activities should be kept in mind. Although I have been in Needham but a short time, I feel that the need is so urgent, that I am making this suggestion to your Committee after a careful study of existing conditions, keeping in mind: first, that the people demand good schools, with reasonably

good accommodations; and second, that those accommodations should be furnished before crowded conditions interfere with the child's education.

Riverside

The problem at the Riverside continues to be acute. Here we have a portable building reached by a private way that has been under water most of the time since September. The enrollment is 51 pupils in the subprimary, first and second grades. Fifty pupils in grades four, five, six and seven are being carried to the Eliot school; and eight in grade eight are being carried to the Avery.

The distance from the Riverside to the Eliot school is less than one mile by the private streets this side of the Charles River. The only objection to this route is that pupils must cross the railroad track; as this is elevated above the streets, it could be tunnelled, thus providing a safe passage way for children. The cost would, probably, not much exceed one year's expense for transportation and would eliminate any need for a new building here in the immediate future.

The distance by direct route is not too far for these pupils to walk, nor is it as far as pupils in other parts of the town walk to school. In case of overcrowding at the Eliot, the upper grades could be taken care of at the William Carter school. Transportation from the Riverside to the Eliot could be eliminated and transportation, if any, from the Eliot to the Avery could be by trolley.

I am asking your consideration of this plan as a part of the general plan of school arrangements for the town. If it meets with your approval, the co-operation of the Selectmen will, of course, be necessary to carry it into effect.

Teachers

But one of our teachers has resigned since September; her place has been filled by the election of Miss Mirian L. Ambler, a normal school graduate of several years' experience. It will be necessary to add at least two new teachers to the staff next year to take care of increased numbers; one, possibly two, in the High School, and at least one in the William Carter school as soon as it is opened to pupils. There are now 52 pupils in the eighth grade in the Avery. This is too large a number for one room; the William Carter building seats but 35 per room. Other additions to the teaching force will have to be made if a course in Domestic Science is offered to girls of the High School and upper grammar grades. The morale of the teaching force is excellent. Twelve of our teachers are taking professional work this year, five from the High School and seven from the grades. This is a fair percentage and reflects credit upon the teaching force. The schools will receive the benefit of their study of the best methods of doing effective work. I believe that our teachers are working hard and faithfully and they deserve the support of the community, both moral and financial.

Your salary schedule was advanced last year and so was the schedule of other towns and cities. The following is a comparison of our present schedule of teachers' salaries with the present schedules of some representative towns. The same towns have been selected as last year with a few additions. An examination of this schedule will convince anyone that your action was very conservative.

Towns	Maximum High	Maximum Elementary	Expended per 1000 for Schools
Norwood	$1,800	$1,500	8.07
Dedham	1,700	1,500	8.78
Belmont	1,900	1,500	8.10
Braintree	1,550	1,350	9.99
Winchester	1,800	1,500	6.02
Amesbury	1,700	1,700	8.88
Milton	1,700	1,550	6.91
Andover	1,750	1,400	6.93
Concord	1,800	1,500	12.28
Middleboro	1,500	1,200	9.94
Lexington	1,800	1,500	8.89
Wellesley	2,200	1,600	5.61
Canton	1,600	1,400	6.48
Abington	1,600	1,350	13.69
Walpole	1,700	1,500	12.40
Needham	1,550	1,400	7.47

Repairs

The best permanent plan of keeping our buildings in good condition is to appropriate a percentage of their value for repairs yearly. The amount asked for this year is less than 2% of their value.

During the year, the Avery, Harris and Eliot schools have been painted and the Eliot school has been retinted throughout, making a great improvement in the appearance of these buildings. During the present year, in addition to a long list of minor repairs, the following work should be provided for:

High school—Inside retinted, woodwork refinished and front steps relaid.

Kimball school—Inside retinted, new shades, roof repaired.

Dwight school—Either extra windows in upper room or artificial light provided, roof repaired, and ceilings whitened.

Eliot school—Either extra windows in upper room or artificial light provided.

Seats and Desks

There are many pupils in our town still using chairs and desks that are not adjustable and are a contributory cause of round shoulders and crooked spines. These seats should be replaced at the earliest possible moment with desks and chairs that can be adjusted to the height of the individual pupil. In the Kimball building there are still 165 seats and 160 desks of the non-adjustable type, and in the Dwight 63 seats and 61 desks that are non-adjustable. To remedy this will cost approximately $2,500, and I am asking for half the amount this year so that with a like appropriation next year, at the end of two years the schools may be completely equipped with moderns seats and desks.

Vocational Education

Eight pupils are attending the Newton Vocational School and are taking courses as follows:

Course	Number
Pattern making	1
Cabinet making	2
Machine	1
Household arts	3
Electrical	1

As tuition is being paid by the town with a 50% reimbursement by the Commonwealth, it is evident that here is an exceptional opportunity for the boys and girls of Needham who wish to take this work.

A course in millinery has been conducted in the Kimball school in connection with our evening school work, under the appropriation made at the last town meeting. Twelve young women have already successfully completed the first unit of this course, and a class in millinery is already being organized and soon will be receiving regular instruction.

Four pupils are attending the Norfolk County Agricultural School.

School Hygiene

The most valuable asset to the individual is good health and it is highly important that our schools, through the teaching of right habits of living and the danger from improper living, cultivate those habits which will tend to make the boy or girl a better individual both physically and mentally. There is a close relation between the physical condition of the child and his school work. As attendance at school is compulsory, it is very important that our schools should be made as safe as it is possible to make them for children who are compelled to attend.

The value of medical inspection is not in examinations of school children and the tabulation of statistics regarding their ailments alone, but in the application of a remedy for these ailments. It is generally conceded that the best way to accomplish this is through the follow-up work of a school nurse, who by conferences with the mothers secures action when needed. The medical examination by the physician is not sufficient in itself.

Among the essential duties of a school nurse may be enumerated the following: to arrange for the attendance of pupils at clinics, to take pupils to the eye and ear infirmary; to exercise vigilance that pupils adjudged

exposed to contagious diseases are not allowed to attend school. In this year's budget provision has been made for the employment of a school nurse, in accordance with the following statute:

Chapter 357, Acts of 1921

An Act Providing for the Appointment of School Nurses in the Public Schools.

SECTION 1. Chapter seventy-one of the General Laws is hereby amended by striking out section fifty-three and inserting in place thereof the following: Section 53. The School Committee shall appoint one or more school physicians and nurses, shall assign them to the public schools within its jurisdiction, shall provide them with all proper facilities for the performance of their duties and shall assign one or more physicians to the examination of children who apply for health certificates required by section eighty-seven of chapter one hundred and forty-nine, but in cities where medical inspection hereinafter prescribed is substantially provided by the board of health, said board shall appoint and assign the school physicians and nurses. The department may exempt towns having a valuation of less than one million dollars from so much of this section as relates to school nurses.

PARENT-TEACHER ASSOCIATION

This association has held four well-attended meetings during the year with programs as follows:

February Vocal Solos by Miss Marjorie Cohoon.
Address—Professor Edwin A. Shaw, Harvard University.

April Piano solo, Amelia Wagner; Solo dance, "Faust Ballet," Louise Morton; Reading by Frances Kroll; Address, Mr. Frank W. Wright, State Dept. of Education.

October Reading, Ethel McCashin; Violin solo, Charles Cohoon; Selections by High school orchestra.

Reception to new teachers.

December Vocal solos by Mrs. Florence Ross.
Address—"A Health Program for Needham" by Dr. P. Challis Bartlett, Director of Health Work in Framingham.

The Association has about 150 members this year and invites all who are interested in the schools to join. The officers for 1921-22 are as follows:

President, Arthur G. Curren.
First Vice-President, Mrs. Walter E. Proctor.
Second Vice-President, Mrs. Alger E. Eaton.
Treasurer, James M. McCracken.
Ass't Treasurer, Mrs. Philip A. Rand.
Secretary, Miss Mary E. Glancy.
Member of Scholarship Fund Committee, J. H. Whetton.

Executive Committee

Mrs. Mary C. Whitney	John C. Davis
Gilman H. Campbell	Thomas H. Peters
Miss Florence E. Eaton	Benjamin D. May
Mrs. J. C. Freeman	Mrs. Ernest D. Gourd
Mrs. Eben W. Smith	Philip A. Rand
Walter K. Queen	Howard Wilbur

James A. Ackroyd

SCHOOL BUDGET, 1922

Expense of Administration:		
Salaries—Supt., Janitor, Clerk, Attendance officer	$4,350.00	
Rent—School Committee rooms	250.00	
Expenses—Coal, printing, travelling	400.00	
		$5,000.00
Expenses of Instruction:		
Salaries of Supervisors	3,150.00	
Principals	15,125.00	
Teachers, High	17,825.00	
Teachers, Elementary	49,700.00	
Teachers, Evening	500.00

The Budget for 1922

Expenses of Instruction. Under this item, we have asked for the present salary scale. This schedule of salaries took effect April 1, 1921; so was carried for less than a full year in 1921. We have asked for three new teachers, one in the grades to commence when the William Carter school is opened and two in the High school to commence next September.

Expenses of Operating School Plants. We have added under janitors only enough to cover salary of Charles River janitor. Fuel will have to be furnished for the William Carter school instead of the Old Avery school. What the difference will be I cannot tell. We have added $800 to the budget to enable us to buy more coal at the summer price.

Outlays. New Equipment has been increased one thousand dollars to enable us to furnish new seats and desks for the increased number of pupils, and some adjustable seats and desks to replace the non-adjustable type.

Auxiliary Agencies. Items are the same except that appropriation is asked to cover the employment of a school nurse as required by statute.

Vocational Education. This is made a part of the regular budget, the same amount being asked for as last year.

Conclusion

Further tests and measurements will be used to determine individual needs and to assist in classifying pupils in accordance with their ability. In the upper grades and in the High School these tests are also valuable in determining the grades of scholarship the teacher can reasonably expect. This work tends to make a school system more flexible than it could otherwise be and is of much value when tempered by the opinion of a wise teacher.

The schools are doing good work and they should continue to fulfill the needs of the community and become of such merit that more and more will Needham be looked upon as an ideal town in which to live. Our present need is more school accommodations and a flexible system that can take care of the future growth of a progressive community. As a part of my duty, I have endeavored to present a plan that seems to me to be the next step forward. I hope it may be the subject of discussion and whatever of merit it contains may be put into effect.

For myself and for the new teachers in town, I wish to express my gratitude for the cordial welcome recorded us by individuals, and particularly by the Parent-Teacher Association and the Needham Grange, who set aside special evenings that we might be welcomed by the people of the town.

For the uniform support and consideration of the School Committee and the co-operation of teachers and parents, I wish to express my appreciation.

Respectfully submitted,

JOHN C. DAVIS.

REPORT OF THE HIGH SCHOOL PRINCIPAL

Mr. John C. Davis, Superintendent of Schools,

Dear Sir.—I herewith submit the annual report of the Needham High School.

In the class of 1921 the following pupils were graduated:

Name	*Present Occupation*
Wayne C. Barnes,	Springfield Y. M. C. A. College.
Willia L. Cassidy,	Public Stenographer.
Angus G. Cathie,	with Z. A. Norris.
Lawrence G. Caulton,	Bryant & Stratton Bus. College.
Mabel Dawson,	office Wm. Carter Co.
Gertrude Digney,	office Wm. Carter Co.
Herbert L. Dodge,	New Hampshire State College.
Chester W. Eaton,	Norwich University.
George H. Ferran,	Boston University School Bus. Ad.
Walter Gilbert,	Boston University School Bus. Ad.
Sterling W. Greene,	Boston University School Bus. Ad.
Doris W. Henry,	office Wm. Carter Co.
Dorothy Howe,	Boston Normal Art.
Thomas J. Khoury,	at home.
Judith A. Lee,	office Wm. Carter Co.
Milton R. Litchfield,	Wentworth Institute.
George Lumsden,	Office Wm. Carter Co.
Dorothy Mercer,	Miss Farmer's Cooking School.
Lillian Metzger,	Burdett's Bus. College.
Louise Morton,	office Wm. Carter Co.
David Murdoch, Jr.,	at home.
Mildred E. Robb,	office Wm. Carter Co.
Charles B. Roberts,	Howe's Music Store.
Walter Roper,	Bryant & Stratton Bus. College.
Philip Rosenblat,	Mass. College of Pharmacy.
Maurice Simon,	Norwich University.

William G. Stephenson, Northeastern College.
Dorothy E. Vernon, Babson's Institute.
Emelia Wagner, office Frank W. Gorse Co.
Elizabeth T. Williams, Smith College.

In addition to these, there entered college, by certificate from this school, Lawrence Norris, 1920, (Dartmouth); and Louis Bowmar, 1919, (Rhode Island State). Arthur McDonald, 1920, entered Tufts Dental after a year in Dean Academy; and Richard Holman, 1922, entered Harvard by examination, being admitted without condition and with one extra credit.

The total enrollment for the present year is as follows: Freshmen 109, sophomores 88, juniors 47, seniors 27; total 271; of this number 10 have left school, leaving a present membership of 261, as compared with a total enrollment of 231 and a membership of 220 on the corresponding date last year, and corresponding figures of 203 and 185 respectively in 1919.

Of the ten who have left school this year, four have moved out of town, five have gone to work, and one is out on account of sickness, and will return after the holidays.

My annual reports of 1919 and 1920 dealt largely with the need of increased accommodations for the high school. These were written with the needs of September, 1922, in mind and with the realization that considerable time must elapse before any considerable building program could be undertaken. In both these reports, I was careful to underestimate our probable growth rather than to overstate it. Thus in 1919, I estimated our total enrollment for 1920 as 225; we had 231; in 1920 I set this year's enrollment as certain to be at least 250; we have 271. I hoped that by beginning in season on this problem we might be able to provide for the growth

of the school without having to pass thru a year or more under makeshift conditions, especially as work under such conditions always means a considerable financial loss, together with impaired quality of the product. Unfortunately, it has not been found possible to undertake any plan for permanent relief, and we have now reached the point where immediate action must be taken. As our present conditions have already been stated in my letter of December 5, I risk repetition by including the substance of that letter as a part of this report.

Dear Sir:

At your request, I submit the following statement as to the High School, with reference to the probable conditions of September, 1922.

Our present (December 5) actual membership is 262 pupils. We shall graduate next June a class of approximately 30. The figures for the withdrawals from school for the past three years are as follows:

Sept. 1918—Sept. 1919, 50.
Sept. 1919—Sept. 1920, 36.
Sept. 1920—Sept. 1921, 42.
Sept. 1921 to date, 9.

These figures in each case include those who did not return after the summer vacation, as well as those who left at any time during these school years; in each case, they have been partly offset by from ten to twenty newcomers to the Needham school system. Consequently, our net loss from this cause can be reckoned as almost certainly under thirty, leaving a probable registration next September of somewhat over two hundred pupils in the three upper classes. There are at present one hundred and forty pupils in the eighth grades of the Kimball and Avery schools. For the last three years, we have

enrolled from about eighty to eighty-five per cent of the grammar school graduates in our entering class. Taking the lower figure as a basis, this means one hundred and twelve newcomers next fall or a total membership of over three hundred and ten.

We have at present two hundred and seventy-five desks in the building; or, in other words, we lack at least forty seats for our enrollment of next September, while we have used practically all the space available in the present building even to fitting up a classroom in the basement and placing desks in the assembly hall. We can store our books in the attic and use the present book room for a recitation room for small sections, but otherwise we have reached the limit of the existing space.

Nor is this the most difficult phase of our problem. It is not enough to provide seating space for all our pupils. Classrooms must be found sufficient to accommodate all our recitations; and a dozen vacant seats scattered thru five or six rooms where recitations in Latin, French, etc., are being held are of no particular value to a class in history, for example, which must be assigned a room of its own at the same time these other recitations are going on.

With all possible space employed we should have next year:

7 class rooms
1 typewriting room
2 recitation rooms about 12x14 feet each.
1 assembly hall
1 laboratory

Total 12 rooms

This makes a total of twelve rooms of all sorts which might be in use at any one time; of these twelve, two are less than 12x14 feet, and should not be used by classes

containing over 12 pupils (although we now have a section of twenty using one of them every day). Of the forty-eight sections we have scheduled at present, there are only five which have as few as twelve pupils, and we shall probably have even fewer small classes next year, hence these two rooms will be of comparatively little value. This is especially true, since instead of following the general tendency to expand the program, we have been obliged to give up Spanish and Salesmanship this year in order to eliminate small classes where the overhead expense is unduly large.

The typewriting room, of course, is available only for typewriting classes, and is overcrowded at present, so much so, that the filing and duplicating is being done in the corridor. We are holding drawing classes in the assembly hall and utilizing it as a study hall as well, so that it does not seem feasible to schedule recitations there regularly. The laboratory, also, is, of course, designed for special work, and is not suitable for recitation purposes.

We added one teacher to our force this year and we shall probably have to add two more next year, making a total faculty of twelve including the principal. Even this addition means over-large divisions, over-crowded rooms, and consequently an inferior quality of work. Even then we do not meet the standard requirements of a secondary school as far as these relate to the ratio of pupils to teachers. It is doubtful if a program can be devised that will allow us to schedule twelve teachers in twelve rooms, if we consider the fact that five of these twelve rooms are available only for special types of work, or for unusually small divisions.

We can meet conditions next year as I see it in one of two ways:

(1) We can organize the school into two sessions, e. g., with the three upper classes attending school approximately, from 8:15 to 12:15, and with the freshmen approximately from 12:30 to 4:30. If this were done, we would have ample room in our present building, but it would have at least three distinct disadvantages:

(a) It would require practically all study to be done at home, rather than even more in school than at present, as is in accord with the best modern practice.

(b) It would require somewhat more teachers than under a single session, at an added expense to the town, which might very possibly reach a considerable figure.

(c) It would cause general dissatisfaction among both pupils and parents, who would be seriously inconvenienced by any such an arrangement.

(2) Our only other alternative would be to set up a portable building in the rear of the high school and possibly to fit up another basement room similar to the one constructed last year. This plan would involve a considerable expense, would barely meet our immediate need of space, would present very obvious disadvantages in administration and would give the town nothing of permanent value. I should regard this solution as highly undesirable from every point of view.

Our problem is very real and very urgent. There is one satisfaction, that its very urgency is an evidence of the growth of the town, and also of the interest shown

by its citizens in seeing to it that their children carry on their education, at least thru the secondary school. I sincerely trust that this brief statement may be of assistance to you and to the school committee in finding the best possible solution for our difficulties.

Yours respectfully,
(Signed) GILMAN H. CAMPBELL.

This letter, of course, deals purely with the immediate needs of the school for the coming year and of the action that we shall have to take to meet present conditions without consideration of any steps to secure permanent improvement. It is evident that we cannot continue to provide suitable high school accommodations for a school that has already outgrown the present building and that is increasing considerably more than 12½% a year unless we can undertake either a new building entirely or a large addition to the old one. So many factors enter into the consideration of this problem that it does not seem wise to attempt to deal with it in the limits of this report, other than to emphasize once more the urgent need of definite action.

Aside from this difficulty of building accommodations, the high school is generally able to report progress along a number of lines. For the first time in years, Needham High was able to retain all of its faculty from last year; and this was especially noteworthy because at least half of these teachers declined rather definite offers to go to other towns at increased salaries. Consequently, we have been able to carry on our work this fall without the usual loss of time necessary for pupils and teachers to become acquainted with each other, and this fact has made the work of the school much easier. The members of our present faculty are hard and faith-

ful workers and have co-operated fully with each other and with the administration in working for the good of the school. I sincerely hope that it will be possible to retain these teachers for some time to come.

Owing to our numbers, we have had to divide our music periods. Instead of the school meeting as a body, as has been the custom, our seniors and freshmen meet one week and the other two classes the next. The vacant period each alternate week is used for class meetings and for meetings of the Student Council, Advocate Board, and other extra class organizations. The plan is working well, tho it is unfortunate that the time for instruction in music must be cut in half. The school orchestra, however, is larger than ever and is showing the results of Miss Bartlett's work at evening rehearsals.

We have had a lunch counter in operation about six weeks, and it seems to fill a long felt need. Several efforts were made to secure someone outside the school to furnish lunches, but these attempts were unsuccessful. Finally we have tried the experiment of carrying on the lunch as a school enterprise. Miss Fitch of the commercial department has assumed charge of the buying of supplies, and the making of the menus; and the actual work is done by some of the senior girls, who prepare the lunch during their study periods, and who are paid for their services. Receipts have averaged about nine dollars a day and thus far we have been able to serve good food at reasonable prices and to show a small profit at the end of the month. The accounts have been carefully kept, and it is planned to use any surplus to purchase more equipment and to expand the project if the plan continues to prove a success.

We have revived the idea of a Senior play presented during the late winter by members of the graduating class. The class of 1921, under the direction of Miss

Caswell, presented "Eliza Comes to Stay" as the first attempt to re-establish this custom. The receipts enabled the "Advocate" to close the year with all bills paid, reduced the graduating expenses of the class, and purchased the class gift to the school, a new set of curtains and two platform chairs for the assembly hall. This year, the "Advocate," thru greater interest among its subscribers and a very generous support by its advertisers, seems likely to meet all its obligations and to leave a balance in the treasury for the incoming board; hence a somewhat larger fund will probably be at the disposal of the class of 1922 from its play, "The First Lady of the Land," which will be produced some time this spring. An "English Festival" (an exhibition of the work of our English classes), a "Latin Evening," the usual class social evenings and dances, the meetings of the Debating Club (including a dual debate with Norwood High school), and Prize Speaking were among the other features of our extra curriculum activities.

Athletics have prospered during the past year. The Midland League, composed of Hudson, Marlboro, Milford, Natick, and Needham, has furnished keen rivalry in pennant competition and has provided a central authority to deal with disputed points. The baseball pennant last spring was won by Marlboro, altho Needham was a strong contender to the very last, and the football pennant of this fall came to Needham after a hard struggle with Natick. Thru the active co-operation of Mr. David Murdoch in conducting "benefit nights" at the Needham Theatre we were able to equip our baseball team with uniforms, as well as aided to meet our football bills. We also owe a considerable debt of thanks to Mr. J. H. Whetton, who organized a corps of ticket sellers for our football games which very materially increased our receipts. Mr. Whetton also was responsible for roping the

field, using his men for the work and giving credit for the material until the receipts from the games were sufficient to meet the bill. As a consequence we now have on hand, as a permanent investment, rope and posts enough to enclose the field.

The morale of the school has been excellent. Under overcrowded conditions, especially during the first month, when the desks ordered had not arrived, the pupils made the best of conditions and did their part toward meeting the difficulties. The spirit of co-operation has been good and the effort shown by the pupils generally commendable.

In conclusion, may I express my appreciation of your support and assistance in dealing with our High School problems?

Yours respectfully,
GILMAN H. CAMPBELL,

Mr. John C. Davis,
Supt. of Schools,
Needham, Mass.

Dear Mr. Davis.—I herewith submit a brief report of the Needham Evening School.

The evening school opened October 17 in the Kimball School with enrollment in classes as follows:

Typewriting and Stenography	22
Grammar school subjects	14
Millinery	17
Americanization	30

The lively interest shown last year by the class in commercial subjects was again evinced by several of that class returning for advanced instruction this year.

The pupils pursuing upper grade subjects have applied themselves faithfully and have made good progress.

A vocational course in millinery was introduced for the first time this year. This new feature attracted more applicants than could be accommodated. At the end of the first term an exhibition of work was held which proved a surprise and delight to visitors, and reflected much credit upon the teacher and pupils.

While the chief aim in the Americanization class, composed almost wholly of Italian men and women, is to teach English, a definite effort is made to impart some knowledge of customs and standards of American life and to give some instruction in United States History and in Civics for Naturalization. Most of the men desire to become American citizens and are eager to acquire a sufficient knowledge of English not only for a working vocabulary but also for naturalization requirements.

An effort will be made to reach all residents of the town who have taken first steps to become citizens although they are not members of the school.

In closing allow me to commend the untiring efforts of all my assistants in evening school work and to thank the School Committee and Superintendent for the help and interest in all matters pertaining to the Needham Evening School.

Respectfully submitted,

MARY E. GLANCY,

Prin. Needham Evening School.

Record of Kimball and Avery Graduates as of September, 1921

91 entered Needham High school.
5 entered Newton Vocational School.
1 entered Norfolk County Agricultural School.
3 entered Newton High school
1 entered Dover High school.
2 entered Burdett Business College.
9 went to work.
4 moved out of town.
1 stayed at home.

ROLL OF HONOR

Pupils not absent nor tardy for the school year

Nine Years

Kathryn Newton—Grade VIII, Avery school

Six Years

Roland Newton—Grade III, Avery school

Four Years

M. Winfred Blackman—Grade VI, Harris school

Three Years

Frances I. Kroll—Sophomore, High school
Elsie Scotton—Grade VII, Avery
Robert Newton—Grade VIII, Avery

Two Years

George Ferran—Senior, High school
Virginia Heald—Junior, High school
Dorthy Mills—Grade VIII, Kimball
Ruth Norcross—Grade VI, Kimball
Dorothy Heald—Grade VI, Avery
Irvine Ross—Grade VII, Kimball
Winnifred Cahill, Grade VI, Avery
Alvin Ryan—Grade III, Avery

High School One Year

Senior Elizabeth Williams

Sophomores Lincoln T. Rockwell
Harriett Williams

Junior Eleanor Jones

Freshmen George Hansis
Ralph Studley

Kimball School

Grade VIII George T. Dalrymple, Donald F. Gray, Samuel Ladd, Beatrice E. Lovering, Francis Stanwood, Joseph Wagner.

Grade VII Harry Dodge, Blanche Knowles

Grade VI Helen Crawley, Rose Cylinski, Josephine Frazetti, Edward Mahoney.

Grade VI Special Kathryn Gilfoil, Theodore Gunaris, Frederick Hodgman.
Morton Southworth, Ruth Thomas, Robert Whittredge.

Grade V Whiteley Ackroyd, Donald McPhail.

Ungraded class Ruth Mills.

Stephen Palmer School

Grade IV Marion Nickerson, Karl Flint, Samuel Forsythe, Clinton Harkins, Mabel Thomas, Bombina Tomaino.

Grade III Roland Ackroyd, Walter Benzanson, Edward Hansis, James O'Neil, Harold Skinner, Herbert Wetmore, Winifred Bliss, Albert Whipple.

Grade II Dorothea Crawley, Frederick Mann, Roby Thomas.

Avery School

Grade VIII	William Simons, Daniel Shine.
Grade VII	Joseph W. Brearley, Nello Guimetti.
Grade VI	Louis Barba, Edna Brooks, Gordon Martin, John Rhynd, Harold Vincent.
Grade V	Muriel Gay.
Grade IV	Carmilla Pandolf, Margaret Shine.
Grade III	Herbert Brooks, Elizabeth Atkinson.
Grade II	Guy Cascio, Mary B. Henry, Wallace Rae.

Eliot School

Grade VI	Mary Dedd.
Grade IV	Mary Macerowiez.
Grade II	Mary Speed.

Harris School

Grade VI	Gloria K. Greene, Myron N. Stephens.
Grade III	Ruth O. Miller.
Grade II	Margaret Hasenfus.
Sub Primary	George Hasenfus.

Dwight School

Grade IV	Margaret Mahoney.
Grade III	Vincent Bishop, Mildred Kenney.
Grade II	Helen Mahoney.
Grade I	Joseph Sokol.

Riverside School

Grade II	Henry Gamble, Albert Musikiewicz.
Grade I	John Keris.

Report of School Physician

Cardiac disease	7
Pulmonary disease	7
Orthopedic defects	18
Enlarged cervical glands	130
Defective vision in Dwight, Harris and Stephen Palmer	13
Pediculosis	2
Pupils weighed and measured	793

Three cases of diphtheria were discovered and one suspect sent home.

REPORT OF AGENT OF THE BOARD OF HEALTH

Board of Health of Needham,

Gentlemen:—The following is my report as Agent and Milk Inspector for the year 1921:

The total of diseases dangerous to public health reported to the Board of Health was 89. Such a record is truly remarkable and is the lowest total since 1914. The writer does not feel that this is an exactly true record as he is led to believe that numerous cases of Whooping Cough were not brought to the attention of the Board. Parents do not seem to understand that State Law requires them to report infectious diseases and places the same responsibility upon them as is demanded of a physician. Tables I & II give in concise form the distribution and nature of the cases reported.

DISEASES DANGEROUS TO PUBLIC HEALTH

Diphtheria

Only two cases of Diphtheria were reported. One case in an adult, who received hospital care, the other a child who received its infection from an older sister living in another town. Both cases recovered.

Chicken Pox

Only twelve cases of Chicken Pox were reported and all were distributed over the first half of the year.

Measles

Eight cases of Measles came to the attention of the Board. The cases were coincident with the Chicken Pox. Too much emphasis cannot be placed on this seemingly mild disease, particularly when it occurs in the presence of respiratory diseases such as Influenza and the Pneumonias.

Scarlet Fever

Eleven cases of Scarlet Fever were reported. The majority of the cases were very mild. They showed a general distribution through the year. At no time did an epidemic prevail. All cases were promptly isolated and preventative measures taken.

Trachoma

One case of suspicious Trachoma was reported.

Tuberculosis

Three new cases of Tuberculosis in various forms were reported during the year, a decrease of four over 1920 records.

Whooping Cough

Beginning with May, Whooping Cough became prevalent and ran a rapid course throughout Needham proper. Those cases attended by physicians were reported, but parents in many cases neglected to perform this function. A total of forty-three cases were reported, but the writer feels certain that three to four times this number would be more exact.

Lobar Pneumonia

Eight cases of Lobar Pneumonia were reported.

LABORATORY EXAMINATIONS

As is usual when few cases of contagious diseases are reported, the laboratory work decreased. Seventy-seven examinations were made. They were as follows:

Diphtheria cultures	33
Typhoid, Widal	10
Sputa, Tuberculosis	17
Malaria	3
Gonorrhea	10
Specials	4
Total	77

MILK

The usual monthly chemical and bacterial examinations were made during the year. The subjoined tables give in a concise form the results of the work. The dealers' names are arranged in alphabetical order and not in the order of excellence. The reader should bear in mind that a low bacterial count indicates cleanliness of production, careful handling and fresh supply. High counts show carelessness and old milk. In purchasing milk the chemical constituents of milk should also be considered. High fat and total solid values mean money value. For the baby, milk with low bacterial counts, with moderate fat and solid content, and from tuberculin tested herds should be chosen. The Agent, in his capacity as milk inspector, is ready to give advice on the question of a milk supply. It has been gratifying to observe the increase of requests for information regarding milk. The purchaser can do much toward urging the dealer on to a better supply. Purchase from the dealer who responds to encouragement. The inspector finds that several dealers selling small amounts of milk have been doing business without the necessary licenses, and by personal interviews has licensed the same.

NUISANCES

The Board has received the usual number of complaints. In general the Agent's requests for rectification of conditions have been complied with. It was necessary in only one instance to invoke legal power for the abatement of a nuisance. The owner was found guilty and ordered to "clean up" and with the consent of the writer the case was placed on file.

VITAL STATISTICS

After some deliberation, the writer has deemed it advisable to omit the figures for deaths, death rate, births, and birth rate for the current year, as returns come in after the printing of the Town Report and cause erroneous figures in statistics as regards health. The figures for 1920 have been corrected and are, I believe, accurate.

NEW WORK

It is the hope of the Agent to institute the immunization of children against Diphtheria. By modern methods, it is possible to determine those children who are susceptible to this disease, and by means of a vaccine an immunity against Diphtheria is established. Parental assent to carry out this work will be necessary. The work of immunization against this disease has been attended with considerable success in larger communities.

Respectfully,

H. E. BERGER, Jr.

Agent.

Report of the Trustees of the Needham Free Public Library for 1921

During 1921 the residents of Needham took from the library, and presumably read, forty-nine thousand five hundred and five volumes. In a list prepared by the State Library Commission showing the population of the cities and towns in the Commonwealth and the number of books circulated by their public libraries, there are few towns with a like population with so large a per capita circulation of library books as Needham, and all of this business is handled by a librarian and two assistants; the same number of employees as when the distribution of books was much less. The Needham library circulates some thousands of books each year more than the library of the City of Marlborough or that of the City of Newburyport, and the population of each of these cities is two and one-half times greater than that of Needham, and both expend in salaries much more than does Needham, Newburyport nearly twice as much. Methuen has over fifteen thousand people and circulates some thirteen thousand less books than Needham, but at a much larger cost. Lexington, with about the same population and circulation of books pays sixteen hundred dollars more in salaries in a year. The foregoing are a few of the illustrations of the fact that the Needham library does more business at less expense in salaries than most towns of a like number of inhabitants. The library was never in better condition. In the first half of the year books were sent to the Eliot Schoolhouse as a deposit station, and after school reopened in the autumn this was resumed with definite arrangements, and appears to be a success.

On December 1, 1921, the delivery station on Reservoir Street was given up because of lack of patronage. Miss Ethel A. McDonald had been in charge of this station since September 28, 1909, and has served the community faithfully. The trustees are considering establishing deposit stations at the Dwight and Parker schoolhouses, if arrangements can be made.

The trustees regret that the Finance Committee did not see fit to designate a part of the annual appropriation for the library, equal to the amount collected for fines the previous year as distinctly in place of the fines which were to remain in the town treasury. All money received by the library has for many years been paid into the town treasury, and the fines have heretofore been given to the library by specific appropriation.

The collection of fines is not an agreeable feature of a librarian's duty, but there seems to be no other method that prevents the keeping out of books for a longer time than is allowed by the rules of the library, and thus depriving all other persons of a fair chance to obtain books for which several individuals may be waiting.

The trustees have strengthened the reference and other departments of the library during the year.

Respectfully submitted for the Trustees,

GEORGE K. CLARKE,

January 19, 1922 *Chairman.*

Needham 486-W, Pumping Station

REPORT OF THE WATER COMMISSIONERS

To the Inhabitants of the Town of Needham, Mass.:

The Water Commissioners herewith submit their thirty-second annual report for the year ending December 31, 1921.

At the annual town meeting in March, Mr. Henry Thomas was re-elected Water Commissioner for a term of three years.

The board organized by electing Mr. Charles W. Jones, chairman; Henry Thomas, secretary; and appointing George A. Adams clerk and superintendent.

Extension of Mains

A six-inch main has been laid in Avondale Road, a private way leading off High Street.

The material has been purchased for an extension in Lawton Road, a private way leading off Green Street. The work on this extension was commenced late in the fall, but the amount of frost in the ground made it impracticable to continue, so it was postponed until warm weather.

A continuation of the main in Curve Street has been authorized and will be made in the early Spring. All of these extensions are made under a six per cent, ten-year guarantee.

Water Supply

Another year has rolled by and it has not been necessary to make additions to our water supply, for the pumping in 1921 was several million gallons less than in 1920, but the same conditions confront us now

as when we made our report in 1920, viz.: "that with a very dry season and a high consumption of water it will be necessary to dig an additional well," the location selected for this well is directly east of the Pumping Station, between South Street and the Charles River, but before we can with safety use the water from this locality it will be necessary to demolish or move the "Colburn House" away from its present location, as it would be unwise to have it occupied where it now stands. We therefore believe that the plan of a former board of Water Commissioners to move it across South Street on to the knoll near the Pumping Station, to be occupied by the engineers, is in keeping with economy and safety, for the benefit derived by the engineers living near the station will more than offset the expense of moving the house.

The State Forestry furnished us with two thousand White Pine trees (transplants), which were set out in the places of those destroyed when the sparks from a locomotive of the N. Y., N. H. & H. R. R. Co. set fire to that locality.

Pumping Station

The Laidlaw-Dunn-Gordon pump, purchased in 1913, and officially tested February 17, 1914, has been run every day since that date, and pumped over a billion two hundred million gallons of water, with only the ordinary upkeep repairs. This year it was necessary to replace some of the parts of the auxiliary pumps, renew the valves and steam pipes leading from the boilers, renew and make some changes in the location of the condenser and blow-off pipes in the cellar, and have the two Blake pumps overhauled and parts renewed where necessary, so that everything is in first-class running order.

The blind ditch that drains the land south of the Basin Dam has been dug up, cleaned out and relaid, so it again answers the purpose for which it was originally made.

Hydrants

The hydrants have had their customary inspection and repaired when found necessary, to put them in first-class working order.

Water Rates

As amended by vote of the town in 1910, and the Board of Water Commissioners in 1920.

The minimum advance water rate on each service shall be $6 per annum, from April 15 to April 15, and pays for 2,222 cubic feet of water if used between these dates.

Water used in excess of 2,222 cubic feet, and under 202,222 cubic feet will be charged at the rate of 19 cents per 100 cubic feet.

Water used in excess of 202,222 cubic feet will be charged at the rate of 11 cents per 100 cubic feet.

Meter rental, $1 per annum, payable in advance.

Bills for the minimum advance water rate of $6, and meter rental of $1, shall be rendered April 15, and will include the charges for excess water for the year ending on that date, except if the water used between April 15, and October 15, in the same year exceeds 2,222 cubic feet, a bill for such excess shall be rendered and payable October 15, or, if the meter readings indicate that a large amount of water is being used on any service, the bills shall be rendered and payable monthly.

FINANCIAL REPORT OF WATER COMMISSIONERS

Vacuum Oil Co., oil	$187.75
Chapman Valve Mfg. Co., valves	39.22
Bay State Belting Co., packing and waste	46.04
Walworth Mfg. Co., service stock and supplies	203.59
Wadsworth-Howland Co., paint	5.20
Melrose Free Press, printing reports	12.75
A. W. Chesterton, supplies	69.25
Joseph Young & Co., service stock	8.38
A. M. Byers Co., pipe	151.47
Waldo Bros. & Bond Co., shovels, picks and supplies	52.38
Henshaw Motor Co., Dodge truck renewal	760.00
Lumsden, Van Stone Co., stock and labor, station	234.61
Chadwick-Boston Lead Co., lead pipe	30.54
Sumner & Dunbar, service stock	809.00
Thomson Meter Co., meter renewal	51.55
Thomson Meter Co., meter parts	13.95
National Meter Co., meter renewal	10.20
National Meter Co., meter parts	20.24
Neptune Meter Co., meter renewal	45.54
Neptune Meter Co., meter parts	158.44
Hersey Mfg. Co., meters	693.00
Hersey Mfg. Co., meter parts	124.68
Hersey Mfg. Co., meter repairing	74.09
Lead Lined Iron Pipe Co., lead lined pipe	1,525.93
George W. Knowlton Rubber Co., packing	15.67
Herbert N. Mitchell, insurance	426.09
C. W. H. Moulton, ladder	20.00
Stillman-Carmichael Co., repairing damper	6.22
The Bristol Co., recording ink	.36

Zepfler & Childs, 50 800/2000 tons coal at 3.25 at mines	163.80
Highland Coal Co., 51 1300/2000 tons coal at 9.20 delivered	475.18
Willett & Chadwick Coal Co., 21 640/2000 tons coal at 10.44 delivered	222.58
Willett & Chadwick Coal Co., 10 tons coal at 9.75 delivered	97.50
Willett & Chadwick Coal Co., 6 240/2000 tons coal at 9.25 delivered	58.46
Willett & Chadwick Coal Co., 20 75/2000 tons coal at 9.50 delivered	190.36
Willett & Chadwick Coal Co., 151 1810/2000 tons coal at 8.75 delivered	1,329.17
Dedham Water Co., cast iron water pipe	582.40
John T. Morse, Jr., refund for duplicate payment	224.85
Marrian L. Russell, refund for duplicate payment	102.60
J. Fred Staples, pipe drill	19.93
Herrick Co., pig lead	16.10
Ludlow Valve Mfg. Co., valves	45.50
Builders Iron Foundry, special castings	71.18
Leon Forand, wiring	14.20
Needham Post Office, stamps	40.00
Highland Press, printing	48.75
Woodward-Wagner Co., supplies	5.90

Tony Sherata, labor	18.75
Angelo Lazio, labor	9.00
Lorenzo Savignano, trenching	402.00
E. G. Herdman (men), labor	10.00
George Carlise, labor	14.50
Tony Friscano, labor	5.50
Charlie Alaimo, labor	96.75
Joe Gallo, labor	89.50
George Alaimo, labor	8.50
Tony Casrino, labor	5.50
Mario Pandolf, labor	3.00
	$22,655.96
Interest on bonds	6,320.00
E. Zirngiebel, refund for duplicate payment	9.23
	$28,985.19

Bonds

Bonds to the amount of nine thousand five hundred dollars have matured and been paid during the year.

Outstanding Bonds

1922	9,500
1923	10,000
1924	9,000
1925	9,000
1926	10,000
1927	10,000

1928	10,000
1929	10,000
1930	11,000
1931	8,000
1932	8,000
1933	9,000
1934	7,000
1935	7,000
1936	7,000
1937	7,000
1938	1,000
1939	1,000
1940	1,000
1941	1,000
1942	1,000
1943	1,000
1944	1,000

Total outstanding bonds	$148,500.00
Total bonds matured and paid	181,500.00
Total authorization and issued	$330,000.00

Respectfully submitted,

CHARLES W. JONES,
PHILIP A. RAND,
HENRY THOMAS,
Water Commissioners.

SUPERINTENDENT'S REPORT

To the Honorable Board of Water Commissioners:

Gentlemen:—I present herewith the report of the department for the year ending December 31, 1921.

Summary of Receipts

Cash in treasury, January 1, 1921		$8,552.72
Water rates	$24,585.53	
Meter rentals	1,507.93	
Repairs	467.57	
Rent of buildings	504.00	
Sale of grass	45.00	
Refund on insurance premium	117.16	
Sale of stone and cinders	6.25	
Interest on bank balances	177.41	
		27,410.85
Extension of service	1,176.16	
Sale of pipe	24.13	
		1,200.29
		$37,133.86

Summary of Expenditures

Extension of main	$991.10	
Extension of services	3,664.51	
Purchase of meters	693.00	
		5,348.61
Coal	2,836.48	

Engineers	3,406.00	
Labor on station grounds	122.18	
Stock and labor repiping	666.21	
Telephone service	30.06	
Relaying drain and repairing	134.75	
Lighting station	64.91	
Supplies for station	422.75	
		7,683.34
Office and meter reading	867.56	
Telephone service	86.47	
Printing, stationery and postage	137.57	
Clerk's department	537.97	
Salaries	2,184.00	
Liability insurance	426.09	
Refund for duplicate payment	327.45	
Legal services	150.00	
Renewal, repairing, parts and care of meters	889.55	
Labor and material on leaks	313.30	
Truck and runabout	1,260.00	
Labor, supplies and general repairing	2,444.05	
		9,624.01
Interest on bonds	6,320.00	
Refund for duplicate payment	9.23	
		6,329.23
Cash in treasury, December 31, 1921		8,148.67
		$37,133.86

Maintenance Account

Receipts

Balance January 1, 1921		$6,910.14
Rates, rentals, etc.		27,410.85
		$34,320.99

Expenditures

Orders drawn	$17,307.35	
Interest on bonds, etc.	6,329.23	
Transferred to construction account	2,535.74	
		26,172.32
Cash balance		8,148.67
		$34,320.99

Assets

Cash balance		$8,148.67
Amount due from water rates	3,281.99	
Amount due from meter rentals	190.07	
Amount due from repairs	87.02	
Amount due from sale of stone	1.25	
		3,560.33
		$11,709.00

CONSTRUCTION ACCOUNT

Receipts

Balance, January 1, 1921		$1,612.58
Extension of services	$1,176.16	

Sale of pipe	24.13	
Transferred from earnings of department	2,535.74	
		3,736.03
		$5,348.61

Expenditures

Orders drawn	$5,348.61

Assets

Amount due this account	$79.06
Amount transferred from earnings of department for construction to Dec. 31, 1921	$32,842.18

Cost of Works

Cost of Works as reported Dec. 31, 1920	$379,300.95
Expended in 1921	2,745.81
	$382,036.76

WATER PUMPED IN 1921

No allowance made for slip of pumps

Months	Gallons pumped in 1921	Average per day in each month	Coal consumed including heating station and banking fires	Average number gallons pumped per pound coal
January	12,900,000	416,129	42,000	307.1
February	11,200,000	400,000	37,000	302.7

Annual Revenue

Revenue since works were established, excluding income received from the town for water for public purposes:

1890	$505.99
1891	2,318.45
1892	3,125.99
1893	4,205.75
1894	5,096.07
1895	5,826.42
1896 (ten months)	5,362.11
1897	6,629.75

1898		6,808.11
1899		7,334.06
1900		7,857.09
1901		7,593.08
1902		7,890.28
1903		8,959.75
1904		9,156.81
1905		9,397.11
1906		12,285.20
1907		11,051.37
1908		12,391.19
1909		12,378.89
1910	(new rate, $6.00 minimum)	10,995.10
1911		14,080.56
1912		14,461.30
1913		14,865.69
1914		17,419.34
1915		18,907.14
1916		21,395.40
1917		21,977.69
1918		22,336.06
1919		25,094.02
1920		25,258.86
1921		24,892.89

Water pumped since works were established December, 1890:

Year	Gallons
1890	1,185,637
1891	9,278,008
1892	23,963,508
1893	34,744,726

1894	40,959,255
1895	50,771,384
1896	53,599,032
1897	65,949,410
1898	77,202,200
1899	81,799,375
1900	81,684,617
1901	84,306,557
1902	100,350,737
1903	107,580,370
1904	100,176,526
1905	103,487,396
1906	124,785,658
1907	115,107,418
1908	129,830,392
1909	122,375,400
1910	121,317,391
1911	112,630,728
1912	130,140,606
1913	125,732,521
1914	144,269,698
1915	147,910,000
1916	151,240.000
1917	138,240,000
1918	168,460,000
1919	144,440,000
1920	164,820,000
1921	158,080,000

Services

Seventy-three services have been added during the year, making a total of one thousand eight hundred twenty-one.

Fifty-seven are shut off temporarily, thirty supply the public buildings, parks and fountains of the town.

The length of service pipe laid is 6,273.3 feet, added to amount reported December 31, 1920, makes a total of 173,009.3 feet or 32.76 miles. There are also twenty-one fire service mains.

Extension of Main in 1921

Avondale Road, from High Street, 241.0 feet of six-inch pipe, with one six gate and one hydrant.

List of Pipes Laid to December 31, 1921

Size	Feet	Gates
18-inch	18.0	
16-inch	2,002.8	3
14-inch	15.0	
12-inch	8,534.7	18
10-inch	11,424.0	15
8-inch	70,916.1	98
6-inch	112,318.6	191
14-inch	15.0	
4-inch	15,549.4	32
	220,778.6	357

Total 220,778.6 feet or 41.81 miles, 357 gates, and 371 hydrants.

SUMMARY OF STATISTICS

For the Year Ending December 31, 1921.
Needham Water Department, Norfolk County, Mass.

Population by census of 1920, 7,012.

Date of construction, 1890. Owned by the Town of Needham.

Source of supply, wells. Mode of supply, pumping to standpipes.

Pumping

1. Builders of pumping machinery, the George F. Blake Manufacturing Co. and the Laidlaw-Dunn-Gordon Company.

2. Description of fuel used:
   (a) Bituminous coal, cost per net ton, $9.14.

3. Coal consumed for the year, 515,000 pounds.

4. Total pumping for the year, 158,080,000 gallons, without allowance for slip of the pumps.

5. Average static head, 242 feet.

6. Average dynamic head, 277 feet.

7. Number of gallons pumped per pound of coal, 306.9.

8. Duty of Laidlaw-Dunn-Gordon Pump, 70,911,311 foot pounds.

Cost of pumping figured on pumping station expenses, viz.: $7,683.34.

9. Per million gallons pumped, $48.60.

10. Per million gallons raised one foot (dynamic), $0.175.

Cost of pumping figured on total maintenance, including interest on bonds, viz.: $23,636.58.

11. Per million gallons pumped, $149.42.

12. Per million gallons raised one foot (dynamic), $0.539.

Consumption

1. Estimated population of the town, 7,300.
2. Estimated population on lines of pipe, 7,250.
3. Estimated population supplied, 7,250.
4. Total consumption, 158,080,000 gallons.
5. Average daily consumption, 433,095 gallons.
6. Gallons per day to each inhabitant, 59.3.
7. Gallons per day to each consumer, 59.7.
8. Gallons registered by meters, 79,314,877.
9. Water for public purposes not metered.

Distribution Mains

1. Kind of pipe, cast iron.
2. Sizes, 4 to 18 inches.
3. Extended during the year, 241.0 feet.
4. Total now in use, 41.81 miles
5. Number of hydrants added during the year, 1.
6. Number of hydrants now in use: Public, 346; private, 25; total, 371.
7. Number of stop gates added during the year, 1.
8. Number of stop gates now in use, 357.
9. Range of pressure on mains, 63 to 120 pounds.

Services

10. Kind of pipe, cast, cement-lined, lead-lined, galvanized iron and lead.
11. Sizes ½ to 8 inches.
12 Extended during the year, 6,273.3 feet.

13. Total now in use, 32.76 miles.
14. Number of services added during the year, 73.
15. Number now in use, 1,821.
16. Number used for public purposes, 30.
17. Number of meters now in the department, 1,771.
18. Percentage of services metered (domestic) 100.

Respectfully submitted,

GEORGE A. ADAMS,

Superintendent.

REPORT OF THE BOARD OF SELECTMEN

To the Inhabitants of the Town of Needham:

The following is the two hundred and tenth annual report, to which is appended those of the several departments submitted to this board:

Highways

Two perpetual problems present themselves to the Selectmen of every town and indeed to the State Highway Commission. How best may roads be constructed so as to have the cost of up-keep remain at a minimum, and how best to repair the broken surfaces and otherwise damaged streets so as to make them last as long as possible with the least burden of expense.

There is, probably, no street needing particular attention that has not received conscientious consideration. Where patching has not been practicable the roads have been scarified, reshaped and rolled, or re-surfaced; and in some cases sections have been rebuilt. A large amount of patching has been done either with broken stone well mixed with tar or with gravel, as the need might be. Many roads that have received but little attention for some years have been put into good condition.

There comes a time in the history of every roadway when it is beyond profitable repair. Its life depends almost wholly upon the quality of its original construction and the amount of traffic rolling over it. Present day demands could not have been foreseen at the time when some of our streets were accepted, or such would have been more heavily made and better drained. There are in our town some miles of streets that now, or soon will present a third serious problem. Such will sooner

or later have to be rebuilt in whole or in part with suitable provision for taking care of the surface water which now completely fills the catch basins and then leaves great pools until they slowly soak into the ground or evaporate. Doubtless a sewerage system will provide for this, but should the town wait till such a system is installed? Some of these streets are within the central areas of both villages and should be attended to at the earliest possible time. When a considerable portion of a road is so muddy in the spring that the town tractor is required to rescue automobiles which have settled to the hubs, it is safe to conclude that faulty drainage and lack of a proper foundation are the causes. Persons who live near or use thoroughfares that are in this condition may safely conclude that the only reason why the trouble has not been remedied is because the highway appropriation was barely sufficient to do the work taken directly into consideration when the appropriation was made. The above statements are not intended to disparage our streets, but to call public attention to matters that need correcting. It is a matter of common knowledge that auto tourists frequently give high praise to Needham as a town where excellent roads are found. While we may all take a just pride in this regard, we should have our needs in mind with a view to keeping town property in as fine a condition as our abilities permit.

Drainage

While the conditions above referred to constitute a real problem, doubtless our town is as well off as many others of similar size. But the condition exists and cannot be wholly cured without the expenditure of considerable money. It has been remedied to some extent by putting in additional catch-basins, by lowering others, and by building culverts under the surface. Perhaps the best illustration is at Marked Tree road, where the cul-

vert was lowered two feet and made four times its former capacity, and the brook to Chestnut Street was lowered, all according to the town vote. The whole section is greatly relieved and Needham Square benefitted, the surface water of which is carried down Chestnut Street in an underground pipe. The brook from Rosemary Lake to the Wellesley line needs the same treatment in order to abate what some people call a nuisance.

One thing seems certain, no new streets should be accepted by the town unless properly drained both as to surface water and foundation. Some complaints have been received regarding the flowage of surface street water onto private property. The Board is informed that public funds cannot legally be expended to prevent this, but that abutters possess the right to erect barriers to keep such water off private property.

Sidewalks

The well-considered policy has been followed of starting the construction of gravel walks where they will be of the greatest good to the greatest number, having in mind the safety of pedestrians from the danger of traffic. Observation shows that people will not use a sidewalk unless its surface is better than the adjoining roadway. Successful experiments have been made of applying a coat of Tarvia on gravel walks. The new walk along Highland Avenue, from Webster Street toward the Newton line, will be treated in this manner.

Applications for granolithic sidewalks to be built on the 50-50 basis as to sharing the cost, have been received far in excess of the available appropriations. Preference has been given to new construction of these walks where they will form connecting links with those previously built and leading toward the centers. Such as have been laid have followed a proper curve at inter-

secting streets as suggested in the town by-laws. At the intersection of Warren Street with Harris and Dedham avenues it was discovered that the square could be considerably widened without encroaching on private property.

In some instances granolithic curbing on the same 50-50 cost basis has been put in at the abutter's request where it was thought a decided improvement and advantage would result to both abutters and the town. All construction of this kind has been done by the Highway Department with the assistance of a concrete mixer secured from the Water Department. The expense has been no greater than in former years, and a better walk is the result. The prices are indicated on the Superintendent's report.

High Rock Street

This street, as laid out by the County Commissioners in their decree ordering the town to construct the same from Central Avenue to Chestnut Street, has been completed and is opened for travel, which is estimated to be about ten times the former amount. It cost $26,940.25, of which the County has reimbursed the town in the sum of $9,000. It should be noted that the contractor who did a considerable portion—from Central Avenue to the railroad bridge—went into bankruptcy after refusing to settle in full for his charges, and that the matter of final settlement of his claim is still pending.

Central Avenue

This is one of the oldest, if indeed not the very oldest thoroughfare in town, extending from Cook's bridge at Newton Upper Falls to Fisher's bridge at Dover—a distance of four and one-half miles. A hearing was held last May by the County Commissioners on a petition for

a relocation of and establishment of bounds. Many abutters were present, who discussed the plans very thoroughly. During the hearing a petition was received having seventy signatures of persons, all of whom live along the avenue and many owning property thereon. The Commissioners and Selectmen went over the entire street, interviewing abutters and receiving suggestions as to changes in the plans, etc. The result was that almost without exception these changes were made so as to save shade trees and lawns. The lay-out as finally adopted makes a street fifty feet wide throughout its entire length with many curves and grades either abolished or changed for the better. The expense of survey, engineering and land damages will be borne entirely by the County. This year a beginning was made on new construction from Cook's bridge extending nearly to the Elliot school at a cost to the town of $1,498.25, in accordance with the town vote; the County expending a like amount. It is expected that both the County and the State (from the Motor Vehicle Fund) will contribute from year to year till the entire avenue is rebuilt, provided the town appropriates equal sums therefor. The point to be bourne in mind is that whereas Central Avenue for years was so indenitely located that no one knew just where its boundary lines were, it is now definitely located for all time.

Webster Street

Under Articles 11 and 12 of the Annual Warrant the Town voted to accept Webster Street from the railroad to Hillside Avenue and appropriated $1,200 therefor. This work was done with tar-bound macadam. The railroad company was kind enough to widen its crossing and rebuild the same so as to conform to the newly made street.

Bridges

Attention is called again to the condition of three bridges over the Charles River, each of which is limited to burdens not to exceed three tons—Kendrick's bridge at Kendrick Street, Pierce's bridge at Charles River Street, and Day's bridge at Chestnut Street. The County Commissioners propose to destroy the latter and to construct a new two-span concrete bridge in its place, and to rebuild the road approaches thereto. State engineers and also an engineer employed by the town of Dover agree that the project should be delayed no longer. The County will pay one-half, and each town one-quarter of the expense.

The other two bridges referred to will need a like disposition within a few years.

Construction Under the Betterment Act

Because of a widespread general inquiry as to what this act means, the following brief explanation is given. In order to build a street under this act, certain important preliminaries must be taken care of. It is quite usual for abutters desiring a street to petition the Board of Selectmen to have the same laid out, graded and accepted. The petition is not an absolutely necessary matter, but in most cases it is the best thing to do provided it is signed by a sufficient number to furnish a sort of guarantee that 75% at least of the abutting owners stand willing to pay their share of the cost. The law places the burden on the Selectmen to determine in the first instance whether the proposed street is of such importance as to lead the Board to conclude that public convenience and necessity require that it should be built and accepted. If the Board decides adversely, that is the end of the matter for the time being. If the Board decides favorably, a plan and profile must be made by an engineer

after his survey, giving certain details. Then the records at Dedham must be searched to discover all the record title owners whose property abutts the proposed street as well as the mortgagees interested in such property. The record title owner of the land over which the street is to run must be discovered. All these parties must be notified of a public hearing to be held at a time and place certain. At this hearing each land owner liable to an assessment is told the maximum amount that he can be assessed and that he is entitled to pay the same in installments covering 10 years, interest to run until all is paid. These estimated betterment assessments can not be exceeded, but must be diminished pro rata if the street costs less to build than anticipated. The proposition is then brought before the town for action at a town meeting, where the vote decides the fate of the street. If the vote is favorable, the work will go along as expeditiously as possible. Within six months after it is completed, the Board of Selectmen issue to the Tax Collector their warrant for the final sums to be assessed. Any party who desires to pay by installments must see the Selectmen promptly after receiving his bill, and make his request accordingly.

Doubtless a better street at less expense results from this method than by the method set out in the town by-laws which provides that private parties may build a street over private property according to the specifications as laid down in said by-laws, and when done they may petition on or before November 1st to have an article in the warrant asking the town to accept it.

It is evident that in the latter way all the cost of the proposed street falls on the parties offering it for acceptance, and this will be true in the ordinary case where built under the betterment act.

Traffic Regulations

For some time the question of regulating traffic has agitated town officials and citizens generally. It was a delicate question and one that needed the combined judgment of all. Consequently a public hearing was called and well-attended, at which a free exchange of ideas was heard. Careful study was given the subject, rules and officials of other towns were consulted, and the following regulations were adopted; and, after complying with all the requirements of law, were put into effect at noon on October 1st, 1922.

1. No vehicle shall stop with its left side to a curb or gutter.

2. No vehicle shall stop within ten (10) feet of a fire-hydrant. This rule shall not be held to apply to vehicles owned or used by any of the several Needham municipal departments when the same are being actually used for strictly municipal purposes.

3. No vehicle shall remain stationary in such a position that any part thereof is within ten (10) feet of a street corner.

4. No vehicle shall remain backed up to a curb or gutter except when actually engaged in loading or unloading, nor shall any vehicle be so backed up except for such immediate purpose; and if it be a horse-drawn vehicle the horse or horses attached thereto shall be turned in the direction of traffic and parallel to the curb or gutter.

5. A vehicle, when loaded with any material extending beyond the rear end thereof shall be provided with a light by night and a flag by day clearly displayed from the extreme rear end of such load.

6. No vehicle, except commercial vehicles actually engaged in loading or unloading, shall remain stationary on the south side of Great Plain avenue between Dedham avenue and the New York, New Haven & Hartford Railroad crossing on said Great Plain avenue unless its front right wheel touches the curb and the right side of such vehicle forms an angle of forty-five (45 degrees) with the curb.

7. No person having control of a vehicle shall refuse or neglect to stop, move or change the position of such vehicle when and as directed so to do by a police officer.

8. The word "vehicle" as herein used shall include vehicles of all kinds however drawn or propelled and whether on wheels or runners, except such vehicles as are by law permitted to be drawn or propelled on sidewalks.

9. Whoever violates any of the provisions of the foregoing rules or orders shall be punished by a fine of not exceeding twenty ($20) dollars for each violation.

The police were provided with tags to attach to the vehicles of "inadvertant first offenders," requesting them to call at Headquarters and secure a copy of the rules. Very little trouble has been experienced, as almost everybody has shown a disposition willingly to obey. If experience should show that any of these regulations are unreasonably burdensome and work more harm than good, they may be changed or annulled by a process of lawful procedure.

Street Lighting

Needham has the reputation of providing more lights per mile of streets than most towns of its size. This year the additional lights voted at town meeting have been

installed and three new lights ordered placed on Cedar Street to the Wellesley line. Some complaints have been received of broken and unlighted lamps, which have been promptly replaced by the Edison Co. Whenever a light is found broken or unlighted, the pole location and number should be reported to the Chief of Police or to this Board. The cluster lamps at the corner of Chapel Street and Great Plain Avenue give constant trouble. During electric storms the heavy current burns out the lamps which remain unlighted until new ones can be purchased and installed. It is a question whether this cluster, the current of which is now furnished free by the Middlesex & Boston Street R. R. Co., should remain, or be replaced by an arc light with Edison power.

Town Hall

The contract for painting the exterior (after advertising for bids) was awarded to William Hamson, who did the work under the supervision of Lamont Litchfield. The woodwork was repaired where it had rotted, and all the large oval sash were stiffened by iron braces. The lettering on the front of the building as well as the figures and hands of the clock were all reguilded, and the clock faces refinished.

The interior has received such attention as the appropriation would permit. Besides the ordinary repairs and general upkeep, new plumbing has been installed in the basement toilet thereby rendering the place cleanable and constantly decent. The walls and ceilings of this room have been repainted, and so have the rooms of the Town Clerk, Water Commissioners and Selectmen. The pilasters in the lower corridor have been refinished with washable paint, new double-swing doors have been placed in the toilet on the first floor, and the partition en-

closing the Tax Collector's office has been rearranged so as to render the remaining floor space more convenient to the Town Accountant and Superintendent of Streets.

There have been frequent calls for rental of the upper hall, and this year's income therefrom ($1,018.00) is believed to have exceeded any previous year. Less damage has been done this year, due in part at least to the Board's policy of inspecting the hall immediately before and after it has been used, and holding the hiring party responsible for any damage done.

The fuel used has been a mixture of hard with soft coal, and the same has given good satisfaction.

The cesspool was thoroughly cleaned and latteral dry-well trenches put in, which improvement is proving satisfactory and should eliminate the expense of pumping out, which was becoming a large item.

Board of Health

The detail work of this department has been done by the Board's agent, H. E. Berger, whose report speaks for itself. Some complaints have been received and have in each case been promptly investigated and taken care of. The most frequent annoyance is due to crowing roosters. Courts are very wary about finding poultry keepers "Guilty" where there is no violation of a town by-law. If chanticler's melodious voice is to be silenced on moonlight nights and in early morning hours, the only sure way to accomplish this is to enact a suitable by-law.

Fire Alarm Department

In accordance with the vote of the town, and after receiving competitive bids, a contract for the installation of a new motor-generator and a new slate switch-board

to replace the old wooden board, was awarded to the Gamewell Fire Alarm Telegraph Company at a price about $300 less than the original estimates. A new pipe frame to replace the wooden frame on the old slate board was installed, and all wires enclosed in iron conduits, and a brick wall was erected to replace the wooden partition in the battery room, thus making both apparatus rooms practically fire-proof.

Police Department

The Board has continued the policy of holding the Chief responsible for the efficiency of his department. He has been free to consult with the Board and has done so on many occasions. Suggestions looking to the improved efficiency of the force have been considered, and some matters of discipline have arisen. One officer was removed for cause shown, and a new man appointed after advertising for candidates who must measure up to the usual standards adopted in municipalities. A new Ford car was purchased to take the place of the inadequate car that was practically worthless for the work of this department.

Snow Removal

The efficiency of the Highway department was tested severely on two occasions. In February one of the heaviest snow falls within so short a period piled the roads high with drifts and threatened to tie up traffic the same as in former years. The new tractor and plow was able after 60 hours of continuous work, to clear all roads and in spite of a late start to keep open for regular traffic, Highland avenue to the Newton line and the Motor Bus route to Charles river. This demonstrated the practical value of motor driven apparatus as efficient and economical in clearing deep snow from the highways.

Arrangements have been made for the trial use of a Fordson tractor equipped with a Stark plow and of a motor truck similarly equipped should occasion present itself this winter.

The second severe test of this department came with the unprecedented ice storm of November last when hundreds of trees, poles, and entangled wires almost completely filled many of the streets. This department worked in close cooperation with the Tree Warden with a result that the main arteries of traffic were opened and safe for use within a few days.

This Board wishes to express its hearty appreciation of the excellent spirit of service rendered by all town employees during that dangerous and difficult week, and during the blizzard of last February. And likewise to those of the American Legion who volunteered to do any kind of work that might be assigned to them in clearing away the debris due to the ice storm. These men were placed at the disposal of the Edison Company, and it is no aggeration to state that through the generous efforts of these volunteers light and power were restored to our industrial plants much sooner than possibly could have been done otherwise, and this too without any expense to the town.

Town Accountant

At its January meeting in 1913 the town accepted the Town Accountant Act and established the system of accounts recommended by the State. Mr. Everett Totman was appointed to the position in February of that year and held the same until his death last March. Mr. Totman filled the position faithfully and well, his work being appreciated by all who came in contact with him. After advertising for candidates the Board appointed

Mr. Clarence E. Foss to fill the unexpired term. Mr. Foss has proven himself a painstaking and very efficient man for the position.

Kingsbury Ledge

Under Article 27 of the Annual town meeting the town voted $1000 for the purchase of some 15 acres of ledge land on Central avenue, known as Kingsbury Ledge. Upon an examination of the premises and in a conference with some of the adjoining owners, it seemed that the exact location of the boundary lines of the Ledge property were somewhat in doubt. The title was examined at Dedham and report made by the examiner. After careful consideration the Board came to the conclusion that the interests of the town could be best safeguarded by having the land surveyed, a plan made, and the title put through the Land Court. The attorney for the owners of the property was consulted who reported that the owners were agreeable to this provided they were put to no expense. An agreement to this effect was drawn with the proviso that the same should be conditioned upon the town's continuing the appropriation. This agreement has not been presented to the Board, although it is understood to be satisfactory to the owners. The expense of the survey and Court procedure will probably not exceed $100. Should the Land Court refuse to register the title, the town will be under no obligation to complete the transaction. Attorneys in the case are confident, however, that the title will be registered and that the course adopted by the Board was the only proper one to follow.

In conclusion it may be said properly that no conscientious person serving on this Board can study impartially the many and often complex problems which continually arise without realizing more fully than any private citizen can possibly realize, the difficulties in the

way of accomplishment of many things which clearly ought to be accomplished. Almost every problem involving expenditure, boils down ultimately to a question of comparative necessity. Suggestions for the 1922 appropriations have been based on estimates which are as nearly exact as it is possible to make them and are capable of mathematical analysis and proof.

Respectfully submitted,
G. WALDO CRAWLEY,
FRANK W. GORSE,
HARRY L. THOMPSON,
Selectmen of Needham.

For convenience of comparison the 1921 similar appropriations are given in parallel column.

	1922 Recommendations		Appropriated in 1921
General Maintenance:			
Executive	$3,700.00		
Surveys	200.00		
(a) Equipment:			
Fordson tractor	600.00		
Concrete mixer	190.00		
Misc. small tools	200.00		
Track and cars	200.00		
Truck & runabout	1,300.00		
Cleaning	3,000.00		$5,000.00
General Repairs:		Drainage	400.00
Scarifying, surfacing		Misc. gen'l	4,000.00
scraping, patching	5,000.00		4,000.00
Fences	300.00		500.00
Bridges	200.00	Signs	100.00

The following are recommendations for appropriations for highways and sidewalks with an analysis of the budgets:

Appropriated in 1921 for Highways:		
General Maintenance	$30,000.00	
Webster St. construction	1,200.00	
High Rock St. construction	5,000.00	
Kingsbury Ledge	1,000.00	$37,200.00
Recommended for 1922		$37,200.00

BUDGET FOR 1922

General Maintenance:	
Executive	$3,700.00
Surveys	200.00
(a) Equipment:	
Fordson tractor	600.00
Concrete mixer	190.00
Misc. small tools	200.00
Track and cars	200.00
Truck and runabout	1,300.00
Cleaning	3000.00
General Repairs:	
Scarifying, surfacing, scraping, patching	5,000.00
Fences	300.00
Bridges	200.00
(b) Cleaning squares	800.00
Cleaning basins and ditches	700.00
(c) Preservatives:	
Tarvia, sand, labor for 24 miles at average width of 15 feet	12,645.00
(d) Construction gen.	8,165.00
	$37,200.00

(a) Equipment: This is recommended as it will save its cost in doing away with horse hire. It would be used for hauling sand, stone, etc., in snow-plow work, and to run the crusher at Hurd's pit.
The concrete mixer was secured from the Water Department and was used for mixing road patching material and concrete work.
The cars and track should be installed at the Central Ave. ledge and would save about $50 per week when used in place of teams.
The present Ford light-bodied truck is almost beyond safe usage. A sturdy truck is needed and a runabout.

(b) This estimate is the result of a change resulting in 40 weeks' work at $20, in place of $35 as formerly.

(c) Preservatives: Needham possesses approximately 30 miles of gravel road, 8 miles of water-bound macadam and 7.6 miles of tar-bound macadam. There should be applied Tarvia to 126,450 linear feet of surface to an average width of 15 feet at a cost of 6c per square yard for the Tarvia, sand and labor. All streets have been taken into consideration in reaching this estimate.

(d) Construction: These streets and sections of streets need to be rebuilt, and while the estimated expense of doing so is nearly double amount asked for this year, the Board believes a substantial start can be made and many roads completed where previous Boards have already built sections.

Webster to South St., 700 ft.	$1,000.00
Section Charles River St.	1,000.00
Complete Marked Tree to High Rock	350.00
Section South St.	1,000.00
Linden St. section rebuilt and drained	1,000.00

Section Grant, rebuilt and drained	500.00
Needham Sq. rebuilt and drained	2,500.00
Gt. Plain Ave. to Marshall from R. R.	2,500.00
Two sections Highland Ave.	2,500.00
Webster St. near High	1,000.00
Pickering St.	1,850.00

Sidewalks

1922 Recommendations:	
Gravel walks and repairs	$2,500.00
Granolithic 50-50 cost	6,500.00
	$9,000.00
General Appropriation in 1921	$5,500.00

The granolithic walks built in 1921 on the 50-50 cost basis resulted in betterment assessments of $1,873.87.

There are on file applications for these walks amounting to a total cost of about $10,000.00.

Respectfully submitted,

G. WALDO CRAWLEY,
FRANK W. GORSE,
HARRY L. THOMPSON,
Selectmen of Needham.

REPORT OF SUPERINTENDENT OF STREETS

Hon. Board of Selectmen

Gentlemen:

I submit the following report for the three months ending March 31, 1921:

Cleaning	$1,081.50	
Drainage	83.81	
Street Signs	105.10	
General Ex.	2,744.55	
Street Repairs	3,075.02	
Road Preservatives	180.00	
Street Construction	397.77	
		$7,667.75
Highland Ave. sidewalk	$157.50	
Snow Acct.	$3,007.76	
Greenwod Ave. Tarvia and sand	$226.00	

Where repairs were made:

Central Ave. near Herd's cor. and Hewitt's pit	$207.00
Noyes St., near Mr. Wales	58.50
Cedar St.	810.00
Webster St., near Norfolk St.	218.00
Greendale Ave., West of Kendrick St.	672.50
Repairs with Tarvia	545.50
Minor repairs	130.52

Highland Ave. drain, cleaning border $31.50

Respectfully submitted,

H. D. Blackman,

Supt.

To the Honorable Board of Selectmen:

I herewith submit a report of the work of the Highway Dept. from April 1, to December 31, 1921.

As a result of the votes taken in the March Town Meeting it was supposed that there would be considerable amount of new construction done under the Betterment Act. The Central Ave. crusher was thoroughly overhauled and the ledge drilled and blasted in anticipation of this work. Only a small part of this stone has been used. A reserve pile of stone has been crushed for use in case of an emergency. A dynamite store house was built of stone and concrete and the season's supply of dynamite bought. Only a part of this was used and later the state police ordered all dynamite guarded night and day, so an arrangement was made with the Dupont deNemours Co. to take back the supply on hand and give a credit memo for use next year.

The old road machine which has served the town for years was in such condition that it could not be used economically so a new steel machine was bought which has given great satisfaction under severe usage, behind the tractor, in scraping the streets, and in breaking up the hardpan on the new construction on High Rock St., and in shaping streets that had been scarified.

A small concrete mixer, which the water department had not used for some time, was obtained early in the season and first used for mixing Tarvia patching material, saving much time and expense. Later when the concrete gang was organized it was used on the granolithic work, and in building the West St. bridge.

Repairs

There were a number of streets, built of fairly good material, which had become very rough and needed only to be broken up, shaped with a road machine and rerolled to make very passable for a year or two. To do this work economically a second hand Austin Scarifier was bought for $30.00. The following tables will show the results obtained:

Street	length ft.	roller scraper scarifier labor	gravel labor
Avery	650	$27.00	$72.00
Cedar	600	15.00	9.00
Charles River	1200	23.62	
Central Ave. near Hurd's Cor.	850	26.26	12.00
Central Ave. near Hurd's Cor.	700	23.60	37.45
Central Ave. near Hunnewell	550	8.45	
Central Ave. South of Nehoiden	1000	15.95	
Central Ave. North of Nehoiden	600	47.55	
Hillside Ave.	600	7.50	
Hunnewell St. Central Ave. to Line	1900	24.00	
Greendale Ave.	900	22.50	
Nehoiden St. Great Plain Ave. to cemetery	2120	31.90	
Wellesley Ave.	1000	11.26	276.07
Webster St. High to Mark Lee	700	15.45	
Webster St.. Great Plain Ave. to Dedham Ave.	1500	24.40	

Kendrick St. A connecting road with Newton and Brookline was reshaped and given a coat of gravel and rolled. Later it was treated with Tarvia "B" and remained in good condition for the season. Another treatment next year should make this a very satisfactory road for a few years. The length repaired was 2650 ft. and cost $877.85.

Central Ave. south of Charles River St. Five hundred feet of this road was graveled to cover the large stones that projected above the surface of the old road. The cost of labor and material was $261.70.

Reservoir St. At the intersections with Central Ave. the grades were reduced and a Tarvia macadam surface built to conform with Central Ave. Cost, $234.00.

West Street Bridge. The old bridge was in very bad condition and it was thought best to make a permanent improvement instead of renewing the old timbers and planking. The foundation was in fair condition so forms were built around the abuttments and the walls grouted with cement. A twelve inch reinforced concrete slab was built across the nine foot span with ½ inch rods every 5 inches. The cost of this bridge exclusive of lumber for forms was $297 which is a comparatively small amount more than the cost of a new wooden bridge.

A short section of West St. brook was cleaned in order to lower the water level while working on the bridge. This brook is in a very bad condition and should be opened from the Wellesley line to Rosemary lake.

Drainage. The usual amount of catch basin cleaning has been done this year and a number of new

Basins built where badly needed. A new drain was built on High Rock St. East of Chestnut St., through a section of road that is very soft each spring, due to ground water, in hopes that if the water is carried away the very muddy condition will be avoided.

Charles River St. A section of six-inch Tarvia penetration road was built from Mr. Foster's drive for 600 feet west, costing $905.00.

SIDEWALKS

Marked Tree Road Sidewalk

The amount of automobile travel on this street and the dangerous blind curves, with no place for the children to walk, warrants the construction of a sidewalk. All the work was not done this year, as the cost would be too great, so the banks were cut away and the stumps and roots removed, and the foundations dug in anticipation of completing next year. 850 feet were graded at a cost of $607.00.

Highland Avenue Sidewalk

A sidewalk is badly needed on the west side of Highland Avenue from Webster Street for 400 feet south. A large quantity of material was obtained from West Street sidewalk, and from the new William Carter School, to do most of the rough filling. This walk should be completed next year and such trimming as necessary be done to the trees whose branches interfere with pedestrians.

Granolithic Sidewalks

The new granolithic construction was done by the Highway Department labor instead of by contract, as it was felt that more satisfactory results could be ob-

tained. Practically all of the work done this year was on walks that had no foundation, making it necessary to dig out the loam to a good depth and filling in with sand or stone, as cinders in sufficient quantity could not be obtained.

The sidewalk on West Street was the most expensive, as there was about four feet of hardpan excavation, and the foundation had to be heavy on account of the ground water.

The price of the concrete work compared very favorably with that of surrounding towns and cities, and the quality of work done was excellent.

The following table gives the granolithic quantities:

Street	Walks sq. ft.	Drives sq. ft.	Aprons sq. ft.	Fillers sq. ft.	Curb lin. ft.	Cost
Warren Street	2,452.9	330.2	341.7	23.3	74.1	$1,111.21
Great Plain Ave.	1,314.9	164.4	147.7		314.	765.32
Kimball Street	1,050	55.3	77.4			384.85
Highland Ave.	702					200.22
West Street	1,420	86.4	134.7		298.6	1,248.24

The prices charged the abbutors were 16c for walks, 20c for drives, 40c for aprons per square foot, and 50c per linear foot for curbs. These prices include the loam borders.

ROAD PRESERVATIVES

A number of the new streets that have been built during the last two or three years have not had a seal coat of Tarvia "B." This year these have all been treated, and most of the principal streets and those which have been gravelled or scarified and rolled.

Some of the side streets that were not in condition for Tarvia except as a temporary dust layer were not treated this year, because there are many heavily travelled hill streets which should have preference when the funds are limited. In many cases a coat of Tarvia will prevent a heavy repair bill for washouts and patching.

Approximately $9,500.00 has been spent for Tarvia and labor, patching included.

The sand pits that have the proper kind of sand for use on Tarvia are in such a condition that it was found much more economical to buy the sand from the Mass. Sand & Gravel Company and haul in trucks direct to the work. This did away with screening, cleaning the pit and much hand labor, and the truck could get its load from the bins with practically no standing.

Chestnut Street and Highland Avenue were treated at a cost of $1,040.00, half of which was paid by the State.

More money should be spent next year for surface treatment.

SNOW REMOVAL

The only storm of any account since April 1st was that of the heavy ice storm of November 28th. I wish to express my appreciation of the hearty co-operation of the tree warden and his department in this emergency. The two departments working together were able to accomplish very much more than if working separately.

The sidewalk snowplows have all been repaired so that we will be able to get along this winter, but before another year a number of new plows will have to be bought.

SPECIAL APPROPRIATIONS

Highland Avenue Sidewalk

Highland Avenue Sidewalk

An appropriation of $1,500.00 was made to begin construction of this walk. Starting at the corner of Webster Street, 1,865 feet were constructed over the most difficult section, leaving about 2,500 feet to be built. In this section there are two culverts to be extended and more or less excavation to be made.

This walk was constructed 5 feet wide inside of the border ,and about 6 inches high to allow for the building of the State highway, which must occur before many years.

The new walk is being used much more than was anticipated and many expressions of appreciation have been heard from those who use this highway at night.

No fences were replaced this year, as it was thought best to allow such settlement as might occur this winter, before building new fences.

Central Avenue

The construction started at the Charles River and extended for 1,325 feet toward the schoolhouse, with the width varying from 21 to 36 feet, with a total of 3,450 square yards. An extensive cut had to be made at the junction of Reservoir Street, and a heavier foundation laid in several places. The old street had an extensive crown and as a result the gutter had to be filled for practically the whole distance. After shaping the foundation, a 6-inch tar macadam surface was built.

The stone was crushed by the portable crusher at the town pit at Hurd's corner. Excellent results were obtained by using the tractor to haul the stone on drags to the crusher, making the work easier for the men loading and the delivering of the stone to the crusher cheaper and faster than by teams.

Webster Street

This street was built from Foley's Crossing to Hillside Ave., a distance of 525 feet. A heavy gravel fill was made, on top of which was laid a 6-inch tar macadam. The total number of square yards was 1,225. The stone was obtained from the Hurd's Corner portable crusher.

Marked Tree Road Culvert and Brook

In lowering this culvert two feet we struck quicksand and had great difficulty in preventing the banks from caving, so it was decided to put in a corrugated iron pipe 36 inches in diameter (which has four times the capacity of the old pipe) for a form and poured concrete around it, making a permanent concrete culvert. The ditch both above and below was cleaned out to a proper level and the ledge and boulders removed where found, from the R. R. track at Chestnut Street to several hundred feet below Marked Tree Road.

The catch basins and pipe laid by private parties in the brook are not in the best of condition, and should be cleaned out and repaired.

The street was not finished, as it is better to allow it to settle during the winter and repair it next spring.

High Rock Street

This street was completed from the R. R. bridge to Chestnut Street. After the work was started it was found that the grades as laid out would make the cost

of the street very much in excess of the amount appropriated. Therefore, with the County's consent, they were changed as much as possible and an additional amount obtained from the County. All of the excavation on this street was either through hardpan or ledge, and was therefore expensive.

Approximately 575 cubic yards of gravel were used, most of which came from Whitaker's pit. Both trucks and teams were used, and it was found that the approximate cost with teams was $1.60 against 84c with trucks.

On the Chestnut Street end the water pipe had to be lowered four feet through very hard digging. An 18-inch culvert was laid across the road near Mr. D. Cohen's. Although an effort was made to save all the shade trees possible, several had to be removed.

RECOMMENDATIONS

In making recommendations for new construction on our main highways, I would say that there are two sections of Highland Ave. that should be resurfaced, one near the Avery School and the other between Mellen and West Streets.

Great Plain Ave., between the railroad crossing and Marshall Street and through the Square, should be rebuilt and the drainage taken care of.

Nehoiden Street, which is the direct road to Wellesley Hills, is in poor condition from the cemetery to Central Avenue. This has a sand foundation and could be resurfaced at a comparatively low cost.

Another section of Charles River Street should be built and extended to Grove Street if possible.

The section of Webster Street near South should be completed.

Norfolk Street, near the corner of Warren Street, has a bad drainage situation which prevents the repair of this street until it is remedied by a drain to take care of the ground water.

Aid should be obtained from the State and County to continue Central Avenue, if possible.

There are a number of side streets near the center of the town which have never had any foundation and are almost impassable in the spring, notably Linden, Pickering, Grant and part of School Street, and parts of some of the streets in the center of Needham Heights, namely: Alfreton Road, Mark Lee Road and Hunnewell Street. A beginning at least should be made with some of these.

Equipment

I would recommend that the town purchase some kind of mechanical loader, as it would materially reduce the cost of handling material. The crusher could be operated during the winter and spring months much cheaper than during the hot summer, provided the material did not have to be shoveled by hand from the ground, where it would be dumped after crushing.

The present method of carting the stone from the ledge to the crusher with single teams is both expensive and slow. At a small expense a light commercial truck and two cars can be installed which would more than pay for themselves during the season. The crusher and plant itself is in good condition.

The portable crusher should have a thorough overhauling, as many of the bearings are badly worn.

The gasoline engine has a scored cylinder and the timing gears and bearings need renewing. It may be more economical to substitute other power, either electricity from the street railway or the use of a tractor.

The tractor purchased in January has given wonderful service at very little expense, and apparently is in excellent condition at present. From the 1st of April to the last of October the tractor has been in almost constant use on work that has taken the place of at least two double teams. It has been used to pull stone drags heavily loaded with stone up steep grades to the crusher. It did all the heavy scraping and plowing and the removing of stumps and rocks on High Rock St. and applied all the Tarvia "B." The cost of operating, including gasoline, oil, repairs, driver and depreciation is less than $10.00 per day.

The steam roller is 21 years old and has reached a point where the insurance company demands extensive repairs to the boiler before granting a license. Besides the boiler there are necessary repairs to the gears, bushings, etc., which will make the expense so great that it will probably be cheaper to buy a new one.

All equipment worthy of it will be painted and put in good condition before Spring, for money is well spent in keeping equipment in repair.

In Conclusion

I would say that I have not attempted to give a financial statement, as the town accountant will have it in great detail in his report.

An attempt has been made to attend promptly to all the small demands and complaints that have been made by the various citizens. These individually do not represent a great expense, but as a whole amount to considerable.

I wish to thank the Board of Selectmen for its hearty co-operation, and the fairminded treatment which it has given me during the past nine months.

Respectfully submitted,

A. H. STARKWEATHER,

Superintendent.

REPORT OF POLICE DEPARTMENT

December 31, 1921.

To the Honorable Board of Selectmen, Town of Needham,

Gentlemen.—I hereby submit my annual report of the doings of the Police Dept. for the year ending Dec. 31, 1921.

No. of arrests	123
No. of cases	132
No. of males	119
No. of females	4
No. of residents	59
No. of non-residents	64
No. of juveniles	5

Causes of Arrests

Assault and battery	5
Breaking and entering	4
Cruelty to animals	1
Cutting timber on posted land	1
Disturbing the peace	6
Drunk	26
Fugitive from justice	1
Gaming on the Lord's Day	16
Habitual truancy	2
Illegal sale of intox. liquors	4
Keeping and exposing intox. liquors	2
Non-support	2
Obstruction of funeral procession	1
Vagrant	2
Violation of auto laws	58
Violation of Town By-Laws	1

Disposition of Cases

Appealed	2
Discharged	6
Fined	80
House of Correction	2
Placed on file	17
Probation	7
Suspended sentence	4
Released by Probation Officer	14
Amount of fines imposed	$1,135.00
Amount of fines received by town	395.00

The year just passed has been a very busy one for the department as will be seen by the above report.

The ever increasing automobile traffic has necessitated a stricter enforcement of the auto laws, resulting in a large number of arrests for violation, 95% of which have resulted in convictions.

On Dec. 29th, the first fatal accident of the year was reported, when the body of Wm. C. Humberstone was found on Great Plain Ave., near the Whitney Farm. At first it appeared that Mr. Humberstone met his death by being struck by an automobile, but an investigation under way at time of writing may prove otherwise.

Forty warrants have been served on residents of the town for other cities and towns. Twenty cases not recorded above have been investigated and settled out of court and a proper record of same kept.

Six raids, for the purpose of searching for intoxicating liquors were made, four of them on warrant applied for by this department and two in connection with Federal officers. At four of the raids liquor was seized.

The town has been exceptionally free from breaks and robberies as compared to other towns in the neighborhood, no serious crimes having been committed and but a very small amount of property stolen.

The department is equipped with a lung motor which is stationed at the Central Fire Station at Needham. A new Ford car has been purchased to replace the old one. Time clocks have been installed, one at Needham Square and one at Needham Heights. This compels the ringing in hourly, by the patrolmen, and has proven a success. A daily report from each officer is now kept at the office.

The department consists of a chief and four patrolmen. The men are now all experienced in their duties, and have conducted themselves in an able manner.

I wish to thank the officers for their co-operation, also the Honorable Board of Selectmen for their advice and assistance at all times.

Respectfully submitted,

NORMAN McKENZIE,

Chief of Police.

REPORT OF TREE WARDEN

Needham, Mass.
January 14, 1922.

To the Honorable Board of Selectmen, Town of Needham,

Gentlemen.—I herewith respectfully submit the report for the Tree Warden's Department for the year ending December 31, 1921.

More brush cutting was done this year than in any recent year. Intersecting roads and dangerous curves in all parts of the town were given special attention, thereby making it safe for traffic and pedestrians.

Eighteen rock maple trees were set out where they were most needed. Through the carelessness of automobilists, three of these young trees were broken down or so badly injured that it was necessary to remove them.

There is a penalty provided for any person who cuts or mutilates highway or town trees. It would be wise to extend this law by including mutilation of trees by careless automobile drivers. The remaining trees went through the summer and late summer drought, and entered the winter in good shape.

A dormant spraying of miscable oil was applied to the infected ash trees for the scale and was effective where used.

Cutting for sidewalk foundation and grading results in a serious loss of root system. Modern road construction presents difficulty in that the materials used prevent any water from reaching the roots of the trees, causing a lack of proper nourishment. Twenty-five under-nourished maple trees were treated with five pounds of nitrate of soda and five pounds of acid phosphate to each tree. An application of this kind acts as a stimulant to the whole tree. This is done by boring holes eight to ten inches deep with a crowbar, which were made in circles, beginning from ten to twelve feet from the trunk and working toward the trunk, the chemicals placed in the holes, and the holes closed.

The November storm, the worst of its kind in the memory of man, wrecked our beautiful Needham trees, the pride of our town and county. Hardly a tree escaped —from the slight injury of some to the entire destruction of others, causing more damage in two days than a century can replace.

Since the storm this department has cleared up the debris on the sidewalks and in the streets and parks in practically all sections of the town. Hanging, loose, and broken branches have been removed from the greater part of all the shade trees. Eight hundred and eighty

trees have been trimmed completely to the date of this report. This is but a small part of the work in proportion to what remains to be done.

It is impossible to estimate the amount of money that will be necessary to complete this work as the labor on each individual tree varies from thirty minutes to three hours, according to the number of cuts to be made. Some of the trees have required as many as thirty cuts.

Dr. Stone of Amherst College and the State Department of Forestry, in making a tour of the devastated towns, visited Needham on January 6, and after examining the work done here, reported that the progress was excellent and the work done entirely satisfactory.

Respectfully submitted,

GEORGE TWIGG,

Tree Warden.

REPORT OF MOTH DEPARTMENT

Needham, Mass.

January 14, 1922.

To the Honorable Board of Selectmen, Needham, Mass.,

I herewith respectfully submit the report for the Moth Department for the year ending December 31, 1921.

The brown tail moth plague was reduced to a lesser degree last year than in any preceding year. It is probable that this pest will never again be the menace that it has been.

The oak leaf roller which put in its appearance in this section first in 1917 and caused increasing damage to our oak trees until 1919, gradually disappeared and is now practically extinct.

The gypsy moth, however, still presents a serious problem. The tremendous loss of branches during the November storm will tend to enhance rather than diminish the damage that will be done by the gypsy moths during the coming season. The explanation of this lies in the fact that most of the storm loss was confined to the tops of the trees where the gypsy moth rarely lays its eggs. The eggs that are deposited on the lower branches are still intact, so that while the number of egg clusters have not been appreciably diminished by the storm, the food supply will be greatly reduced by the loss of the foliage at the tops of the trees. The situation demands, therefore, an increasing amount of watchfulness and work to preserve the trees from defoliation during the summer.

A new pest, the satin moth, appeared in Needham last year. It is to be found on the poplar and willow trees. Unlike the other pests, which lay their eggs only once a year, the satin moth deposits eggs twice. This will necessitate twice as much spraying if the insect is found to be making serious inroads. The pest has been so recently introduced that to predict its importance is hazardous without further experience.

During the past year this department has done work on private estates amounting to over $4000. The usual amount of spraying and creosoting on town trees was accomplished.

The department appreciates the hearty support it has received in the past and looks forward with pleasure to a year of the same helpful co-operation on the part of the property owners.

Respectfully submitted,

GEORGE TWIGG,

Local Moth Superintendent.

REPORT OF CHIEF OF FIRE DEPARTMENT

To the Honorable Board of Selectmen,

Gentlemen:—I herewith submit the thirty-sixth annual report of the Needham Fire Department. During the year the Department has answered one hundred and forty-two alarms, including five second alarms and seven still alarms. This is the largest number of alarms the Department has ever been called on to answer in any one year, owing, no doubt, to the rapid growth of the town. It is again gratifying to call your attention to the low percentage of fire loss due to the installation of motor apparatus and permanent men.

In November, Sumner D. Matthes resigned from the Department after one year of service. This vacancy was filled by the Board of Engineers, by the appointment of Wade Hampton.

The permanent men in the Department do all of the work on the fire alarm system under the direction of the Chief, also repairs to motors and the buildings, and I wish to express my appreciation for the willingness in which they perform their duties.

The call men are always on hand when occasion requires it and have shown a lively interest in the Department.

All the motor apparatus is in excellent condition. The Combination which was purchased in 1917 has given more or less trouble since its installation, and this year the White Co., from whom it was purchased, have installed a new motor in it without any expense to the town, and at the present time is in perfect condition.

The horse-drawn Ladder Truck, which was purchased thirty-nine years ago, is not in the best of condition and has outlived its usefulness. On November 27, a fire occurred which required the use of ladders, but owing to the slippery streets the horses were unable to move this piece of apparatus and at times no horses are available. To remedy this defect a motor-driven ladder truck should be purchased at once, as the Department is not complete without it.

At the last March meeting, a committee consisting of Frank W. Gorse of the Board of Selectmen, Walter E. Lovering of the Finance Committee and the Chief of the Station has been disposed of to the Whitney Fire and will make their report at the coming meeting. The horse-drawn wagon which was stationed at the Central Fire Dept. were appointed to look into the matter Appliance Co. of Boston, for the sum of three hundred dollars. I would recommend that some action be taken in regard to a new Central Fire Station. This would make a saving to the town to have all the apparatus and men in one building. The present buildings are in as good a condition as possible but with forty years of service they have not improved either in looks or wear.

The total number of alarms during the past year was one hundred and forty-two.

Classified as follows:

Buildings	27
Brush and Grass	98
Autos	6
Railroad Bridge	1
Dump	1
Emergency	1
Lunch Cart	1

Cause so far as known:

Sparks, Locomotive	25
Chimneys	16
Burning rubbish and grass	20
Children	10
Incendiary	13
Smoking	4

False	4
Electric Wire	4
Oil Stove	1
Lost Child	1
Stove pipe	1
Gasoline	1
Needless	5

The amount of values, insurance, and losses by fire is as follows:

Value of buildings at risk	$71,300.00
Insurance on same	56,550.00
Loss on buildings	4,780.00
Insurance paid on buildings	3,726.00
Value of contents at risk	11,525.00
Insurance on same	6,500.00
Loss on contents	620.00
Total amount of property at risk	82,825.00
Total amount of insurance	63,050.00
Total loss	5,400.00
Total insurance paid	4,851.00
Leaving the total loss by fire of	549.00

The amount of hose used for fire service during the year was 6,650 ft. The number of gallons of chemicals used, 986. The number of feet of ladders used was 501.

In conclusion I wish to thank your Honorable Board for the hearty spirit of co-operation shown in your attitude toward this Department.

Respectfully submitted,

H. HOWARD UPHAM,

Chief of the Fire Department.

REPORT OF SUPERINTENDENT OF FIRE ALARM

December 31, 1921.

To the Honorable Board of Selectmen,

Gentlemen:—I herewith submit the annual report of the Fire Alarm Department.

At the annual meeting in March a special appropriation of seventeen hundred and seventy-five dollars was made to install a new slate protector board with all modern appliances, and a motor generator set, for the battery room located in the basement of the Town Hall.

The contract was awarded to the Gamewell Co. of Newton Upper Falls by the Board of Selectmen. The fire alarm room has been practically rebuilt and is now in up-to-date condition, thus removing a fire hazard from our Town Hall; and the whistle operating valve has been taken from the outside and installed under the Town Hall roof. One new set of the latest improved batteries manufactured by the Gamewell Co. has been installed, the other set will have to be renewed this coming year. The system was in first-class condition up to November 27th, when the sleet storm completely demoralized all the outside lines. These have been temporarily repaired and will be made permanent as fast as new poles are set for the wires.

A new fire alarm box, No. 215, has been installed at the corner of Great Plain and Melrose Aves. All the outside work has been done by the permanent firemen. I would recommend the installation of two new fire alarm boxes this year, one on Carter Street and one on Great Plain Ave., near J. R. Ruitter's Printing Plant. I would further recommend that fire alarm boxes be installed on all school houses and the hospital. Some wire and cross-arms will have to be purchased this year.

Respectfully submitted,

H. HOWARD UPHAM,

Superintendent of the Fire Alarm.

Needham, Mass.

December 31, 1921.

Report of Committee on Motor-Driven Ladder Truck

At the Annual Town Meeting in March, 1921, it was voted under Art. 35 that "a special committee of three, to consist of the Chief of the Fire Dept. and one member each of the Board of Selectmen and the Finance Committee, be appointed to investigate the advantages to the Fire Dept. of a motor-driven ladder truck, and report its findings to the town, not later than the annual Town Meeting of 1922.

The undersigned committee, appointed in accordance with the above vote, respectfully submit the following:

The present ladder truck was the first piece of apparatus purchased by the town, about 40 years ago, and has given as good service as could have been expected of it, but has outlived its usefulness.

The conditions under which the Fire Dept. operates have naturally changed with the growth of the town, and of course there is no comparison between the service demanded of the department then, and what is demanded of it now.

We have modern, up-to-date, motorized combination wagons, which are doing far more than could have been expected of horse-drawn machines, and hardly a person could be found in town who is not heartily in favor of such apparatus. The committee think the same would be true of a motor-driven ladder truck after its installation.

It is becoming more and more difficult to have suitable horses at hand to take this apparatus out, and we find the present arrangement very inadequate. While we are paying a bonus for having horses ready to take the ladder truck out, a recent experience will show the unreliability of such an arrangement, in case a real emergency had arisen. An alarm from box 51 was sounded for a fire on Carter St., in the Upper Falls district, and upon arrival of the Chief, he immediately sounded the signal which would call the ladder truck; the latter never arrived at the fire, due to the fact that the horses which were to draw the same both fell down on the way from the stable to the fire station, owing to unsharpened shoes. As they were unable to stand on the ice-covered streets, they could not, of course, pull the ladder truck.

Other instances might be cited showing that it takes anywhere from ten to thirty minutes to get the outfit on the way to the fire.

After careful study, the committee cannot fail to report that in their opinion, and in the opinion of many others, there is a crying need for an arrangement whereby the firemen can have at their command the necessary tools with which to fight a stubborn fire.

We feel that should a serious fire occur in one of our school buildings and lives were lost through inability to have ladders at hand when they were needed, we have been remiss in our duty, had we not done our part toward recommending the purchase of such equipment as would have prevented such an occurrence.

The committee have gone a step further than mentioned in the vote giving them their power, and have inquired into the cost of apparatus such as the department requires, and we find the price for a complete new outfit to be approximately $10,000.

We also found that what is known as a rebuilt piece can be purchased for $5,700 to $6,500, according to the equipment.

Your committee would therefore report that there is a great advantage to the department in possessing a motor-driven ladder truck, and would recommend that the sum of $6,500 be appropriated for the purchase of such a truck, and that a special committee of three be appointed to purchase same, one of whom shall be the Chief of the Fire Dept.

Respectfully submitted,

H. HOWARD UPHAM,
FRANK W. GORSE
WALTER E. LOVERING

Needham, Mass., Jan. 17, 1922.

REPORT OF FOREST WARDEN

Needham, Mass.

December 30, 1921.

To the Honorable Board of Selectmen,

Gentlemen:—I herewith submit my thirteenth annual report as Forest Warden.

In accordance with the statutes, the necessary notice, which calls the attention of residents to the laws relative to the necessity of securing a permit from the Forest Warden before building fires in the open, was published in the Needham Chronicle in the month of February. The number of permits issued from this office during the past year was 1,279. This is an increase over all previous years. There have been 19 calls for the Fire Department caused by burning rubbish and grass this year, about half of which occurred during the three winter months, when permits are not required. If the holders of permits would be careful and not light their fires on windy days some of the alarms could be eliminated. One of the calls was caused by burning brush for which no permit had been issued and the offender reimbursed the town for the expense of extinguishing the fire. Permits for building fires in the open are issued at Fire Department Headquarters and at the Fire Station at Needham Heights.

The following are extracts from the Massachusetts Forest Laws:

Setting Fire to Growing Wood or Timber of Another

Punishable by a fine of not more than $100.00 or by imprisonment for not more than six months. R. L. 208, Sect. 7.

Letting Fire Escape

Negligently allowing fire to escape from your own land to adjoining land. Punishable by a fine of not more than $250.00, also liable for damages. R. L. 208, Sects. 8 and 9.

Forest Wardens Not Liable to Arrest for Trespass

Wardens, Deputies and Assistants, not liable for trespass while acting in the reasonable performance of their duties. Acts 1907, 475, Sec. 6.

Permit to Light Fire in the Open

In any city, or towns so voting, a permit from the Forest Warden must be obtained to start a fire between March 1 and December 1. The only exception being—that debris from fields, gardens or orchards, or leaves and brush from yards may be burned on ploughed fields by the owners thereof, their agents or lessees, but in every case such fire shall be at least two hundred feet distant from any forest or sprout lands and at least fifty feet distant from any building, and provided further that persons above eighteen years of age may maintain a fire for reasonable purpose, upon sandy or barren land, if the fire is enclosed within rocks, metal or other non-inflammable material, but in every case such fire shall be properly attended until extinguished. Violation of this provision—punishable by a fine of not more than $100.00 or imprisonment for not more than one month or by both such fine and imprisonment. Acts 1908, 209, Sect. 4, as amended by Chapter 244, Acts 1911.

Arrest Without Warrant

The Forest Warden or any of his deputies may arrest any persons setting or maintaining a fire in violation of the provisions of this Act. Acts 1908, 209, Sect. 4, as amended by Chapter 244, Acts 1911.

Penalty for Refusing Aid

Any person between the ages of 18 and 50 years who refuses, without good cause, to assist the Forest Warden or his deputies in the fighting of forest fires is liable to a fine of not less than $5.00 or more than $100.00. R. L. 32, Sect. 21; 1907, 475, Sect. 3.

Disturbing Notices

Whoever wilfully tears down or destroys any notice posted under the provisions of this Act shall be punished by a fine of $10.00. Acts 1907, 475, Sect. 7.

Laws Relating to Slash or Brush

Chap. 308—1920

SECTION 1. Every owner, lessee, tenant or occupant of lands or of any rights or interests therein, except electric, telephone and telegraph companies, who cuts or permits the cutting of brush, wood or timber on lands which border upon woodland, or upon a highway or railroad location, shall dispose of the slash caused by cutting in such a manner that the same will not remain on the ground within forty feet of any woodland, highway or railroad location.

SECTION 2. Any person who cuts or causes to be cut trees, brush or undergrowth within the limits of any highway or public road, shall dispose of the slash and brush then and there resulting from such cutting in such a manner that the same will not remain on the ground within the limits of said highway.

SECTION 3. Electric, telephone and telegraph companies which, at the time of erecting their transmission lines, cut or cause to be cut brush, wood or timber on land which borders upon woodland or upon a highway

or railroad location, shall dispose of the slash caused by such cutting in such a manner that the same will not remain on the ground within forty feet of any woodland, highway or railroad location; such companies which after the erection of their lines trim or cut brush, wood or timber which has grown up since the line was erected, and which borders upon woodland or upon a highway or railroad location, shall, upon the request of the state forester, and within a time limit set by him, dispose of the slash of second or subsequent cuttings if the same in his opinion constitutes a menace to adjoining property.

SECTION 4. The state forester, or any duly authorized assistant of the state forester, and the forest wardens in cities and towns are hereby authorized to inspect wood or lumber operations, and also the rights of way of electric, telephone and telegraph companies' transportation lines, to determine whether the slash and brush are disposed of in accordance with the provisions of this act.

SECTION 5. Violation of the provisions of this act shall be punished by a fine of not less than twenty nor more than one hundred dollars.

SECTION 6. Chapter one hundred and one of the acts of nineteen hundred and fourteen is hereby repealed. [Approved April 14, 1920.]

Respectfully submitted,

H. HOWARD UPHAM,

Forest Warden.

REPORT OF INSPECTOR OF BUILDINGS

Needham, Mass.

December 31, 1921.

To the Honorable Board of Selectmen,

Gentlemen:—I herewith submit the ninth annual report of the Building Department. The number of building permits issued from this office during the past year is two hundred and eleven.

Classified as follows:

Dwellings	60
Garages	95
Additions and alterations	26
Poultry houses	6
Sheds	6
Stables	5
Store houses	3
Shops	3
Factory	1
Greenhouse	1
School building	1
Ice house	1
Office	1
Camp	1
Dairy	1

The estimated cost of construction is shown by the monthly issue of permits as follows:

	Permits	Value
January	11	$28,400.00
February	5	27,275.00
March	17	200,400.00
April	19	31,610.00
May	17	35,050.00
June	24	29,060.00
July	17	53,875.00
August	28	60,350.00

September	20	29,275.00
October	26	56,360.00
November	19	56,935.00
December	8	46,500.00
	211	$655,090.00

This is an increase of fifty-three permits over last year, and an increase of almost double the estimated cost of construction over last year.

The number of Electric Wire permits is 291. This is 59 more than in 1920. The number of plumbing permits is 85.

All work has been carefully inspected and made to conform with the building laws as far as possible.

All the plumbing has been inspected by Mr. J. Frank Buckley and his assistant, Mr. Henry Thomas, and found to be satisfactory. Plumbing permit blanks may be obtained from either of these gentlemen.

Mr. Joseph Alexander was appointed Wire Inspector on April 1st and all inspections in the electric work have been made by him. Permits for all electric work are issued from Fire Department Headquarters.

The amount collected for permits in this department for the use of the town and paid to the treasurer is as follows:

Building permits	$226.00
Electric permits	175.00
Plumbing permits	104.00
Total	$505.00

Respectfully submitted,

H. HOWARD UPHAM,

Building Inspector.

REPORT OF PARK COMMISSIONERS

To the Inhabitants of the Town of Needham, Mass.:

I beg to hand herewith a report of the Park Commissioners for the year 1921. This department has expended the following amounts:

For the bathhouse on South St., including new steps	$105.81
Advance on account of playground	49.60
Paid for the care of Needham Common and Thorp Park	148.00
For the care of Vesta Park and Mound at the depot	79.10
Noyes Park	84.00
Flag poles, painting, etc.	100.50
Hurd's Corner	51.95
Greendale Ave. & Webster St.	9.30
Grendale Ave. & High St.	26.00
Reservoir & Central Ave.	11.00
Repairs on lawn mowers	6.38
Plants and flowers	13.50
Total	$685.14

ATTENDANCE AT BATHHOUSE ON SOUTH ST.

Average daily attendance for July and August:

Boys	30
Largest attendance	65
Girls	40
Largest attendance	60

The Park department has had considerable complaints regarding the high shrubbery at Thorp Park. This department would recommend that all of the high

shrubbery be removed and be replaced by Jap. Privet hedge. This would mean about 350 plants placed two feet apart and would cost approximately $200.00.

Would also recommend for this park, ten special trees set in the center of the lot.

At Hurd's Corner there is considerable high shrubbery which is very thick. We would recommend that this be removed, and as there is an existing hedge, there will be no further expense. This change is recommended as the present shrubs obstruct the view of automobilists, which is likely to cause a very serious accident.

At Noyes Park, would recommend removing the evergreens and young maples, replacing the maples with the elms in order that this may be in keeping with the colonial atmosphere of this older part of the town. The cost of the elms would be about $20.00.

It was thought by our department that either the Legion or the trustees of Memorial Park could remove the shrubs from the various parks mentioned and use them on Memorial Park; thus relieve the Park Department of any extra expense and at the same time save this department the cost of buying shrubs.

We estimate it will cost $700.00 for care and general upkeep of our parks, etc., and approximately $300.00 for above recommended changes. We therefore ask for an appropriation of $1,000.00 for the ensuing year.

Respectfully submitted by:

PRESTON MITCHELL,
FREDERICK S. KINGSBURY,
I. TUCKER BURR, Jr.,
Park Commissioners.

PRESTON MITCHELL,
Chairman.

REPORT OF COMMITTEE ON TOWN PLANNING

At the Annual Town Meeting in March, 1921, under Article 42, it was voted, "that the Town appoint a committee of five citizens, to be appointed by the Moderator, to consider the advisability of establishing a town planning board, and to report not later than the Annual Town Meeting 1922. The Moderator appointed William H. Carter, Walter E. Lovering, Peter D. G. Hamilton, James H. Whetton and F. Ernest Thorpe.

This Committee met and organized with Peter D. G. Hamilton as Chairman, and Walter E. Lovering as Secretary.

The problem that confronted the committee seemed to divide itself into three parts:—

1. What is the work of a planning board?

2. Has the result been satisfactory in towns having such boards?

3. What such a board could have done for Needham.

Your committee has endeavored to answer these questions, and submits the following for your consideration:—

1. What is the work of a planning board?

Chapter 41 of the General Laws, Sects. 70, 71, and 72, provides that every city and town having a population of more than ten thousand shall, and towns having a population of less than ten thousand may create a planning board which shall make careful studies of the resources, possibilities and needs of the town, particularly in respect to conditions injurious to public health, or otherwise injurious in and about rented dwellings, and

make plans for the development of the municipality, with special reference to the proper housing of its inhabitants. In towns the said board shall be elected at the annual Town Meeting.

Every planning board shall make a report annually to the annual Town Meeting, giving information regarding the condition of the town, and any plans or proposals for its development, and estimates of the cost thereof. Every such board shall file with the Department of Public Welfare a copy of each report made by it.

Cities and towns may make ordinances and by-laws for the carrying out of these purposes, and may appropriate money therefor.

The planning board of a town may be authorized by vote of the town to act as park commissioners therein, and may be vested with all the powers and duties of park commissioners in towns.

It seems to your committee that the work of a planning board covers a very broad field, embracing all the subjects which in any way effect the development of the town. It would seem to be its duty to collect data on present local conditions from which a reasonably accurate forecast of future needs may be made; to make comprehensive plans for the physical development of the whole community, acquainting local officials and the citizens in general with its plans; and make suggestions to the proper official bodies for carrying out such features of the plan as in its judgment the finances of the town will allow.

The planning board has no authority and may simply make suggestions, upon which the voters must take action.

2. Has the result been satisfactory in towns having such a board?

There are at present 44 active boards in the various towns throughout the State, and several others are seriously considering the question.

Space will not permit detail of the work done in various towns, but so far as the committee has been able to determine the work of planning boards has been highly satisfactory, particularly the work of those boards who confined their activities to obtaining results that the towns were financially able to handle.

Dedham has been quoted as an example where a beginning has been made by acquiring a certain piece of swamp land at a small outlay, so that the slow process of fill by deposit of wastes might be started, and where it was suggested that the town should institute the public collection of ashes and refuse, eventually reclaiming the tract, and making possible a development into a park or playground.

Walpole prepared a plan by which the future development of the town was to be governed and at the town meeting this was adopted as the official plan. It was also voted to instruct the Selectmen to refer to the town planning board, for approval or disapproval, all plans for the location, erection or alteration of public buildings in the town; and all plans for laying out new streets or extension of existing streets, and when such plans are disapproved by the town planning board to refer them to the voters for action at a town meeting before their adoption. The board also recommended that the Selectmen proceed without delay toward a proper survey of the street situation, the laying out of street widths and the establishing of building lines. The town now has a forest park of 100 acres and a high school site of 37 acres, both being donated by public spirited citizens,

through the influence of the planning board. They also have provided ample play space around all school buildings.

Winchester has established upon recommendation of the planning board some 15 miles of building lines. This makes street widening much less expensive, prevents the erection of unsightly one-story stores on corners of residential streets, forms an effective fire stop, and makes for the general welfare of the town.

Many cases of town improvement at very slight expense may be cited but space will not permit. For further details we would refer to the report of the Department of Public Welfare.

3. What such a board could have done for Needham.

Many examples have been called to our notice showing how a planning board could have brought to the attention of the voters many glaring mistakes in the layout of the town. A few are given below: —

Birds Hill section, although naturally adapted for a high-grade residential district, has been partially developed in a haphazard manner, without comment or criticism; whereas a planning board could have studied the situation, aided in its development, taking advantage of its scenic beauty, and making it one of the most desirable districts in town. Harris Avenue, already laid out 92 feet wide, should link Birds Hill as finally developed with the rest of the town and become one of the main arteries.

Property lines on a portion of certain streets come through the middle of houses, because of faulty surveys.

Houses being erected opposite the ends of streets which might reasonably become thoroughfares in the future.

Building on lots without regard to restrictions.

Dead end streets, not planned for future connection with other streets, such as several off Manning St., Warren Street, and Fair Oaks Park.

Bradford and Manning Sts. not continuous.

Bad corner in Needham Sq. near the bank, where numerous accidents have occured.

Chapel St., where a bad corner exists.

Nehoiden St., which is laid out only 33 ft. wide from property line to property line, thus allowing room for but one sidewalk.

No accurate surveys with dimensions, angles, etc., definitely shown, thus handicapping the work of various departments, particularly the Board of Assessors.

The planning board could assume the duties of the Park Dept.

Private property might be developed to the detriment of the town, but under the influence of a planning board might be beautified to the benefit of the town.

There is now no means of enabling private individuals to develop their property on unaccepted streets in accordance with an authorized future plan.

The town should acquire land, with the help of the planning board, for future school houses or other public buildings. We feel that the planning board would be of much help in locating such buildings, inasmuch as they have put a continuity of study into the general town development, and have the information at hand which a special committee might not be able to obtain in a short time.

The committee feel that a planning board would be the means of bringing every branch of town management into harmony, as it would do work not now covered by

any department, so that all would act in conjunction with each other, and thus develop along definitely planned lines.

We have endeavored to obtain an opinion from those having experience in town affairs, and those having a knowledge of the workings of planning boards, and in each and every case the opinion has been that Needham should have taken this matter up long ago.

Needham has plans to make, public buildings to erect, improvements to make, and private property to develop, for it is growing. Does it grow as wisely and economically as it would if it had a well-planned layout? We think not.

Your committee therefore would most respectfully recommend that the necessary action be taken to provide a town planning board for Needham.

Signed,
PETER D. G. HAMILTON, Chairman.
WALTER E. LOVERING, Secretary.
F. ERNEST THORPE,
JAMES H. WHETTON,
WILLIAM H. CARTER.

AVERY PLAYGROUND

Sept. 21, 1921.

Board of Selectmen,
Needham, Mass.

Gentlemen:

I wish to submit the annual report of the Avery Playground Supervisor.

A supreme effort was made during the past season to instill more enthusiasm into the Needham and Needham Heights children concerning the playground. Success was attained in this end to the extent that the older

boys, from seven to fourteen years of age, were kept constantly interested. However, the same cannot be said of the younger element. Children from the ages of four to seven years were not very much in attendance, due to the fact that there was and always has been a lack of proper equipment to attract the young ones. There is a very great need for permanent playground equipment, such as swings, see-saws, sand chutes, and sand boxes. These things are absolutely necessary in order that a playground may be conducted to attract both the younger and older element of children.

Nevertheless, the supervisor has worked hard to overcome these odds by encouraging and teaching good, clean athletics and games through which the participants were enabled to gain the greatest possible amount of exercise. Special stress was placed upon the encouragement of the spirit of competition. From time to time, competitive games were held with the Newton Upper Falls Playground teams, and also with teams from Needham. In this way, two strong ball teams were developed which were able to cope with the best in their class. Interest was also high in boxing and volley ball.

The average daily attendance for the playground was from twenty to twenty-five children. The average daily attendance for the boys at the swimming pool was thirty-five, and for the girls fifty. No serious accidents took place this summer, although, several times, children were obliged to call for help after having over-estimated their ability as swimmers.

In closing I wish to thank the Selectmen for their co-operation and aid in conducting the playground.

Respectfully submitted,

JOHN D. FREEMAN.

The following is a list of equipment turned in to Mr. Warren at the Town Hall:

5 giant swing ropes (unfit for service)
2 baseballs
2 baseball bats
1 volley ball
1 volley ball net
1 set of boxing gloves (4 articles)
1 catcher's mask

REPORT OF OVERSEERS OF THE POOR FOR YEAR 1921

In presenting our report for the year 1921, we would particularly call your attention to the following table, which gives a complete history of the expenditures of this department since its inception in 1914.

It will be noticed that with the increased expenditures over last year our table of costs bear out about the same. Only in 1915 and 1919 have more families been aided, though more persons have been aided than ever before.

The gross expenditures have increased $5,406.79, reimbursements have increased to $2,307.95, leaving a net increase in expenditures of $3,098.84. With the type of cases we now have, it would appear that the reimbursements for 1922 would be $4,000.

Times are hard, prices high and families are having hard struggles, so that the board with their utmost care have been unable to keep within the appropriation.

RECORD OF CASES FOR YEAR 1921

Annual Report of Memorial Park Trustees

The Memorial Park Trustees herewith submit their annual report for the year 1921:

The Trustees of Memorial Park realize in making their annual report that it is not merely the report of a town department, but a story of thousands of Needham men, women and children who by their co-operation, interest and support have helped give to the park a great start toward its development.

When this great project was placed before the town for acceptance it was suggested by the men who prepared the plan that the development of the park be gradual. With only an appropriation of $500 the Trustees were faced with the problem of just what part of the park plan the town most needed.

They agreed that the athletic field was the first and most important part of the playground. This, too, was the largest part of the work. The Trustees were then confronted with the problem of just how they were to undertake this biggest job on the park with such a small sum of money at their disposal. The result was that they called together a meeting of interested citizens and placed before them a tenative plan for a Community Day, to be held on April 19, 1921. The outcome of this meeting was that a general committee of 40 was formed which divided itself into ten working committees.

The general committee soon decided that the job for the volunteer workers should be the removal of the loam from the area which comprised the athletic field, thereby making the necessary preparation for the cut and fill.

The work preliminary to April 19th consisted of detailed planning efficiently handled by each of the sub-committees. The proof of these well planned details was the undeniable success of Community Day. During the day over 2,000 men, women and children reported to do their bit of "digging in." Actually on the field were 1500 workers, 35 teams, 2 tractors and a steam shovel donated for the day. Work began at 8 o'clock in the morning, at noon dinner was served to all by the women of the town who had prepared the food to feed this hungry army. Impressive exercises appropriate for the dedication of the Park took place after dinner and the flag raising was a notable part. The steel flag pole and the beautiful flag were a gift of one of Needham's prominent citizens. The Red Cross furnished first aid whenever needed, messenger service was efficiently handled by troops of boy and girl scouts. The Band furnished music throughout the day.

The result was that practically the entire area of the athletic field was stripped of loam, at the estimated saving of $2,000 for the town. It is no wonder that the Boston papers were interested to print thousands of lines regarding this unusual event. It called forth also a splendid editorial in the Boston Transcript and a whole page in one of America's leading weekly magazines.

The splendid community spirit shown on April 19th. did not die out with one days work but hundreds of citizens donated $3500 to carry on the work. The result is that over 6,000 yards of clay and gravel have been cut from the hill and filled along the edge of the field. This cut and fill is now complete and the park is ready for the making of a first class athletic field. The completion of the field means the grading and replacing of the loam which will be rolled and seeded.

The Trustees have porposely omitted the names of any individuals who helped to make Community Day a success, as it would be impossible to make a complete list. We frankly acknowledge how helpless we should have been but for the tireless work of the different committees in preparing the Community Day plans.

In summing up the work of the year it can truly be said that the amount of work accomplished is due to the united support of the project by a large body of citizens. The Trustees feel that the town should pursue the original plan of the park's gradual development, and that it should never become a burden to the town.

The vision of the completed Memorial Park should ever be clearly before the townspeople. Unquestionably this park will be one of Needham's proud-

est possessions. The athletic field will be unequalled for situation and the playground for the children in both summer and winter of unexcelled opportunities. An artist has said that the "Memorial Circle, as it is planned, is nothing short of ideal." The year 1921 has seen a splendid start made toward the completion of Memorial Park, not only in the actual work that has been accomplished, but because it has a definite place in the hearts of the people.

Respectfully submitted,

T. J. CROSSMAN, Jr.,
WALLACE G. RAE,
WM. H. CARTER,
G. WALDO CRAWLEY,
Trustees Memorial Park.

COLLECTORS REPORT

TOWN OF NEEDHAM

REPORT

OF THE

FINANCE COMMITTEE

TO THE TOWN

AT THE

ANNUAL MEETING, MARCH 21, 1921

ELECTION MARCH 14
BUSINESS MEETING MARCH 21, AT 7 O'CLOCK

NEWTON
GARDEN CITY PRESS, INC.
1921

REPORT OF FINANCE COMMITTEE

Nearly every department has requested, and this Committee has recommended, larger appropriations for the town's annual routine expenditures than ever before in its history. The growth of the departments together with the increased quantities of materials needed, the salary increases previously authorized and the new law preventing departmental receipts being appropriated before they are paid into the treasury, are the chief contributing causes.

Your Committee, with practically every member regularly present, has been working since the last of January. It has had many hearings and conferences with department heads and persons particularly interested in the warrant.

The requirements of the whole town and the probable tax rate have been kept constantly in mind, and only such recommendations are made as seem, under all the circumstances, to be necessary for the proper maintenance of what the town now possesses and for such reasonable extensions and improvements as we believe the voters will approve.

On December 31st, 1920, our total municipal indebtedness was $496,000 to which we add this year $175,000 and pay off $21,900.

Every $10,000 appropriated will add $1.00 per thousand valuation to our tax bills.

If the following recommendations are voted without change the tax rate, so far as it can be forecasted, will be $25.00 at least.

But if all appropriations requested are voted, the tax rate will be close to $29.00.

ARTICLE 4

The Committee recommends that all unexpended balances of appropriations for 1920 be returned to the treasury, except the balance of the High Rock Street appropriation and the balance of the appropriation for the lowering of the culvert at Marked Tree Road and lowering the water-

COMPARATIVE TABLE OF 1920 APPROPRIATIONS AND APPROPRIATIONS RECOMMENDED FOR 1921

Article No.	Department	Appropriated 1920	Expended 1920	Asks 1921	Recommended 1921	Increase	Decrease

way from Chestnut Street in connection therewith which appropriations are to be continued.

The Committee also recommends that the sum of $12,000 be appropriated to pay deficiencies of 1920.

The Committee makes this latter recommendation because there is apparently nothing else to do, but it can see no justification for expenditures made in excess of appropriations. The law expressly forbids this practice except in cases of "extreme emergency involving the health or safety of persons or property."

		$12,000 00	

ARTICLE 5

The Committee recommends that the money received from dog licenses ($610 20) be appropriated for the use of the Public Library.

ARTICLE 6

The Committee recommends the following appropriations:

Selectmen's Department. $1,050. An increase of $300 over last year due entirely to the increased demands upon the Selectmen whereby they need additional clerical assistance. [Salaries $450, department clerk $300, incidentals $200. Usual clerk in connection with relief funds $100.]

Accounting. $1,050. An increase of $50 over last year due entirely to the expense account. [Salary $900, expenses $150.] The Committee also recommends that the Water Commissioners be instructed to pay the Town Accountant $350 for keeping the Water Department books. This is same as last year.

Treasurer. $1,000. An increase of $75 over last year due entirely to incidental expenses. [Salary $500, bond $125, clerk $100, expenses $275.]

Tax Collector. $1,400. Same as last year. [Salary is based upon collections. This appropriation approximately covers salary and expenses except premium on bond.]

Assessors. $2,885. An increase of $535 over last year. [Salaries $2,100 which is an increase of $300, expenses $785, which is an increase of $235 over last year.] A new law requires the Assessors to make a complete list of all women voters, which will require additional work and expense, for which we believe the above increases are ample. The Assessors requested $200 for work on their block-plans, but the Committee believes that no money should be spent on this item this year.

Finance Committee. $150. Same as last year. [Printing and distributing the Committee reports.]

Town Clerk. $675. Same as last year. [Salary $250, fees $225, expenses $200.]

Election and Registration. $1,000. An increase of $300 over last year. [Total cost last year $1,539 due to additional registrars, officers, warrants, voting-lists, and booths.]

Town Hall and Grounds. $3,900. An increase of about $300 over last year's appropriation which carried the receipts amounting to $600. A recent statute forbids the appropriation of receipts before they are paid into the treasury.

	Expended 1920		Recommended 1921
Janitor's salary and help	$1,284 00	Janitor's salary	$1,248 00
Fuel	743 00	Janitor's helper	200 00
Water (8 months)	90 00	Fuel	700 00
Supplies	50 00	Water (12 months)	130 00
Sundries	309 00	Supplies and sundries	220 00
Police	30 00	Repairs, miscellaneous	150 00
Repairs	1,355 00	Repairs, plumbing	200 00
		Repairs, inside painting	300 00
		Repairs, outside painting	350 00
	$3,861 00	Repairs shelving	100 00
		Repairs, new cesspool	150 00
		Miscellaneous	152 00
			$3,900 00

Police Department. $9,800. An increase of $1,250 over last year.

	Expended 1920		Recommended 1921
Salaries chief and two men whole time, two men part time, and specials	$5,914 00	Salaries chief and four full time officers	$8,653 00
Auto expense	508 00	Auto expense	500 00
Lungmotor	162 00	Miscellaneous, etc.	647 00
Misc. equipment, signs, meals, telephone, stationery, etc.	1,514 00		$9,800 00
	$8,098 00		
Unexpended balance	452 00		
Last year's appropriations	$8,550 00		

At the June Town Meeting last year, salaries were increased and two new officers authorized.

Fire Department, Engineers. $200. Same as last year.

Fire Department, Salaries. $11,042. This is $1,660 more than was expended for salaries last year, which were increased last June. It covers all salaries including chief, permanent men, call men and inspector of wires.

Fire Department Maintenance. $2,958.

	Expended 1920	Recommended 1921
Horse hire	$500 00	$250 00
New hose	500 00	800 00
Fuel, light, water, telephone	420 00	400 00
Printing and supplies	200 00	200 00
Miscellaneous, gas, oil, etc.	960 00	558 00
Repairs to buildings	1,880 00	500 00
Auto expense	1,250 00	250 00
	$5,710 00	$2,958 00

Total appropriations last year were $13,160. Total recommendation, $14,000. An increase of $840 over last year, due to salary increases already authorized by the town.

Fire Alarm. $1,050. This is $750 less than last year and due to the fact that last year the salary of the Superintendent of Fire Alarm was included in this department, while this year it is in the Fire Department

recommendation. The Committee recommends that an additional special appropriation be made of $400, $300 of which to be expended for a new generator and $100 for alterations and repairs to he wooden switch in the board basement of the Town Hall. (See Article 36.)

Board of Health. $3,000. An increase of $800 over last year due to increase of salary of agent and expenses in connection with contagious diseases. [Salary of agent $1,000, contagious diseases $800, health nurse $780, incidentals $420.]

Inspections. $1,000. Same as last year. [Buildings $300, plumbing, $170, wiring $175, cattle $150, Sealer of Weights and Measures $125, miscellaneous $80.]

Highways, General. $30,000. An increase of $5,500 over last year.

	Appropriated 1920	Recommended 1921
Cleaning	$4,000 00	$5,000 00
Fencing	350 00	500 00
Drainage	500 00	400 00
Signs	50 00	100 00
Repairs	4,000 00	4,000 00
Preservatives	6,500 00	10,000 00
Construction	5,100 00	6,000 00
Miscellaneous, general expense	4,000 00	4,000 00
	$24,500 00	$30,000 00

More preservatives required. They were not used in sufficient quantities last year. While the results shown by this department have been unsatisfactory, the Committee believes that a substantial improvement in the condition of our streets will be seen, if the recommendation is adopted and greater efficiency is shown in its expenditure. $700 of this is to pay part of the balance due for the new tractor, which cost $2,000.

Sidewalks. $4,000. An increase of $1,000 over last year.

Poor Department. $16,000. An increase of $4,500 over last year. This department expended $12,093 last year. The Committee is satisfied this sum will be needed.

Schools (and Physicians). $96,340. An increase of $16,040 over last year's appropriations. An increase of $13,000 over our last year's expenditures, due in part to authorized salary increases of teachers and janitors, to estimated (100) additional pupils, and to further salary increases recommended.

The teachers have asked for an increase of $300 each which would add $10,500 to the budget. The School Committee recommends $150 advance per teacher. The Finance Committee is opposed to an indiscriminate flat increase as some teachers are worth it and some are not.

It recommends that $2,500 be expended for increases in teachers' salaries provided this comment be taken into consideration.

The total asked for rent, heat, janitor, etc., of School Committee rooms is $500 which ought to be secured for $360. These items are reduced accordingly.

	Asks 1921		Recommended 1921	
Administration.				
Salaries, supt., janitor, clerk, attendance officer	$4,262 00	Janitor not included	$4,165 00	
Rent, committee room	250 00	Janitor, fuel, rent	360 00	
Fuel, printing, travel	400 00	Printing and travel only	255 00	
		$4,912 00		$4,780 00
Instruction.		75,150 00		72,400 00
Books and supplies		6,100 00		6,100 00
School plant.				
Janitors' wages	$5,850 00		$5,850 00	
Fuel	9,000 00		7,200 00	
Supplies and miscel.	750 00		700 00	
Water	400 00		400 00	
		16,000 00		14,150 00
Maintenance.				
Repairs	$3,500 00		$3,500 00	
New equipment	850 00		850 00	
Upkeep of grounds	150 00		150 00	
		4,450 00		4,450 00
Auxiliary.				
Library	$100 00			
Health	150 00		$150 00	
Physicians	750 00		750 00	
Transportation	2,800 00		2,800 00	
		3,800 00		3,700 00
Miscellaneous Expenses.				
Tuition	$100 00		$100 00	
Sundries	750 00		750 00	
		850 00		850 00
		$111,262 00		$106,430 00
Less income from Dwight Fund	$250 00			
Less income from Income Tax	9,880 00	10,090 00		10,090 00
	Net	$101,172 00	Net	$96,340 00

Parks. $700. Same as last year.

Library. $5,200. An increase of $225 over last year. [In addition to this the library receives incomes from Greenwood and Barr funds, and dog licenses if voted under Article 5 making total additional approximately $1,125. Last year $5,827 was expended.]

Reserve Fund. $1,500. Same as last year.

Tree Warden. $700. Same as last year.

Moth Suppression, Public Property. $4,500. An increase of $539 over last year. New hose is needed, chemicals cost more, and last year the work ceased November 1st, due to lack of appropriation.

Moth Suppression, Private Property. $4,500. This appropriation does not effect taxes. It simply provides funds to finance the work, the charges are placed on the tax bills of the persons on whose property the work is done.

Garbage Removal. $150. Same as last year.

Lighting Streets. $9,350. An increase of $250 over last year and due to the additional lights installed.

Soldiers' Relief. $1,200. An increase of $500 over last year. This and the next two items vary from year to year.

Military Aid. $500. Same as last year.

State Aid. $900. This is $300 less than last year.

Forest Warden. $145. Same as last year.

Snow Removal. $3,500. This is $3,500 less than last year. $1,000 of this is to pay one-half the cost of tractor charged to this department.

Insurance. $3,800. Annual premiums $1,516. New Avery Grammar School $2,100, an increase of $500 over last year.

Vocational Tuition. $400. An increase of $50 over last year. The State reimburses the town one-half.

Memorial Day. $300. An increase of $150 over last year. Last year $255 was expended.

G. A. R. Headquarters. $150. Same as last year.

Unclassified. $2,700. An increase of $950 over last year. [Printing and distributing town reports, expense of dog officer, certification of town notes, legal expenses, care of soldiers' lot.]

Interest on Temporary Loans. $10,000. Last year $12,860 was expended.

Interest on General Loans. $10,880.50. An increase of $3,662 over last year, due partly to six months' interest on New School Bonds.

Municipal Indebtedness. $21,900. An increase of $2,500 over last year.

Norfolk County Hospital. $4,765.20. This hospital has cost Needham in the time since it was authorized a total, including the above, of $25,017. So far four Needham cases have been sent there, the expense of these four being also charged to the town.

Memorial Park. $500. For the use of Memorial Park Trustees, to be used for work on the park.

ARTICLE 7

The Committee recommends the adoption of the substance of this article.

ARTICLE 8

The Committee recommends that the salaries of all town officers be the same as in 1920, except that the total salaries of the Assessors be $2,100.

ARTICLE 9

The Committee recommends that all poll and personal property taxes shall be payable on demand, and all other taxes on or before October 1st. Interest at the rate of 6% per annum shall be charged from October 15th on all taxes not paid on or before November 1st. The Collector shall use the means provided by law for the collection of all taxes remaining unpaid after December 1st, 1921.

(The above shall be printed on the tax bills.)

The Collector shall have the same power which the Treasurer would have when acting as Collector.

If, in the judgment of the Collector, in consequence of removal, or any other circumstance, any tax should be collected before the first of October, he is fully authorized to serve his warrant in collection of such tax at any time.

The Collector shall guarantee to collect the full amount of all taxes legally assessed and committed to him for collection (except such sums as may be abated by the Board of Assessors) and shall pay the said taxes together with the accrued interest thereon over to the town Treasurer from time to time as he collects the same, and shall pay the full amount of all taxes committed to him for collection, together with the accrued interest thereon, except such sums as may be abated, over to the town Treasurer on or before April 1st, 1922, and shall turn over his completed warrant, together with all papers relating to the same to the town Clerk not later than July 1st, 1922.

The Tax Collector shall receive two-thirds of one per cent of the tax warrant for collection of the taxes for the year 1921, payable monthly as and when same are collected; this compensation shall include all expenses except payment of bond.

ARTICLE 10

The Committee recommends that no action be taken under this article.

ARTICLE 11

The Committee recommends the adoption of the substance of this article.

ARTICLE 12

The Committee recommends that $1,200 be appropriated for the construction of Webster Street as relocated.

ARTICLE 13

The Committee recommends the adoption of the substance of this article.

ARTICLES 14 AND 15

The Committee recommends the adoption of the substance of these articles.

The Committee has been assured the drainage problem in connection with Otis Street has been solved thereby removing previous objections. The Committee recommends the appropriation of $2,300 as called for in Article 15.

ARTICLES 16 AND 17

The Committee recommends that no action be taken under these two articles.

ARTICLES 18, 19, AND 20

The Committee recommends that no action be taken under these three articles.

ARTICLES 21 AND 22

The Committee recommends the adoption of the substance of these articles and that $900 be appropriated therefor. The abutters have done the most of the building of Walnut Street. The street is a public necessity.

ARTICLE 23

The Committee recommends the adoption of the substance of this article, and that $1,500 be appropriated. It understands it is the intention of the County Commissioners to rebuild a portion of Central Avenue each year until all is completed, and to pay one-half the cost of the same.

ARTICLE 24

The Committee recommends that no action be taken looking to the building of a granolithic sidwalk on the west side of the street.

The Committee is informed that of all the abutters on this side of the street only one signed the petition and he under a mistaken impression.

The Committee and abutters believe the expense unwarranted at present.

ARTICLE 25

The Committee recommends the appropriation of $5,000 as called for, as there is nothing else to do. It understands that one-third of the cost (now amounting to $26,000 including the above) is to be paid to the town by the County Commissioners.

ARTICLE 26

Material now being excavated for the basement of the new school house is being used for a foundation for the proposed walk, but this is not sufficient. The Selectmen requested $3,500 to complete a gravel walk. There is some doubt as to what the cost will be, and the Committee recommends that an appropriation of $1,500 be made, same to be used to the best advantage as far as it will go.

ARTICLE 27

The Committee recommends the purchase of the "Kingsbury Ledge" and the fifteen acres referred to in the warrant, and that $1,000 be appropriated therefor. It understands that the ledge contains enough stone to meet the needs of the town for fifty years; and that has been costing $50 per year.

ARTICLES 28 AND 29

As these are not public streets the Committee makes no recommendation.

ARTICLE 30

That Mr. Johnston stated that his damages would be $1,400 if his land is taken, and that he prefers not to have it taken, but that if the town insists he feels he should be paid this sum. The Committee recommends the taking of this land and that Mr. Johnston be paid this sum and that $1,400 be appropriated therefor, PROVIDED, Mr. Richwagen will make a binding agreement with the town to build a continuation of the proposed street through his land to Rosemary street and bordering Memorial Park, and dedicate the same to the town not later than October 1st, 1922. Said street through the Richwagen land to be built according to specifications to be furnished by the Selectmen.

ARTICLES 31 AND 32

The Committee recommends the adoption of the substance of these articles.

ARTICLE 33

The Committee recommends that no action be taken under this article.

A statute permits and the town has appropriated, for years, money for tuition of vocational education for any pupil who desires the same. They attend vocational schools out of town.

ARTICLE 34

The Committee recommends that the town instruct the School Committee to re-establish the school at Charles River at the beginning of the

school year next fall, that $3,400 be appropriated therefor of which $860 is for maintaining the school with two teachers, till December 31, 1921, and $2,540 for repairs, same to be made during the coming summer.

ARTICLE 35

While the Committee believes it would increase the efficiency of the Fire Department to possess a motor driven ladder-truck, it does not recommend the requested $10,000 appropriation therefor.

It does recommend the appointment of a committee of three to consist of the Fire Chief, and one member each of the Board of Selectmen and Finance Committee, said committee to investigate the subject and report to the town not later than at the 1922 annual town meeting.

ARTICLE 36

The Committee recommends that no money be appropriated under this article. Under Article 6, Fire Alarm: it is recommended that $300 be appropriated for a new generator and $100 for alterations and repairs to the wooden switchboard. If the recommendations are carried out the present fire hazard in connection with said switchboard will be reduced to a minimum and that a new board, costing $1,500 will not be needed.

ARTICLE 37

The Committee recommends that no action be taken under this article.

ARTICLE 38

The Committee recommends that no money be appropriated under this Article.

ARTICLE 39

The Committee recommends that the sum of $360 be appropriated for the purpose of renting suitable quarters for the American Legion post headquarters in Needham. The statute legalizing this appropriation also provides that the quarters thus provided may be under the control of the post, subject, however, to such rules and regulations as may be fixed from time to time by vote of the town.

ARTICLE 40

The Committee recommends the adoption of the substance of this article, the same as in 1920, except that it does not recommend the printing of the Assessors' valuation list this year.

ARTICLE 41

The Committee recommends the adoption of the substance of this article, and that the sum of $100 be appropriated for the use of the special committee.

ARTICLE 42

The Committee recommends the adoption of the substance of this article.

ARTICLE 43

The Committee recommends that Section 30 of the General Acts of 1920, Chapter 591, be adopted by the town, and that the sum of $500 be appropriated for salary of purchasing agent for balance of 1921. Said act is as follows:

Section 30. Any town may, upon accepting the provisions of this section, establish a purchasing department therein, to consist of a purchasing agent and such assistants as the Selectmen may from time to time determine. The Selectmen shall appoint and may remove the agent and assistants. The purchasing agent shall purchase all supplies for the town and for every department thereof except in case of emergency. All purchases or contracts for purchases exceeding one hundred dollars in amount shall be based upon competition. A record shall be kept by the department of the prices paid for supplies, and shall be open to the inspection of any citizen.

At present each department purchases what it wants with no apparent regard for anything but its own needs. Coal to the amount of over $10,000 was bought last year by the school, water, highway, and library departments, gasoline by the highway, water, fire and police; janitors' supplies, by the school, Selectmen, water and library. The present method seems unbusinesslike, wasteful, and unnecessarily expensive.

J. F. Buckley, *Chairman*, A. P. Hartshorn,
Alfred Parker, J. M. McCracken,
A. G. Curren, W. A. Parks,
W. E. Lovering, H. W. Loker,
H. L. Thompson, *Secretary*.
